ANTHURIUM POT PLANTS

Anthurium

Large Pots Large Flowering

All large flowering, brightly coloured varieties within the 'large pot large flowering' segment are respected, appreciated and currently sold worldwide. The members of this collection are rich flowering and are long-lasting like all other Dümme Orange® Anthurium varieties. Available in a variety of colours such as Red, Pink, White, Orange, Black and Purple.

PRINCESS AMALIA, PRINCESS ALEXIA AND PRINCESS ARIANE are the three daughters of the Dutch King and Queen. Following on from our existing collections - **THE QUEEN, KING AND PRINCE** - the names of these princesses are an appropriate addition. As a Dutch company, we are highly honoured to have acquired the **trademark** for these names. The varieties that bear these names are carefully selected and just like the princesses, have their own character.

Anthurium

Small Pots Large Flowering

Within this collection we have selected varieties with a very compact body, small leaves and large bright flowers. These varieties have been developed to grow well in small pots. Remarkable characteristics are the exuberant amount of flowers with a relatively big size. These varieties can be best grown in pots with a diameter from 7 cm to 12 cm.

Anthurium

Mini Anthurium

Twenty years ago, people were familiar with Anthuriums as large cut flowers or large pot plants in a size 17cm pot. After decades of effort, we are proud to present a complete series of Anthurium in 6 cm pot. These varieties have a bushy structure with small leaves. Flower varies in size range from 1cm to 10cm. Available in colours red, pink, tri-colour, purple, white, black, and salmon.
