## AGLAONEMAS

This plant is also known as “Chinese Evergreen,” but these varieties are anything but green. With our “Sunrise” series we offer 5 varieties that have brilliant and vibrant foliage, which will make wonderful additions to any household’s interior or patio.

Favonian

Wishes

Red Fountain

Siam Aurora

Red Peacock

## AGLAONEMAS ROOTS

Our Aglaonema liners are grown in Sphagnum moss instead of traditional soilless media for a more robust root system to give you a better quality start.

## HOMALOMENA

---

'Sunshine Gem'

A great plant for the patio or interior, with photoperiodic foliage that turns chartreuse during winter months and dark green during summer months. Pink highlights adorn the stems and grows with a compact habit.

## 'TROPIC MARIANNE'
