### Floriculture Days Recap

This year's Floriculture Days at Disney were a great success for us. The interest we had in the drought tolerant line was very good.

We had many people stop by our 'section' to inquire about what ornamentals we were showing, especially since we were the only green

plants among a sea of color!

Ozbreed showed off the varieties they feel are best suited for Florida. Varieties included Dianella 'King Alfred', 'Cassa Blue' and 'Katrius Deluxe'. Loman-dra 'Katie Belles', Callis-temon 'Slim' and Liriope 'Isabella' were also

showcased at the trial garden.

We would like to thank everyone that stopped by to see both us and the plants!!
