**Featured Plants—Caladiums! Now's the time to place orders...**

**Caladium Lil' Star**

Caladium Lil' Star is a striking selection of *Caladium humboldtii* 'Marcel' and will change the way you view Caladiums forever.

Lil' Star has small, bright white, heart shaped leaves with contrasting green veins. This plant has been observed for many years and have determined that it does not have a dormancy requirement allowing year round production given adequate temperature and light.

Available in 98cp

**Florida Blizzard**

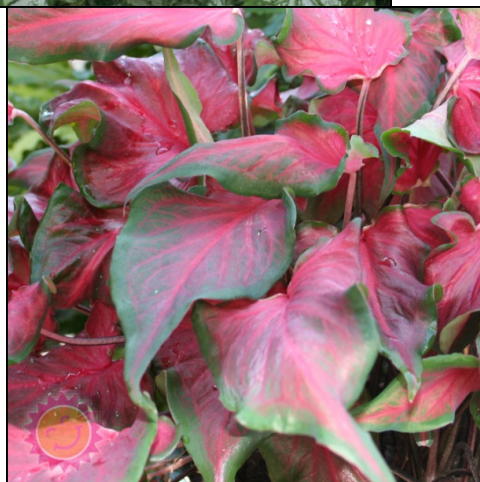

**Caladiums (Bulb)**

Here are 2 of the newest varieties from our supplier of Caladium bulbs.

**Florida Blizzard**– This caladium has white blotches with white veins and heavy green margin. It has a tall, upright with many leaves when de-eyed. Use for 4 and 6 inch pots and is good in shady landscapes.

**Rosalie**– This variety has deep red center with dark red veins and dark green margins. It is a short variety and is good for 4 and 6 inch pots and hanging baskets. Should be grown in very little shade pots and the landscape.
