### **Burgundy**

Part of the Original group, this Mandevilla has a flower size of 2-3 inches, with flowering in the summer. Burgundy has upright growth habit and good branching. This variety is definitely a unique color in the Sun Parasol® Mandevilla line.

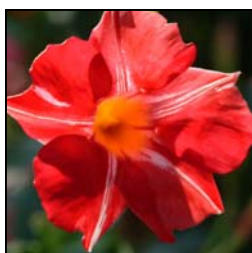

### **Carmine King**

Part of the Giant group, flowers are large with fringe petals, and the whole flower is colored deep carmine including its throat and floral tube. The flower is 4-5 inches. With moderate branching, this variety has an upright growth habit.

### **Lush Crimson**

Part of the Giant Group, this bright crimson variety has plush large petals and rounded glossy foliage. It has an upright growing habit and moderate branching and vigorous.

### **Stars & Stripes™**

This beautiful variety has red with white stripe flowers. With an upright growth habit, this variety has a compact habit and good branching.

### **White Original**

The variety is bushy with pure white flowers with a yellow throat. It has compact growth, medium-sized flowers and glossy foliage. This variety has good branching and an upright growth habit.

## **OFA Short Course Information**

Held from July 10th through the 13th, the OFA Short Course this year offered a lot to its attendees. They were offered 500 companies showcasing their business in the booths, as well as 150 speakers from all over the world.

They also showcased both new varieties and products, as well as offering hands-on workshops and tours.

Next year's show is scheduled to be July 9th through the 12th. Please visit [www.ofa.org](http://www.ofa.org) for more info.
