BMC welcomes Karen Kiebler on board!

We are very happy to announce a new addition to our sales force! Bill Moore & Co., Inc. would like to welcome Karen Kiebler to our team.

A long time Florida resident, Karen comes to us with a wealth of experience in the horticultural industry. She has been a florist, as well as liner, cut flower and potted plant grower. She's been a sales rep for Ball Hort., Yoder, Earl J. Smalls Nursery and Express Seed.

Karen services selected areas of Central to North Florida including the Panhandle. In addition she will be working with customers throughout the southeastern U.S.

Her hobbies include bike riding, gardening, shelling and beach days. Karen has 2 children, a daughter living in South Carolina and a son who is currently attending SCF.

Liliana Delgado Embarking on New Endeavor

To all my wonderful Bill Moore & Co. customers in Florida,

I would like to personally take this time to let you know that I am giving up my position as Bill Moore & Co sales representative for Northern and Central Florida as of September 1st.

I am following an inner calling to devote more

time to the service of others. In order to contribute to the community in an effective form, I will be pursuing a Master's degree in Social Work. I am thankful for having had the opportunity to work and get to know each of you. I will miss you all very much.

Even though I will miss my clients in Florida, I will continue to service

my original territories of Puerto Rico and the Dominican Republic. Having started with them in 1997, I have now come full circle.

I am happy to continue pursuing my passion for flowers and helping others.

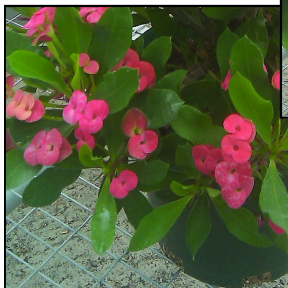

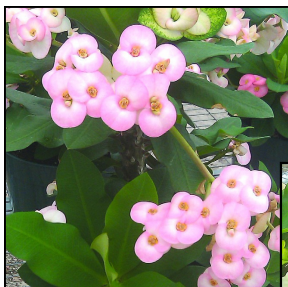

Sincerely,
Liliana Delgado

Featured Plants

Kordana® Roses

Kordana® Roses are the #1 pot rose in the world! This rose collection has an exciting range of colors, long lasting hybrid tea shaped flowers and healthy, dark green foliage. Kordanas should only be grown in a controlled environment because they are a floral product and should not be grown outdoors.

Available in 128cp, 72cp and 32cp

Euphorbia (Liners)

In the past we've only had the Crown of Thorns compact series and the giant Thai Hybrid varieties to offer in assorted colors.

This is a break though in breeding of different colors on a medium size plant, these Euphorbia will average 2 feet in height (except for the Minervia Red is 18").

Varieties: Volcanus, Minervia Red, Venus and Athena.

72 Tray / 4-6 trays per box

Karen Arrington celebrates 25 years with BMC!

We gladly accept the following from customers within the United States.

We are so lucky to have another employee celebrating their 25th anniversary with us. Karen Arrington started with us in 1987 as a salesperson and has done a tremendous job for our company.

Karen has worked the Florida market since she came on board. She now focuses on South Florida and has recently added the

Caribbean Islands.

Karen's go get 'em attitude and thirst for new and exciting plants has allowed us to expand on what we are able to offer our customers. She continues to pick up on the hottest plant trends and does the leg work to make sure it's a right fit for you.

Here's to another 25 years!
