PGR RECOMMENDATIONS—SPRAY

• Daminozide: 1,500-2,500 ppm

DISEASES

• Botrytis
• Pythium
• Rhizoctonia

PESTS

• Aphids
• Mites
• Thrips

TIPS

• Mist moderately the first 3 to 5 days then only as needed to keep cuttings turgid.
• Water stress in propagation can cause delay in flowering and compromise the overall quality of the liner; maintain even moisture in propagation.
• Transplant on time to minimize stress; consider direct stick when possible.

PGR RECOMMENDATIONS—DRENCH

• Uniconizole: 0.005-0.02 ppm (3.5-14 mL/0.125-0.5 oz per 100 gallons)
• Paclobutrazol: 0.05-0.1 ppm (5-10 mL/0.16-0.32 oz per 100 gallons)

DISEASES

• Botrytis
• Pythium
• Rhizoctonia

PESTS

• Aphids
• Mites
• Thrips

TIPS

• SunStanding have a natural vigor of medium-compact to medium. Consult vigor listing in catalog and adjust PGR regimes accordingly in finish production.
• High light and moderate water regime are the best method for producing a high quality finished product.
• Cooler temperatures of 65° days and 55° nights when finishing can be used to tone SunStanding Impatiens.
• Temperatures below 55° will delay the finish time.

RETAIL

NG IMPATIENS SUNSTANDING
*Impatiens hawkeri*

**Description**
SunStanding Impatiens are a value for the grower and the consumer, offering sun and shade tolerance, ease of care and excellent flower power at retail and in the garden.

**KEY INFORMATION**
- **Exposure**: Sun, partial sun
- **Height**: 14-24 inches
- **Garden spacing**: 12-18 inches
- **Overwinter indoors?**: No

**VARIETY LIST**
- Cherry, Coral Aurora, Fire Red, Glowing
- Scarlet, Hot Pink, Lavender, Light
- Lavender Aurora, Light Pink Aurora,
- Neon, Purple, Rose Aurora, Salmon,
- Salmon Pink, Scarlet, White Cloud

**GARDEN ATTRIBUTES**
- Tolerant of most garden conditions and thrive in sun or shade.
- SunStanding can be combined with other annuals in containers and in landscape beds.
- Brighten up shade areas with light colors like White Cloud or Light Pink Aurora.
- Call attention to sunny spots with bold colors like Cherry or Scarlet.

**CONSUMER APPEAL**
- Loads of color from spring through summer, for sun and shade landscape beds.
- SunStanding are heat tolerant.
- Bright colored flowers are low-maintenance and are stunning over shiny green and burgundy foliage.
