PERENNIALS

and other flowering plants

Achillea (Yarrow)

DESERT EVE™ Series ○●

Early-flowering varieties bred for vigor, compact growth and large flower heads, up to 4" across.

72 Cell

Height 16–20"

Zones 4–9

Excellent performance, perfect in landscape or container.

'Deep Rose' Large flowers of deep rose pink. Fragrant ferny foliage.

Red Improved ('Desred') PP22333 Big brick-red bloom clusters.

'Terracotta' Unusual, earthy but refined brown/orange hue.

Yellow ('Desyel') PP22369 Lemon yellow combines nicely with other colors.

millefolium Little Moonshine ('ACBZ0002') PP28179 ○●

Similar bright yellow flowers and gray-green foliage in a smaller, more compact size.

72 Cell

Height 12–14"

Zones 4–8

From Must Have Perennials.®

m. New Vintage™ White ('Balvinwite') PP25711 ○●

Brilliant white flower heads in spring, with summer rebloom over medium-green lacy leaves.

72 Cell

Height 12–14"

Zones 4–9

Compact, uniform plant habit for excellent retail presentation.

'Moonshine' ○●

Bright, pale yellow flower heads over silvery foliage. A garden classic, introduced by renowned plantsman Alan Bloom.

72 Cell

Height 18–24"

Zones 4–8

Agapanthus (Lily of the Nile)

'Northern Star' PP20957 ○●

Gorgeous flower clusters rise on sturdy stems over straplike leaves. Blue petals with deeper blue stripe.

38 Cell

Height 2–2½'

Zones 6–9

RHS Award of Garden Merit winner.

Agastache (Mexican hyssop)

Drought- and heat-tolerant perennials with sweet, licorice-scented foliage. In summer, hundreds of long-lasting flower spikes draw butterflies and hummingbirds.

NEW! **Beelicious Purple** ('Agapd') PP30614 ○

Compact habit with large purple flowers that rebloom all summer to fall.

72 Cell

Height 16"

Zones 6–10

Outstanding heat and humidity tolerance.

×**'Black Adder'** ○

Bottlebrush spikes are covered in lilac blooms with dark-purple buds. This sterile hybrid starts blooming in July and doesn't quit until the first frost.

72 Cell

Height 2–3'

Zones 6–10

'Blue Fortune' ○

Blue/purple flower spikes bloom nonstop from summer well into fall. A Dutch-bred selection that draws butterflies in amazing numbers. Fragrant foliage.

72 Cell

Height 2–2½'

Zones 5–10

'Mango Tango' PP28747 ○

Rose/peach/orange flowers cover short, aromatic mid-green foliage.

72 Cell

Height 16–18"

Zones 5–9

'Rosie Posie' PP25857 ○

Lots of hot pink flowers for color midsummer to early fall.

72 Cell

Height 18–22"

Zones 5–9

rugosa 'Little Adder' PP26514 ○

Lots of lavender-blue blooms on very compact, well-branched, bushy mounds of fragrant green foliage.

72 Cell

Height 15–18"

Zones 6–10

Ajuga (Bugleweed)

reptans 'Black Scallop' PP15815 ○●●

Near-black, deep-purple leaves with scalloped edges create a dense, compact groundcover. Great moisture tolerance.

72 Cell Height 4–6" Zones 3–9

r. 'Bronze Beauty' ○●●

Bronze leaves and blue flowers form an attractive carpet, useful for edging and as a groundcover for shady areas.

72 Cell Height 5" Zones 3–9

r. 'Burgundy Glow' ○●●

Puckered foliage of green and wine red with white splashes. Blue flowers in late spring.

72 Cell Height 6–8" Zones 3–9

r. 'Catlin's Giant' ○●●

Large-leafed variety with purple-green foliage. Blue flowers.

72 Cell Height 10" Zones 3–9

r. 'Mahogany' ○●●

Lush, ultra-dark burgundy-leafed groundcover with stunning bright blue flowers.

72 Cell Height 4–6" Zones 3–9

×*tenorii* 'Chocolate Chip' (syn. 'Valfredda') ○●●

A true miniature. Glossy, chocolate-brown foliage tinged with burgundy. Spikes of blue flowers in spring. Petite and charming!

72 Cell Height 3–4" Zones 4–9

Alchemilla (Lady's mantle)

mollis 'Auslese' ○●●

Distinctly pleated foliage forms a soft mound with chartreuse-green flowers held aloft in early summer. Superb edging plant alongside moist areas and ponds.

72 Cell Height 18" Zones 4–7

Allium (Ornamental chives)

'Chivette' PP30151 ○

Light-purple ball-shaped flowers rise over slender, green arching foliage. From Intrinsic Perennial Farm.

50 Cell Height 12–15" Zones 4–9

Amsonia (Blue star)

hubrichtii ○●

A native with great foliage and a show of cool blue flowers May–June. Narrow foliage sways gracefully in any breeze. Gorgeous gold fall hue. **Perennial Plant of the Year 2011.**

72 Cell Height 2–3' Zones 4–9

×*Butterscotch*® ○●

Like *A. hubrichtii* in general appearance, but with improved form, reddish stems, superior rich "butterscotch" fall color, and great disease resistance. Steel-blue flowers June–July. Selected by John Wachter, Elite Growers.

72 Cell Height 2–3' Zones 4–9

Anemone (Wind flower)

FANTASY™ Series ○●

The uniform, compact, branching habit makes this series perfect for retail pot performance. Flowering begins midsummer and persists well into fall.

50 Cell Height 12–18" Zones 5–8

NEW! *hupehensis* 'Jasmine' PP31777

Bright pink single flowers on a tidy, compact habit.

h. 'Pocahontas' PP25352

Bubblegum pink double flowers pop! into bloom on short, compact clumps of rich green foliage.

h. Red Riding Hood ('APANFARRH') PP28799

Rich rosy-pink single flowers with golden stamens. Fluffy white seed heads maintain garden interest after petals drop.

×*hybrida* Frilly Knickers ('FP007') PP33416 ○●

Semi-double blooms with near-white ruffled petals washed with pale lilac. Blooms from mid-summer into early fall. **An award-winning selection from England.**

50 Cell Height 18–20" Zones 5–9

Aquilegia (Columbine)

caerulea KIRIGAMI™ Series ○●

This series is bred to flower uniformly across varieties, for easy cropping. Requires less vernalization than other columbines.

72 Cell Height 14–24" Zones 5–9

Available in **Deep Blue & White, Rose & Pink, and Mix**

Aquilegia c. 'Songbird Mix'

Aquilegia canadensis

Aquilegia xh. Earlybird™ Purple White

Aquilegia xh. Earlybird™ Red Yellow

Aquilegia xh. Earlybird™ Mixture

Aquilegia v. Winky Purple-White

Aquilegia v. Winky Rose-Rose

Aralia c. 'Sun King'

Artemisia GardenGhost™

Artemisia g. SunFern™ Arcadia

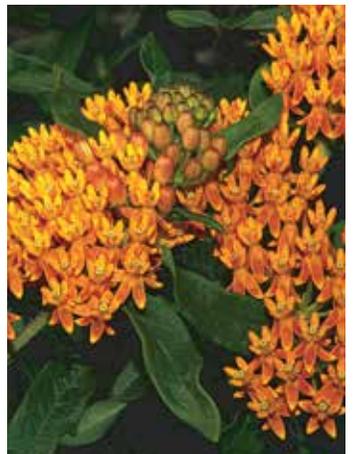

Artemisia g. SunFern™ Olympia

Artemisia 'Powis Castle'

Asclepias incarnata

Asclepias tuberosa

Aquilegia (continued)

×c. ORIGAMI™ Mix ○●

A mix of blue, pink, red, white and yellow. Bred for compact habit, great pot performance, long bloom time and large, upward-facing flowers. Requires less vernalization than other columbines.

72 Cell

Height 14–16"

Zones 3–8

c. SONGBIRD 'Songbird Mix' ○●

A sweet blend of big, early-flowering blue, pink, red, yellow, white and bicolor blooms.

72 Cell

Height 24"

Zones 3–8

canadensis ○●

A cute North American native. Charming red flowers with pale yellow corollas appear in early spring. Great for naturalizing and rock gardens.

72 Cell

Height 12–18"

Zones 3–8

×hybrida EARLYBIRD™ Series ○●

Bred for vibrant colors, neatly mounded habit, programmable flowering and unusual combinations. Requires less vernalization than other columbines.

72 Cell

Height 9–11"

Zones 3–9

Available in **Purple White**, **Red Yellow**, and **Mixture** with additional colors and bicolors.

vulgaris WINKY Series ○●

Compact in stature, with big upturned blooms.

72 Cell

Height 18–24"

Zones 3–8

Available in **Purple-White** and **Rose-Rose**

Aralia (Spikenard)

cordata 'Sun King' ●●

Vigorous shrubby clumps of heart-shaped compound leaves, butter-yellow in dappled sun, chartreuse/lime in shadier spots. White flower spikes in late summer, followed by ornamental purple berries. **Perennial Plant of the Year 2020.**

38 Cell

Height 3–6'

Zones 4–8

Armeria (Sea pinks)

maritima 'Splendens' ○

Deep-pink lollipop flowers bloom over tidy mounds of rich green foliage.

72 Cell

Height 6–8"

Zones 4–8

Artemisia (Wormwood)

GardenGhost™ ('G18123') PP33773 ○

New foliage emerges soft green, then turns silver-gray. Forms neat, rounded mounds with sturdy stems.

72 Cell

Height 12–14"

Zones 4–9

gmelinii SUNFERN™ Series ○●

A seldom-used species in this popular genus, SunFern™ is a herbaceous perennial that looks like an evergreen shrub. Great companions for flowering plants in mixed containers, or accents in the sunny border.

72 Cell

Height 14–18"

Zones 4–9

g. Arcadia ('Balfernarc') PP33774

Feathery/ferny foliage, medium green with a light silver cast. Upright habit.

g. Olympia ('Balfernlym') PP33775

Same feathery/ferny texture and upright form. Dark green leaves on red stems.

'Powis Castle' ○

Silvery, lacy foliage in soft, rounded mounds. Heat and humidity tolerant; a great selection for warm coastal regions.

72 Cell

Height 2–2½'

Zones 5–9

schmidtiana 'Silver Mound' ○

Finely cut silver foliage forms compact rounded mounds, soft and fluffy to the touch. A valuable rock gardenplant. Suitable for edging perennial borders, or as a groundcover.

72 Cell

Height 10"

Zones 3–8

stelleriana 'Silver Brocade' ○

Silver, near-white foliage looks beautiful in borders or spilling over edges of containers.

72 Cell

Height 6–12"

Zones 3–9

Asclepias (Milkweed)

incarnata (Swamp milkweed) ○

Clusters of rosy-pink flowers. Upright habit. An American native, a magnet for butterflies. Prefers moist soil, but can handle normal garden conditions.

72 Cell

Height 3–4'

Zones 3–9

tuberosa (Butterfly milkweed) ○

2017 Perennial Plant of the Year! Saffron-orange to orange-red flowers on 2' tall stems for many weeks in midsummer. Essential host plant for monarch butterflies.

72 Cell

Height 24"

Zones 3–9

Aster (New England aster)

novae-angliae 'Grape Crush' PP33612 ○

Deep purple flowers are densely packed on large, round mounds. A refined late summer/fall bloomer, very hardy and low-maintenance. Beloved by bees and butterflies.

72 Cell

Height 2–2½'

Zones 3–9

NEW! *n.-a.* 'Pink Crush' PP33628 ○

Lavender/pink flowers are densely packed on round mounds. Blooms later summer through fall.

72 Cell

Height 20–24"

Zones 3–9

n.-a. 'Purple Dome' ○

Vivid purple, daisy-like flowers bloom over perfectly mounded foliage from summer to fall. An eye-catcher in mass plantings and in containers.

72 Cell

Height 18–24"

Zones 3–9

Astilbe (False spirea)

With cool, elegant beauty alone or in combinations, Astilbe enhances the garden from spring to late fall. Tightly clustered buds open slowly to form feathery plumes, eye-catching at every stage. Left uncut, the clusters often dry in place and last well into fall.

×*arendsii* 'Bridal Veil' ('Brautschleier') ○●

Fragrant. Fluffy, pure white, cascading plumes. Early bloomer.

38 Cell

Height 2–3'

Zones 3–9

×*a.* 'Erika' ○●

Triangular plumes of clear pink flowers. Midsummer bloomer.

38 Cell

Height 24"

Zones 3–9

×*a.* 'Fanal' ○●

Garnet-red flowers bloom midsummer.

38 Cell

Height 24"

Zones 3–9

chinensis 'Pumila' ○●

Lilac plumes over deeply cut foliage. Late-summer bloomer.

38 Cell

Height 12"

Zones 3–9

c. 'Visions' ○●

Raspberry-pink flowers bloom over lacy, blue-green foliage in midsummer.

38 Cell

Height 15"

Zones 3–9

'Delft Lace' PP19839 ○●

Blue-green, waxy foliage with lacy silver overlay. Soft apricot-pink blooms rise high on candy-apple-red stems.

38 Cell

Height 2–3'

Zones 3–9

japonica 'Montgomery' ○●

Wine-red plumes appear in midsummer.

38 Cell

Height 20–24"

Zones 3–8

simplicifolia 'Sprite' ○●

Shell-pink flowers in late summer. **Perennial Plant of the Year 1994.**

38 Cell

Height 12"

Zones 3–9

Baptisia (Blue false indigo)

australis ○●

Dark spikes of indigo-blue flowers over blue-green foliage in late spring. Foliage is attractive all summer. Seed pods add interest. **PPA Plant of the Year 2010.** American native.

72 Cell

Height 3–4'

Zones 3–9

Begonia (Begonia)

rex-cultorum T-REX™ Series ●

Excellent for containers indoors or out, and in the shady border. Great habit, very vigorous, and surprisingly cold tolerant. (Not freezing!) From Terra Nova Nurseries.

r.-c. 'Dancing Peacock'

Palmate leaves are splashed with rose, purple, silver and olive green.

72 Cell

Height 24"

Zones 8–11

r.-c. 'First Blush' PP25974

Silver/lavender leaves with a blush of raspberry and deep, dark veins in center.

72 Cell

Height 16"

Zones 9–11

r.-c. 'Painter's Palette' PP25017

Darkly elegant foliage, red and green with a charcoal wash and silver/white edge accents. The name describes the leaf shape.

72 Cell

Height 16"

Zones 9–11

r.-c. 'Ruby Slippers' PP24992

Glossy, ruby-red leaves with bold black central accent stripes.

72 Cell

Height 16"

Zones 9–11

r.-c. 'Saint Nick' PP26811

Big leaves have red centers with dark accents, surrounded by emerald green margins with white polka dots.

72 Cell

Height 16"

Zones 9–11

r.-c. 'Stardust' ('TNBEGTRS') PP28647

Fresh-green, burgundy and violet leaves dotted with creamy white. Large, mounding habit.

72 Cell

Height 24"

Zones 9–11

Colocasia e. Royal Hawaiian® 'Black Coral'

Colocasia e. Royal Hawaiian® 'Maui Gold'

Belamcanda (Blackberry lily)

chinensis ○

Strong, flat clusters of blade-like foliage. Bright orange-spotted flowers give way to attractive “blackberry” seedheads. Flowers and seeds make good cut stems. Drought tolerant.

38 Cell

Height 24”

Zones 4–9

Brunnera (Bugloss, Forget-me-not)

macrophylla GARDEN CANDY™ Series ●

72 Cell

Height 6–12”

Zones 4–8

m. ‘Sea Heart’ PP24684

Thick, durable foliage, silver with intricate green lacy veins and green borders. Remains attractive till hard frost. Nifty two-tone pink/blue flowers in spring.

m. ‘Silver Heart’ PP24685

Solid silver leaves with thin green venation. Deep-blue flowers in spring.

Buddleia (Butterfly bush)

NEW! ‘Butterfly Gold’ PPAF ○

Yellow to white and green variegated foliage with light purple blooms. Fragrant and floriferous with a dense habit. From Must Have Perennials®.

50 Cell

Height 6’

Zones 6–9

CHRYSALIS™ Series ○

These butterfly magnets are bred and selected for abundant flowers on a compact habit. Mildew resistant.

Chrysalis™ Blue (‘Balchrylu’) PP33842

Tall spikes of violet-blue florets with orange eye zones.

50 Cell

Height 2–2½’

Zones 5–10

Chrysalis™ Cranberry (‘Balchyran’) PP33845

Elegant tapered flower spikes of rich, dark maroon red.

50 Cell

Height 2–2½’

Zones 5–10

davidii ‘Black Knight’ ○ Deepest blue-black flowers of the genus.

50 Cell

Height 5–7’

Zones 5–10

Campanula (Bellflower)

carpatica ‘Pearl Deep Blue’ ○●

Improved form with larger flowers. Low cushions of small green toothy leaves, covered in early summer with open, upward-facing bells.

72 Cell

Height 6–12”

Zones 3–8

c. ‘Pearl White’ ○●

Large, clean white bell-shaped flowers on low cushions of green toothy leaves.

72 Cell

Height 6–12”

Zones 3–8

Ceratostigma (Leadwort)

plumbaginoides ○●

Excellent groundcover! Cornflower-blue flowers bloom continually from late summer until frost. Red fall foliage.

72 Cell

Height 8”

Zones 6–9

Chelone (Turtlehead)

lyonii ‘Hot Lips’ ○●

Rosy, lipstick-pink flowers and deep-green glossy foliage are showstoppers in the late summer garden. A beautiful native species loved by butterflies.

72 Cell

Height 2–3’

Zones 3–9

I. **Tiny Tortuga™** (‘Armtipp02’) PP25350 ○●

Dutch-bred for compact habit, short stature and heavy bloom of hot pink flowers.

72 Cell

Height 18–24”

Zones 4–8

Colocasia (Elephant ears)

esculenta ROYAL HAWAIIAN® Collection ○

A unique group bred for fabulous foliage and colorful stems, disease resistance, and sturdy performance in garden or container.

38 Cell

Height 4’

Zones 7b–11

e. ‘Black Coral’ PP23896

Big, glossy black leaves with blue veins on sturdy dark stems. Tidy clump-forming habit, great for landscape or large container.

e. ‘Maui Gold’ PP24482

Massive chartreuse leaves on ivory-white stems. Tidy clump-forming habit, great for landscape or large container.

Coreopsis (Tickseed)

auriculata 'Nana' ○●

A compact, low-growing perennial with showy orange flowers. Strong spring bloomer that continues to flower through late summer.

72 Cell

Height 6–9"

Zones 4–9

Big Bang™ 'Mercury Rising' PP24689 ○●

Velvety wine-red flowers, to 2" wide, with frilly, glowing gold centers. Apple-green narrow foliage spreads attractively. Scored high in trials at Mt. Cuba Center.

72 Cell

Height 18"

Zones 5–9

grandiflora 'Baby Sun' ○●

Golden daisies rise up on 16" stems.

72 Cell

Height 16"

Zones 4–9

g. 'Early Sunrise' ○●

An AAS Award Winner! Bright golden-yellow double buttercup flowers on sturdy, tall stems in spring. Flowers first year.

72 Cell

Height 18–24"

Zones 4–9

g. 'Sunkiss' ○●

Brilliant yellow petals with a brushstroke of deep red at base. Heat tolerant and fast finishing.

72 Cell

Height 12–14"

Zones 4–9

×'Jethro Tull' PP18789 ○●

A flourish of fluted, golden-yellow petals. Large trumpets bloom from late spring through summer. An outstanding introduction from ItSaul Plants.

50 Cell

Height 12–18"

Zones 5–9

L'L BANG™ Series ○●

Cute, compact, mildew-resistant varieties are naturally dwarf and self-branching—perfect for smaller borders or containers.

72 Cell

Height 6–12"

Zones 4–9

'Daybreak' PP27138

Single bicolor flowers, red with sunny yellow/orange edge.

'Enchanted Eve' PP27857

Bicolor petals are dark yellow at tips with rich red-orange bases around golden centers. Compact mounds of neat, narrow leaves.

'Red Elf' PP27918

Rich velvety-red flowers with yellow centers.

×'Moonbeam' ○●

Creamy-yellow flowers contrast beautifully with black-green foliage. **Perennial Plant of the Year 1992.** Tough and reliable. A high scorer at Mt. Cuba trials.

72 Cell

Height 12–24"

Zones 4–9

PERMATHREAD™ 'Red Satin' PP25736 ○●

Satiny, wine-red flowers with cheerful gold centers.

72 Cell

Height 16–18"

Zones 5–9

rosea 'American Dream' ○●

A native with rosy-pink, daisy-like flowers from midsummer into fall.

72 Cell

Height 12–18"

Zones 4–9

Satin & Lace™ 'Ice Wine' PP31367 ○●

Highly mildew resistant, bushy and compact. Vibrant two-tone flowers feature clean, linen-white petals with pretty mulberry bases around dark, gold-flecked centers.

72 Cell

Height 16–22"

Zones 6–9

UPTICK™ Series ○●

A well-matched, award-winning collection with large flowers and neat, compact, mounding habit. Easy to finish.

72 Cell

Height 12–14"

Zones 5–9

Gold & Bronze ('Baluptgonz') PP28882 Striking bicolor with rusty-red centers and golden tips.

Yellow & Red ('Baluptowed') PP28865 Cheerful yellow daisies with rich-red eye zones.

verticillata 'Zagreb' ○●

Long-blooming, golden-yellow disks float above compact masses of finely filigreed foliage from midsummer to early fall. A garden classic.

72 Cell

Height 12–15"

Zones 4–9

Delosperma (Ice plant)

cooperi ○

Sea-glass green foliage supports hundreds of fluorescent purple flowers May to July. Salt- and drought-tolerant. An exceptional groundcover.

72 Cell

Height 3–6"

Zones 6–10

Fire Spinner® ○

Flaming orange petals surround smoking red/purple/yellow centers in spring. Glossy, apple-green foliage. From Plant Select®.

JEWEL OF DESERT Series ○

Long-blooming little gems in a nifty range of colors from Japanese breeding. Expect flowers from late spring straight through to fall.

72 Cell

Height 4–6"

Zones 5–10

'Jewel of Desert Garnet' PP23471

Rich red outer petals segue to magenta hubs around yellow stamens.

'Jewel of Desert Topaz' PP23492

Electric orange with white centers and pink transition zone.

Jewel of Desert Grenade ('DSAA13-1') PP27014

Hot orange-red blooms with lavender centers.

OCEAN SUNSET™ Series ○

This eye-catching series was bred for extra-large flowers and extra-vivid hot colors.

72 Cell

Height 4–6"

Zones 5–9

Orange Glow ('T18-7') PPAF

Unusual bicolor blooms, pumpkin orange with purple tips.

Violet ('T18-5') PPAF

Purple petals with pink bases form a blushing eye around white centers.

Orange Vibe ('T18-2') PPAF

Smoldering orange flowers with white centers.

WHEELS OF WONDER® Series ○

WOW! is a fitting acronym for this long-blooming, low-maintenance collection.

72 Cell

Height 6–8"

Zones 6–9

Rich green foliage is a perfect backdrop for big, shiny flowers. Larger flowers than Jewel of Desert.

Suitable for larger pots and even hanging baskets.

Fire Wonder ('WOWDAY2') PP25645

Smoldering orange/red petals surround flame-yellow eyes.

Golden Wonder ('WOWD20111') PP25684

Rich yellow petals with a small white eye around prominent yellow stamens.

Hot Pink Wonder ('WOWDRY1') PP26157

Brilliant shiny magenta daisies with yellow and white centers.

Dianthus (Pinks)

×barbatus Rockin'™ Red ○

Rich, vivid red flowers with fringed petal edges and paler eye zones. Blooms in spring with summer and fall rebloom.

72 Cell

Height 18–24"

Zones 5–8

BEAUTIES® Series ○

Kahori®

Spicy-scented, medium-pink flowers bloom almost constantly through summer on neat rounded mounds of grassy green foliage. Kahori means "fragrant" in Japanese.

72 Cell

Height 10–12"

Zones 5–8

Kahori® Pink

An abundance of scented, lilac pink, semi-double flowers. Lush green foliage forms dense, compact rounded mounds.

72 Cell

Height 10–12"

Zones 5–8

EVERBLOOM™ Series ○

Low, compact mounds covered with unusually large flowers from May to frost.

Plum Glory ('G18146') PP33902

Pale fringes surround pink petals with hot crimson centers.

72 Cell

Height 6–8"

Zones 4–8

Strawberry Tart ('G18144') PP33953

Vibrant, showy, two-toned pink flowers. Pale eye zone is surrounded with deeper ring.

72 Cell

Height 6–8"

Zones 4–8

Watermelon Ice ('G18139') PP33901

Cool, multi-toned pink flowers with contrasting white centers and fringed edges.

72 Cell

Height 6–8"

Zones 4–8

gratianopolitanus Firewitch ('Feuerhexe') (Border pinks) ○

Perfect mounds of grassy blue-gray foliage boast fragrant, magenta-pink flowers. Low-growing habit makes a great groundcover. **Perennial Plant of the Year 2006.**

72 Cell

Height 6–8"

Zones 3–8

VIVID™ Series ○

Long-blooming, brightly colored vivid flowers on strong stems light up the sunny border. These interspecific hybrids are great alone, massed, or in mixed containers.

72 Cell

Height (as shown)

Zones 5–9

Bright Light ('Uribest52') PP28239 Masses of dazzling pink flowers with toothy edges. **Height 8"**

Cherry Charm ('A12228-0') PP30871 Lots of radiant, rosy-red blooms with prominent pink stamens. **Height 4–6"**

Dianthus (continued)

DIANTHUS BY WHETMAN

The carnation family has charmed gardeners for generations. "Pinks" bring English cottage garden style to borders everywhere. And no one breeds them like Pinks by Whetman, specialists in Dianthus since 1936.

AMERICAN PIE® Series ○

A compact, mound-forming collection bred for superior performance in container or border. Big fragrant single blooms on sturdy stems make great cut flowers.

72 Cell

Height 10–12"

Zones 5–8

Bumbleberry Pie ('WP17 PIE54') PP30245

Rose pink blooms with vivid pink centers.

Georgia Peach Pie ('WP15PIE45') PP29900

Palest blush pink with vibrant coral centers.

Key Lime Pie ('Wp15 Pie41') PP29834

Swirly single flowers are pure white with a splash of apple green in the center.

EARLY BIRD™ Series ○

True to name, these varieties begin blooming as early as late February or early March. Great for window box, basket, or planter.

72 Cell

Height 6"

Zones 5–8

Fizzy ('WPO8 VER03') PP21394

Effervescent, pale lavender petals with serrated edges and deep-purple centers.

Frosty ('WP10 VEN06') PP23894

Pure white double flowers on sturdy stems. Wonderful fragrance!

Radiance ('WPO8 MAR05') PP21824

Brilliant crimson-red blooms on notably uniform plants.

Sherbet ('WPO8 NIK03') PP21418

Big double magenta flowers on strong stems that won't flop. Glaucous blue-green foliage.

SCENT FIRST® Patio Series ○

Selected by Whetman Pinks for fragrance and excellent garden performance.

72 Cell

Height 9–11"

Zones 5–8

Passion ('WP Passion') PP20440

Prolonged production of velvety red, fragrant flowers over mounds of glaucous foliage.

Romance ('WPO9 WEN04') PP21843

Salmon-pink double blooms. Low-growing, with slender stems rising from mats of silvery narrow leaves.

SCENT FIRST® 'Coral Reef' PP19660 (Pot Series) ○

Spicy-scented double flowers. Swirls of coral-pink petals are edged in seafoam white. Selected for compact form and great container performance.

72 Cell

Height 8–10"

Zones 5–8

Digitalis (Foxglove)

hybrida Arctic Fox Rose ('Balroxose') PP31900 ○●

Sturdy columns of dark rose-pink trumpets with paler, lightly speckled throats. Flowers from late spring deep into summer.

72 Cell

Height 18–24"

Zones 5–9

×mertonensis (Strawberry foxglove) ○●

Tall foxglove hybrid with large, coppery-pink spires of tubular flowers. Irresistible to hummingbirds. Plant along fences, the edge of woods, and in large containers.

72 Cell

Height 2–3'

Zones 4–9

purpurea DALMATIAN Series ○

Upright columns of beautiful trumpet flowers with heavily spotted throats. Uniform, well-branched and compact.

72 Cell

Height 16–20"

Zones 5–9
(Biennial)

p. 'Dalmatian Crème'

Creamy-white flowers with contrasting dark maroon spots.

p. 'Dalmatian Purple'

Deep lavender/purple blooms with maroon spots.

p. 'Dalmatian Peach'

Peachy pink/orange with subtle darker freckling inside.

p. 'Dalmatian Rose'

Rosy purple bells with dark crimson spots in paler throats.

p. 'Foxy' ○

Trumpets of red, white, and yellow on tall stiff stems. Great vertical accent and cut flower

72 Cell

Height 2½'

Zones 4–8
(Biennial)

Duranta (Dewberry)

erecta Cuban Gold™ ○

A tender, shrubby, upright plant with neat habit and bright golden foliage. Brightens up landscapes and containers.

72 Cell

Height 10–18"

Zones 10–11

Echinacea (Coneflower)

ARTISAN™ Collection ○

Heavy-flowering varieties with enhanced uniformity for consistent cropping.

72 Cell

Height 2–2½'

Zones 4–10

×**hybrida Red Ombre** ('PAS1257973') Single flowers open rich red, developing subtle antique shades over time.

×**h. Soft Orange** ('PAS1308374') Single flowers open deep orange, softening as they mature.

×**h. Yellow Ombre** ('PAS1303304') Intense golden-yellow blooms.

BUTTERFLY™ Series **COMPACT** ○

From AB-Cultivars. Compact and free-flowering.

'Orange Skipper'

Sturdy plants loaded with neon-orange single daisy flowers.

72 Cell

Height 15–18"

Zones 5–9

Postman ('Post 301') PP28524

Bright red petals mature to watermelon around deep maroon cones. Traditional coneflower shape.

72 Cell

Height 18–24"

Zones 5–9

'Purple Emperor' PP24459

Masses of bright magenta-purple blooms on compact plants.

72 Cell

Height 15–18"

Zones 5–9

Rainbow Marcella ('Rainb299') PP28573

Flowers open bright tangerine-orange, maturing to deep mauve for a multicolored rainbow effect.

72 Cell

Height 18–24"

Zones 5–9

Compact habit.

'Cheyenne Spirit' ○

A colorful seed mix of gold, scarlet, orange, rosy-red, cream, purple, and yellow shades. **Fleuroselect and AAS winner.**

72 Cell

Height 2–2½'

Zones 4–9

We grow limited quantities of 'Cheyenne Spirit' under short-day treatment.

Dark Shadows™ Wicked ('TNECHDSW') PP33714 ○

Glowing, watermelon-pink flowers on dark chocolate stems rise from mounds of attractive long green leaves.

72 Cell

Height 12–16"

Zones 4–9

Fresco™ 'Apricot' PPAF ○

Large, zinnia-like single flowers in apricot/pink hues. Taller, narrower habit makes it a good cut flower option.

72 Cell

Height 2–2½'

Zones 4–9

KISMET® Series ○

Bred for sturdy stems, upright habit and high crown count. Free-flowering, with big colorful flowers all summer. Available in the following colors:

Intense Orange ('Tnechkio') PP28769

White ('Tnechkw') PP30856

Raspberry ('Tnechkkr') PP28768

Yellow ('Tnechky') PP29922

Red ('Tnechkrd') PP29743

Prairie Stars™ 'Tomato Soup' PP19427 ○

Large tomato-red single blooms up to 6" across. Well-branched and vigorous.

72 Cell

Height 2–2½'

Zones 4–10

Pretty Parasols ('JS Engeltje') PP31675 ○

Reflexed petals, creamy white with a blush of magenta/pink at base, surround tapered golden cones. Sturdy stems. Long-flowering, from midsummer deep into autumn.

72 Cell

Height 2½–3'

Zones 4b–9

Prima™ Saffron ('TNECHPS') PP33778 ○

Bright, saffron-orange petals with red bases form a ring around red/gold cones.

72 Cell

Height 12–18"

Zones 4–9

purpurea ○

Large, pink/purple daisy-like flowers with swept-back, reddish-purple rays and orange cone centers. A North American native. Irresistible to butterflies!

72 Cell

Height 3–4'

Zones 3–9

p. 'Green Twister' ○

Flower petals are carmine-red at the center changing to lemon-green tips. A generous bloomer.

p. 'Magnus' ○

This coneflower's improved pink/purple color, horizontal form, and easy care made it 1998's Perennial Plant of the Year.

72 Cell Height 3–4' Zones 3–9

p. 'Magnus Superior' ○

Selected for strong, dark stems, big pink flowers, and uniform habit.

72 Cell Height 3' Zones 3–9

p. 'Mellow Yellows' ○

Big cheerful flowers range from palest yellow to richest deep gold, all with bright orange spiky centers.

72 Cell Height 2–2½' Zones 4–9

p. POWWOW® Series COMPACT ○

Highly floriferous. Both are All-America Selections winners!

72 Cell Height 24" Zones 3–9

White Clean white single flowers. **Wild Berry** Bright rose-purple flowers that hold their color well.

p. Prairie Splendor™ COMPACT ○

An excellent compact, early-blooming purple coneflower.

72 Cell Height 18–22" Zones 3–9

p. Ruby Star ('Rubinstern') ○

A superior, large-flowered variety, with carmine-red petals that remain horizontal, not reflexed like the species, for a more colorful show.

72 Cell Height 3–4' Zones 3–9

p. 'White Swan' ○

Creamy-white flowers with golden cones. Compact habit.

72 Cell Height 2–3' Zones 3–9

SOMBRERO® Series COMPACT ○

A well-matched collection for uniform cropping and excellent retail appearance. All varieties are compact, sturdy and highly floriferous.

72 Cell Height 18–20" Zones 5–9

Adobe Orange ('Balsomador') PP26639
Bright red-orange petals, flat to lightly reflexed around red/gold spiky centers.

Baja Burgundy ('Balsombabur') PP28162
Wine-red flowers with rich brown centers.

Lemon Yellow Improved ('Balsomemy') PP24768
Brilliant lemon-yellow petals surround rich golden cones.

Poco™ Hot Coral ('Balsomocor') PP23097
Red-orange petals mature to softer salmon tones.

Salsa Red ('Balsomsed') PP23105
Bright red petals around dark red cones.

Sangrita ('Balsomanita') PP30138
Vibrant red petals and burgundy stems.

Summer Solstice ('Balsomsolst') PP31818
Bright yellow flowers with a white eye around golden centers.

SUNSEEKERS Series ○

Reliable, heat-tolerant and easy to grow. Highly floriferous with a dense, vigorous habit

72 Cell Height 18–24" Zones 3–9

NEW! Mineola PPAF
Semi-double bright tangerine flowers with fringed tips.

Rainbow® ('IFECSSRA') PP33171
Multicolored flowers open yellow, then segue through coral, lavender and pink, displaying a rainbow of colors.

Salmon® ('IFECSSAL') PP32486
Double rows of petals in salmon pink with yellow accents.

NEW! Sweet Fuchsia PPAF
Large, semi-double vibrant fuchsia flowers.

Tequila Sunrise® PPAF
Bright bicolor blooms, yellow petals painted red at base to form a ring around orange-brown cones.

Supreme™ 'Cantaloupe' PP24897 ○

Fluffy double flowers the color of ripe cantaloupe. Selected for high crown count and vigor by Terra Nova Nurseries.

72 Cell Height 2–2½' Zones 4–10

Sweet Sandia ('TNECHSS") PP33560 ○

Green on the outside, pink in the middle — like a slice of watermelon! Compact, heavy-flowering and uniform.

Eupatorium (Joe Pye weed)

purpureum 'Baby Joe' PP20320 ○●

Masses of large, lavender-rose flowers bloom over bright green foliage.
A sturdy compact form.

72 Cell

Height 2–3'

Zones 3–7

Euphorbia (Spurge)

×*martinii* 'Ascot Rainbow' PP21401 ○

Dazzling variegated foliage, blue-green with creamy-yellow edges, deepens in cool weather with intense red tones. Compact, vase-shaped habit. Lime green flowers.

72 Cell

Height 20"

Zones 6(5)–9

Farfugium (Giant Leopard Plant)

NEW! *japonicum* var. *giganteum* ●●

Outstanding clump-forming shade plant with large round, glossy green leaves up to 18".
Yellow blooms above the foliage in late summer to fall.

72 Cell

Height 3–4'

Zones 7–10

Ferns

Athyrium niponicum 'Metallicum' (Japanese painted fern) ●●

Gray-green foliage with burgundy ribs and silver highlights on reddish stems.

50 Cell

Height 12–18"

Zones 3–9

n. 'Red Beauty' ●●

Gray-green foliage with rich red stems and veins.

50 Cell

Height 8–20"

Zones 4–9

Cyrtomium fortunei (Fortune's cold hardy holly fern) ●●

A fast-growing fern tolerant of cold weather. Upright habit with glossy, dark green leaves.

50 Cell

Height 1–2½'

Zones 5–10

Dryopteris erythrosora (Autumn fern) ●●

New fronds emerge coppery-bronze and mature to green.

50 Cell

Height 18–24"

Zones 5–9

D. wallichiana Jurassic Gold ('Hollasic') PP32735 ●●

New spring growth emerges orange/gold, maturing to bright golden yellow and green.
Brightens up shady plantings.

50 Cell

Height 24"

Zones 5–9

Matteuccia struthiopteris (Ostrich fern) ●●

Large, bright green fronds form a tall vase shape.

50 Cell

Height 3–6'

Zones 3–8

Polystichum polyblepharum (Korean tassel fern) ●●

A tidy clump of arching dark green fronds with a fringed, glossy appearance.

50 Cell

Height 18"

Zones 5–9

Fragaria (Ornamental strawberry)

'Lipstick' ○

Deep rose-red blooms with yellow centers on trailing strawberry foliage. Great for borders, containers, and hanging baskets. For ornamental, not culinary use.

50 Cell

Height 6"

Zones 5–9

Gaillardia (Blanket flower)

aristata SPINTOP™ Series ○

All varieties feature large, flat, richly hued flowers with toothy-tipped petals from spring to fall.
Good basal branching makes them tight and compact for excellent container presentation.

72 Cell

Height 12"

Zones 3–10

a. Mariachi Copper Sun PP32215

Coppery red fluted petals with golden-throated flared tips.

NEW! **a. Mariachi Red Sky** PPAF

Multiple rows of bright red curled petals with yellow tips.

a. Orange Halo PP29205

Intense orange petals with yellow tips forming a halo around the flower.

a. Red PPAF

Fluffy flowers of solid medium red with prominent gold stamens.

NEW! **a. Red Starburst** PPAF

Large semi-double yellow flowers with red centers.

a. Yellow Touch PP29206

Petals are rich red "touched" with yellow tips.

Gaillardia (continued)

×*grandiflora* ARIZONA Series ○

Large flowers (3–3½") bloom from summer to fall on uniform mounds of bright green foliage. First-year flowering with no vernalization required.

72 Cell

Height 12"

Zones 3–10

×*g.* 'Arizona Apricot'

Bright yellow petal edges darken smoothly to rich apricot centers.

×*g.* 'Arizona Red Shades'

Dark crimson flowers age to lighter hues for multicolored effect. Some petals have gold tips.

×*g.* 'Arizona Sun'

Lots of red-orange, 3" flowers edged in golden yellow. Drought tolerant, compact, and long flowering. **An AAS Award Winner.**

×*g.* 'Goblin' (Kobold) ○

A classic dwarf form with carmine-red petals and yellow rims.

72 Cell

Height 10–12"

Zones 3–10

×*g.* MESA Series ○

Intense color all season. Drought tolerant and very floriferous.

72 Cell

Height 14–16"

Zones 5–10

×*g.* 'Mesa Bright Bicolor'

Bright yellow petals with red center ring.

×*g.* 'Mesa Peach'

Yellow petals with peachy pink glow in the center.

×*g.* 'Mesa Red'

Rich red petals won't fade. Blooms early and often.

×*g.* 'Mesa Yellow'

Bright, clear yellow flowers from late spring until fall. **An AAS Award Winner!**

Galium (Sweet woodruff)

odoratum ●●

A low-growing groundcover of rich green, lance-shaped foliage with small white flowers in spring.

72 Cell

Height 6–10"

Zones 4–8

Gaura (Wand flower)

Dainty blooms float on wand-like spikes from early summer to frost. Long bloom season and drought tolerance make this North American native a terrific plant for the landscape.

lindheimeri Belleza™ Dark Pink ('Kleau04263') PPAF ○

Well branched with short flowering stems and an upright habit.

72 Cell

Height 12–18"

Zones 6–10

I. 'Crimson Butterflies' ○

Short, red stems hoist hot pink flowers over dark-crimson leaves.

72 Cell

Height 18–24"

Zones 5–10

I. 'Graceful Magic' PPAF ○

A compact variety with dark pink flowers. Multicolored variegated foliage forms symmetrical mounds.

72 Cell

Height 6–10"

Zones 5–10

I. Rosy Jane ('Harrosy') PP22290 ○

White flowers with beautiful pink picotee edges on neat stands of willowy stems. Introduced by award-winning Hardy's Cottage Garden Plants, UK.

72 Cell

Height 2–2½'

Zones 5–10

I. 'Siskiyou Pink' ○

Brilliant rosy-pink flowers with white stamens. An introduction from Siskiyou Nursery.

72 Cell

Height 2–2½'

Zones 5–10

I. 'Sparkle White' ○

Dainty white flowers with faint pink blush for airy elegance and movement in the border. **AAS and Fleuroselect awards winner.**

72 Cell

Height 18–24"

Zones 6–9

I. 'Whirling Butterflies' ○

Bright white flowers flutter on slender red stems, floating like butterflies above willow-like foliage.

72 Cell

Height 2–3'

Zones 5–10

Geranium (Hardy geranium)

maculatum 'Huggy Bear' PPAF ○●

Pink/violet flowers in Spring. Large, chocolate-red foliage is more disease resistant and sun tolerant than others in this adaptable native species.

50 Cell

Height 12–18"

Zones 3–8

'Rozanne' (GERWAT) ○●

Violet-blue flowers from spring to fall. Vigorous clumps of green dentate leaves with pale marbling turn red in fall. Declared **Perennial Plant of the Year 2008** by PPA, **Plant of the Centenary** by RHS, and **winner of an RHS Award of Garden Merit**. Bred in Somerset, England. From Must Have Perennials®.

×hybridus Walberton's® Ivory Prince ('Walhelivor') PP16199 ●

Ivory-white blooms open from burgundy buds, taking on a rosy blush as they mature. Flowers face outward for a great show. Dark green, silver-veined foliage stays compact. A classic from famed breeder David Tristram.

50 Cell Height 12–18" Zones 4–9

×nigercors Winter Magic™ 'Candy Love' PP19413 ●

A profusion of outward-facing, pastel yellow and pink blooms. Very floriferous and vigorous, forming large clumps in the garden. Leathery leaves with a lovely gray patina.

50 Cell Height 12–15" Zones 3–9

Hemerocallis (Daylily)

'Happy Returns' ○●

Lemon-yellow flowers bloom from May until hard frost. A fragrant, repeat-blooming diploid from breeder Dr. Darrel Apps. Semi-evergreen.

38 Cell Height 18" Zones 3–9

'Stella de Oro' ○●

Canary-yellow blooms characterize this popular daylily. A 1985 Stout Medal winner. Blooms early and is a prolific repeat bloomer. Fragrant flowers. Diploid. Dormant type.

38 Cell Height 15–18" Zones 3–9

Heuchera (Coral bells)

CARNIVAL Series ○●

An award-winning hybrid series with *H. villosa* bloodlines. Uniform mounding habit makes great retail gallons. Attractively veined leaves. Good heat tolerance.

72 Cell Height 10–12" Zones 4–9

'Carnival Black Olive' PPAF Shiny purple-black lobed leaves.

'Carnival Peach Parfait' PP24928 Silver with copper veins and burgundy backs.

'Carnival Plum Crazy' PP24771 Shiny silver with slate veins and red backs.

'Carnival Rose Granita' PPAF Silver with rosy overtones and maroon backs.

'Carnival Watermelon' PP24803 A medley of hues, green to rose to cantaloupe.

micrantha 'Palace Purple' ○●

Tidy mounds of purple-bronze foliage, perfect in border or container. Small white flowers. Perennial Plant of the Year 1991.

72 Cell Height 18–24" Zones 4–9

×*villosa* 'Caramel' PP16560 ○●

Creamy butterscotch leaves have striking purple undersides. A native species with more heat and humidity tolerance.

72 Cell Height 12" Zones 4–9

×*v.* 'Citronelle' PP17934 ○●

Bright yellow foliage forms neat mounds. Turns rich bronze in fall/winter. Top-rated variety in trials at Mt. Cuba Center, DE.

72 Cell Height 12" Zones 4–9

HEUCHERA BY TERRA NOVA

After decades of breeding and selection, Heuchera is Terra Nova Nurseries' signature genus.

'Autumn Leaves' PP22103 ○●

Red spring leaves mature to taupe in summer, then turn ruby red for fall. Pink/white flowers May–July.

72 Cell Height 8–18" Zones 4–9

'Berry Smoothie' PP21871 ○●

Rose-pink foliage with a metallic sheen is an eye-catching standout in pot or garden.

72 Cell Height 9–14" Zones 4–9

'Black Forest Cake' PP33532 ○●

Smooth, dark chocolate leaves topped with cherry red flowers.

12" in flower

72 Cell Height 6–12" Zones 4–9

'Black Taffeta' PP26162 ○●

Large ruffled, silky black leaves with pink flowers in early summer. A vigorous grower.

72 Cell Height 12–21" Zones 4–9

'Cajun Fire' PP24150 ○●

A garden chameleon, emerging red in spring, changing to black in summer and maroon in fall. White flowers on short dark stems over rounded mounds. Exceptionally heat and humidity tolerant.

72 Cell Height 10–18" Zones 4–9

Heuchera (continued)

'Delta Dawn' PP23545 ●● Another shade-shifter! In spring, the large round leaves are red with bright lime-green edges. In summer, they're lime-gold with intricate red veins. Extremely showy. Exceptionally heat and humidity tolerant.	72 Cell	Height 8"	Zones 4-9
'Fire Alarm' PP24525 ●● Leathery bright red leaves. A vigorous grower. Exceptionally heat and humidity tolerant.	72 Cell	Height 9-13"	Zones 4-9
Forever® Purple ('TNHEUFP') PP26358 ●● Glossy leaves of purple with curly edges. A vigorous form with short spikes of purple-pink flowers.	72 Cell	Height 12-22"	Zones 4-9
Forever® Red ('Tnheufr') PP29644 ●● Rich red foliage with softly ruffled edges. Vigorous grower. White flowers in summer.	72 Cell	Height 7-14"	Zones 4-9
'Georgia Peach' PP19375 ●● New leaves emerge peachy pink with silver overlay, then deepen to frosted rose-purple through summer. White flowers. Exceptionally heat and humidity tolerant.	72 Cell	Height 14-24"	Zones 4-9
'Lime Marmalade' PP21861 ●● Vigorous mounds of frilly, bright-green leaves.	72 Cell	Height 10-16"	Zones 4-9
'Lime Rickey' PP16210 ●● Refreshing lime green/chartreuse ruffled foliage is distinctively decorative in border or container. A vigorous grower with lots of small white flowers in spring.	72 Cell	Height 8-17"	Zones 4-9
'Marmalade' PP15945 ●● Dark, shiny undulating foliage. Top of leaf ranges seasonally from umber to deep sienna. Hot pink undersides make an eye-catching bicolor contrast.	72 Cell	Height 10-16"	Zones 4-9
'Midnight Rose' PP18551 ●● Shiny black leaves generously splashed with pink. International award winner.	72 Cell	Height 10-24"	Zones 4-9

Hibiscus (Rose mallow)

moscheutos LUNA Series *Grown in Preforma® by Jiffy®* ○●

These hardy *Hibiscus* are bred for dense branching, neat, dwarf rounded habit, and a lavish flourish of big, showy flowers, 6–8" across. They thrive in heat, even in muggy southern summers.

72 Cell

Height 2–3'

Zones 5–9

m. 'Luna Pink Swirl' White and pink candy-striped flowers with red centers.

m. 'Luna Red' Rich, solid, burgundy-red flowers.

m. 'Luna Rose' Clear, solid, rosy-pink flowers.

m. 'Luna White' Clean white flowers with red centers.

Hosta (Plantain lily)

One of the top-selling perennial genera in North America. Our selection represents a broad spectrum of sizes, forms, and foliage colors.

38 Cell

Height (as shown)

Zones 3–9

'Earth Angel' (Hansen 2002) ○●

Variiegated sport of 'Blue Angel' makes a bold statement. Big blue-green leaves with wide, creamy white/yellow edges. White hyacinth-like blooms.

"Hosta of the Year" 2009. 48"w x 36"h

'First Frost' ○●

Icy blue leaves with creamy-yellow margins, brightening to frosty white in summer. Lavender flowers. A sport of 'Halcyon'. 36"w x 18"h

'Fragrant Bouquet' (P. Aden) ○●

Chartreuse leaves with wide, creamy margins sport highly fragrant flowers. More sun tolerant than other hosta varieties. 22"w x 18"h

'Francee' (Klopping AHS 1986) ○●

Forest-green, heart-shaped leaves with a white edge. Lavender flowers. A classic hosta! 36"w x 15"h

'Patriot' (Machen 1992) ○●

Dark-green leaves with a wide, white edge. Lavender flowers. 1997 **Hosta of the Year** winner. A top-shelf variety! 36"w x 22"h

'Rainforest Sunrise' ○●

Small, cupped and corrugated leaves with radiant golden centers narrowly framed in deep green. **Hosta of the Year 2013**. 16"w x 10"h

'Royal Standard' ○●

Glossy bright green leaves, deeply corrugated, with wavy edges. Forms large mounds. Creamy white blooms rise to 40". Very popular. 48–60"w x 26"h

sieboldiana 'Elegans' (AHS 1987) ○●

Big, bold, dusty-blue hosta with extraordinary presence. Heavily textured, cupped leaves of glaucous blue-green. Pristine white flowers are very showy. 48"w x 24"h

'So Sweet' (P. Aden 1986) ○●

Crisp green, heart-shaped leaves. Gold margins age to white. Fragrant lavender flowers. Very heat tolerant, great in the South. Vigorous, suitable for massing.

Hosta of the Year 1996. 22"w x 14"h

'Stained Glass' (H. Hansen 1999) ○●

Hosta of the Year in 2006. Shiny, deeply veined, bright gold leaves edged in dark green. Fragrant pale-lavender flowers. Sun tolerant and a vigorous grower. 36"w x 15"h

'Sum and Substance' (P. Aden 1979) ○●

A large, impressive hosta with deeply veined, large, glossy chartreuse leaves. Lavender flowers. A very sun-tolerant cultivar. 60"w x 36"h

'Wide Brim' (P. Aden 1979) ○●

Heart-shaped leaves with blue-green centers and wide, irregular cream-colored borders. Light-lavender to white flowers.

RHS Award of Garden Merit 1993. 36"w x 24"h

Hypericum (St. John's wort)

calycinum ○●●

This semi-evergreen groundcover boasts bright-yellow flowers throughout the summer. Great choice for use under trees where many plants cannot survive.

72 Cell

Height 12–18"

Zones 5–9

Iberis (Candytuft)

amara 'Summer Snowdrift' PP30713 ○●

Heavy production of pristine white flowers spring to late summer. Selected for heat tolerance, long bloom time, and rich green foliage.

72 Cell

Height 10–12"

Zones 6b–9

Iberis (continued)

sempervirens 'Purity' ○●●

Pure white flower clusters adorn shiny dark-green leaves. Extremely showy in spring, with sporadic reblooms in summer and fall.

72 Cell

Height 8–10"

Zones 3–9

Snowcone™ ○●●

Early-blooming, compact, and floriferous. Naturally well-branched and uniform.

72 Cell

Height 4"

Zones 3–8

Kniphofia (Red hot poker)

NEW! *uvaria* Glowstick PPAF ○

Bright yellow flowers spring to fall above grass-like finely textured foliage. Profuse bloomer! Attracts butterflies and hummingbirds.

72 Cell

Height 2–2½'

Zones 6–9

u. 'Flamenco' Mix ○

Eye-catching spires of red, orange, and yellow erupt from dense clumps of grass-like foliage in spring and summer. An All-America Selections Award Winner.

72 Cell

Height 2–2½'

Zones 5–9

Lamium (Yellow archangel)

galeobdolon 'Herman's Pride' ●●

A superb selection for deep shade, this groundcover slowly spreads to form dense clumps. Strong silver highlights brighten any shaded area. Deer resistant.

72 Cell

Height 12"

Zones 4–8

Lamium (Dead nettle)

maculatum 'Beacon Silver' ○●●

Semi-evergreen groundcover. Silver leaves edged in deep green. Mauve flowers in summer.

72 Cell

Height 6–8"

Zones 3–8

m. 'Purple Dragon' ○●●

Large, deep-purple flowers bloom all summer over stunning silver foliage.

72 Cell

Height 4–8"

Zones 3–8

m. 'White Nancy' ○●●

In summer, white flowers bloom over dense, silver foliage.

72 Cell

Height 4–8"

Zones 3–8

Lavandula (Lavender)

Our starters are grown for ornamental, not culinary, use.

ENGLISH LAVENDERS

angustifolia Big Time Blue ('Armtipp01') PP24827 ○

Big, thick spikes of purple/blue flowers bloom early over vigorous mounds of gray-green foliage.

72 Cell

Height 18–24"

Zones 5–9

a. 'Blue Spear' ○

Bred for maximum show, with bigger, taller upright flower spikes than other seed-grown forms. Very uniform for easy cropping.

72 Cell

Height 11–13"

Zones 6–8

a. 'Ellagance Purple' ○

An elegant flourish of purple-blue flower spikes over fragrant gray-green foliage.

72 Cell

Height 12–18"

Zones 5–9

a. 'Hidcote' ○

Evergreen perennial with subtle gray-green leaves and a sweet fragrance. Purple stalks rise above foliage in midsummer.

72 Cell

Height 12–24"

Zones 5–9

a. 'Lavance Deep Purple' ○

Intense purple flower spikes rise from uniform, compact clumps of basal-branching rich green foliage.

72 Cell

Height 10–18"

Zones 5–9

a. 'Munstead' ○

Fragrant deep heliotrope blue flower spikes on low-growing shrubby fragrant foliage. A garden classic since 1916.

72 Cell

Height 12–18"

Zones 5–9

a. Platinum Blonde™ ('Momparler') PP23834 ○

Broad fragrant leaves, gray-green with gold edging. A compact grower with blue flowers.

72 Cell

Height 16–24"

Zones 5–9

×*intermedia* Phenomenal® (a.k.a. 'Niko', a.k.a. Pure Platinum) PP24193 ○

Long lavender-purple spikes on vigorous, healthy, uniform mounds of silver foliage. Bred for heat and humidity tolerance. Introduced by Peace Tree Farm.

72 Cell

Height 2–2½'

Zones 5–8

×*i.* 'Provence' (Lavandin) ○

Grown commercially in France for oil and flowers, this hybrid has highly fragrant, light purple blooms. More heat and humidity tolerant than *L. angustifolia* varieties.

SPANISH LAVENDERS

stoechas 'Otto Quast' ○

A stalwart Spanish lavender with bicolor flowers, lavender and deep purple. Bushy, rounded habit. Hardy in warm climates and a striking annual in cooler areas.

72 Cell

Height 2–2½'

Zones 7–9

s. Primavera ('Anouk Deluxe 1225') PP33269 ○

Small purple blooms topped with burgundy flags keep flowering even in Southern heat when others flag.

72 Cell

Height 16–18"

Zones 7–9

s. 'Silver Anouk' PP20068 ○

Dark purple flowers topped with paler "wings." Upright shrubby masses of slender, silver-blue foliage.

72 Cell

Height 20–24"

Zones 7–9

Leptinella (Brass buttons)

squalida 'Platt's Black' ○●

Unusual groundcover. Ferny-feathery, ground-hugging foliage, dark and striking. Tiny yellow flowers. A New Zealand native.

72 Cell

Height 1–2"

Zones 4–10

Leucanthemum (Shasta daisy)

×**superbum 'Alaska'** ○

Flower heads 3" in diameter appear in early summer and again in August and September. Sturdy variety that needs no staking.

72 Cell

Height 2–3'

Zones 5–9

×**s. 'Mount Hood'** PP33500 ○

Big, double flowers on a perfect mounding habit.

72 Cell

Height 16–20"

Zones 4–10

×**s. 'Snow Lady'** ○

Dwarf Shasta daisy. Excellent as a short cut flower, in containers, or in the landscape. Blooms early to late summer. **An AAS Award Winner.**

72 Cell

Height 10–12"

Zones 5–9

×**s. 'Snowcap'** ○

This dwarf variety produces masses of beautiful large white flowers all summer long. Excellent border plant.

72 Cell

Height 14–18"

Zones 5–9

×**s. Sweet Daisy™ Birdy** ('Doleucswedabir') PP32774 ○

Reflexed "umbrella" daisies with small feathery petals around gold button centers.

72 Cell

Height 20–24"

Zones 5–9

Lewisia (Bitterroot)

An American alpine native that blooms in spring through early summer. Great for rock gardens and containers.

×**cotyledon 'Rainbow Mix'** ●

Blooms spring and summer in a variety of colors over rosettes of semi-succulent foliage.

72 Cell

Height 10"

Zones 5–8

×**c. 'Sunset Strain'** ●

Dainty multi-petaled blooms in shades of red, pink, orange, yellow and white rise on wiry stems over low, succulent foliage.

72 Cell

Height 8–10"

Zones 5–8

×**longipetala 'Little Peach'** ●

Beautiful, small, and evergreen. Heavy bloom of soft peach, orange, and yellow flowers.

72 Cell

Height 6–8"

Zones 4–8

×**l. 'Little Plum'** ●

Magenta flowers bloom in profusion over compact evergreen foliage.

72 Cell

Height 6–8"

Zones 4–8

Liatris (Kansas gayfeather)

spicata 'Kobold' ○

Fizzy purple flowers bloom from top to bottom on multiple tall spikes. An American native species.

72 Cell

Height 18–30"

Zones 3–9

Lobelia (Cardinal flower)

cardinalis ○●

Brilliant red flowers bloom on long stems. Rich green foliage. An American native, loved by hummingbirds and butterflies. Prefers moist sites.

72 Cell

Height 3–4'

Zones 3–9

c. 'Black Truffle' PP25687 ○●

Deep red flowers bloom on upright spikes over deep purple-black foliage.

Lysimachia (Creeping Jenny, moneywort)

nummularia 'Aurea' ○●

Small, rounded chartreuse leaves spread to form low mats. Tiny yellow blooms in early summer. Makes quick, attractive hanging baskets.

72 Cell Height 2–4" Zones 3–9

Monarda (Bee balm)

didyma BALMY™ Series ○

These charming selections of a favorite North American native species were bred for compact habit, heavy flowering spring through summer and superior resistance to powdery mildew. An important nectar source for bees and butterflies. Available in the following colors:

72 Cell Height 10–12" Zones 4–9

d. Lilac ('Balbalmac') PP26594

d. Pink ('Balbalmink') PP26566

d. Purple ('Balbalmurp') PP25561

d. Rose ('Balbalmose') PP26567

d. Bee-Mine™ Red ('Balbeemed') PP33917 ○

Hot true red. Early-flowering and mildew resistant.

72 Cell Height 15–18" Zones 4–9

d. BEE-YOU® Series ○

Compact, floriferous and highly mildew resistant Colorful bracts complement and enhance the flowers' hues.

72 Cell Height 15–20" Zones 4–9

d. Bee-Free ('Mon0012BFR') PP29032 Electric purple.

d. 'Bee-Merry' Coral pink with rich brown button center.

d. Bee-Happy ('Mon0001BHA') PP29080 Vermillion red.

d. Bee-True ('Mon0005BTR') PP29079 Raspberry red.

d. Bee-Lieve ('Mon0004BLI') PP29078 Pale pink.

d. 'Jacob Cline' ○

Fragrant dark green leaves are topped with clusters of red flowers for up to two months in summer. Mildew-resistant variety.

72 Cell Height 3–4' Zones 4–9

d. 'Raspberry Wine' ○

Wine-red blooms emerge from raspberry-like buds. A White Flower Farm introduction.

72 Cell Height 2–3' Zones 4–9

punctata 'Beehop' ○

A compact, early-blooming selection of "dotted horsemint," a native American species. Tubular flowers above pink bracts. Narrow, aromatic foliage. Long bloom season.

72 Cell Height 16–20" Zones 5–9

Nepeta (Catmint)

×**faassenii Junior Walker** ('Novanepjun') PP23074 ○●

A denser, more compact form of 'Walker's Low', just as long-flowering. Won't reseed. Bred and selected by Star Roses & Plants.

72 Cell Height 2½' Zones 5–9

×**f. 'Purrsian Blue'** PP24788 ○●

Heavy bloom of periwinkle with dark-purple calyxes. Nicely mounded clumps of tiny, green aromatic leaves.

72 Cell Height 14–18" Zones 3–8

×**f. SylvesterBlue™** ('G19213') PP32974 ○●

Densely branched, loaded with blue flowers from early summer into fall. An interesting groundcover option, wider than it is tall.

72 Cell Height 12–14" Zones 4–9

×**f. 'Walker's Low'** ○●

Soft mounds of gray-green foliage support loose spikes of lavender-blue flowers from late spring to summer. **Perennial Plant of the Year 2007**. A high scorer in UGA trials.

72 Cell Height 2–3' Zones 3–9

×**f. WHISPURR™ Series** ○●

Bred for big impressive flower plumes, spring through summer. Robust mounds of fragrant serrated foliage, prettily veined, with a minty fragrance. Extremely attractive to pollinators.

72 Cell Height 2–2½' Zones 4–9

×**f. Blue** ('Balpurrlu') PP33042

×**f. Pink** ('Balpurrink') PP33184

grandiflora 'Summer Magic' PP27090 ○●

Extremely free-flowering, in bloom May–September. A sturdy selection from the UK that won't flop and stays handsome all summer.

72 Cell Height 15–18" Zones 4–9

kubanica Neptune ('Bokratune') PP29556 ○●

Upright spikes of cheerful blue flowers over bushy mounds of blue-green foliage. Tolerates a range of soils. Great for border or container use.

72 Cell Height 8–12" Zones 5–9

Penstemon (Beard tongue)

'Cherry Sparks' PP28869 ○

Long-lasting, bright red bell-shaped flowers from spring through summer. Compact habit.

72 Cell

Height 18–20"

Zones 5–9

'Dark Towers' PP20013 ○

Sturdy columns of two-toned pink trumpets in July and August. Shiny bronze-red foliage is darker than parent 'Husker Red'. Bred in Nebraska, introduced by Terra Nova.

72 Cell

Height 3'

Zones 3–8

digitalis 'Husker Red' ○

Small, white, trumpet-shaped flowers with red stamens top garnet-red foliage. A North American native. **Perennial Plant of the Year 1996.**

72 Cell

Height 2–2½'

Zones 4–9

Perovskia (Russian sage)

atriplicifolia ○

Talc-white stems and pewter-blue foliage are adorned with branched sprays of lavender flowers.

Perennial Plant of the Year 1995.

72 Cell

Height 3–4'

Zones 4–9

'Bluesette' ○

Blue/lavender flowers over silvery-green foliage. Compact, well branched and early blooming. Seed-propagated.

72 Cell

Height 14–22"

Zones 4–9

hybrida 'Little Spire' ○

More compact than the species! Tall, airy bloom spikes and richly aromatic gray foliage. Very drought tolerant.

72 Cell

Height 24"

Zones 4–9

Phlox divaricata (Woodland phlox)

d. 'Blue Moon' ○●

Broad, overlapping petals of a pretty, deep violet blue. Fragrant and steadily spreading. Discovered at the New England Wild Flower Society in Framingham, Mass.

72 Cell

Height 12"

Zones 4–9

Phlox paniculata (Garden phlox, tall phlox)

Fragrant, dome-shaped flower clusters bloom on upright, tall stems from June through August.

p. 'Bright Eyes' ○●

Very showy salmon-pink flowers with a darker ruby eye.

72 Cell

Height 2–3'

Zones 4–8

p. 'Laura' ○●

Electric-purple bloom with dazzling white centers. Mildew resistant.

72 Cell

Height 2–4'

Zones 4–8

FASHIONABLY EARLY Hybrid Series ○●

A refreshing update on the "backbone" tall garden phlox. Hybridized by Hans Hansen for compact growth, mildew resistant leathery foliage, and most notably, fragrant flowers in unique colors that bloom up to three weeks earlier than the familiar *P. paniculata*.

72 Cell

Height 28–32"

Zones 4–8

'Fashionably Early Crystal' PP28679

Pale lavender-pink flowers mellow to white with purple eye zone.

'Fashionably Early Flamingo' PP29911

Rich lilac-pink flowers.

'Fashionably Early Lavender Ice' PP29912

Panicles of lavender flowers with deeper pink eye.

'Fashionably Early Princess' PP28680

Fuchsia-pink flowers with a darker pink eye.

Phlox subulata (Moss phlox)

Needle-like semi-evergreen foliage forms a tough, durable groundcover. Flowers profusely; a cheerful harbinger of spring.

s. 'Amazing Grace' ○●

Crisp, clean white petals kissed with lipstick red at center.

72 Cell

Height 4–6"

Zones 2–9

s. 'Candy Stripe' ○●

White star-shaped flowers with a pink stripe.

72 Cell

Height 4–6"

Zones 2–9

s. 'Crimson Beauty' ○●

Rosy-red blooms.

s. 'Drummond's Pink' ○●	72 Cell	Height 4–6"	Zones 2–9
Pink flowers, larger than those of most <i>P. subulata</i> varieties.			
s. 'Emerald Blue' ○●	72 Cell	Height 4–6"	Zones 2–9
Lavish display of lavender-blue flowers.			
s. 'Eye Candy' PP31484 ○●	72 Cell	Height 4–6"	Zones 2–9
Lavender-pink flowers with dark, wine-purple eyes.			
s. 'Eye Caramba' PPAF ○●	72 Cell	Height 4–6"	Zones 2–9
Rich, true pink flowers with deep red eye.			
s. 'Eye Shadow' PP31169 ○●	72 Cell	Height 4–6"	Zones 2–9
Vibrant, rosy-purple flowers with a dark purple eye.			
s. 'Fort Hill' ○●	72 Cell	Height 4–6"	Zones 2–9
Deep-pink, slightly fragrant flowers.			
s. 'Purple Beauty' ○●	72 Cell	Height 4–6"	Zones 2–9
Unique deep purple/blue blooms.			
s. 'Red Wings' ○●	72 Cell	Height 4–6"	Zones 2–9
Crimson-pink flowers with dark-red centers.			
s. 'Scarlet Flame' ○●	72 Cell	Height 4–6"	Zones 2–9
Deep rose petals with a scarlet eye.			
s. 'Snowflake' ○●	72 Cell	Height 4–6"	Zones 2–9
Clear white flowers.			
s. Spring® White ○●	72 Cell	Height 4–6"	Zones 2–9
Pristine white flowers appear a week or more ahead of others.			

Platycodon (Balloon flower)

grandiflorus 'Astra Blue' ○●	72 Cell	Height 8–10"	Zones 4–9
Cornflower-blue, star-shaped blooms open from balloon-like “inflated” buds. Flowering begins in late spring and continues for up to two months.			

Polemonium (Jacob's ladder)

boreale 'Heavenly Habit' ●●	72 Cell	Height 12–18"	Zones 3–7
Finely divided, fernlike foliage supports clusters of violet-blue bell-shaped flowers. A unique addition to the shade garden.			
pulcherrimum 'Golden Feathers' PPAF ●●	72 Cell	Height 18"	Zones 5b–9
Mauve flowers contrast beautifully with clean, green and gold variegated foliage.			

Pulmonaria (Lungwort)

A premier genus for shaded garden areas.

'Raspberry Frost' PPAF ●	50 Cell	Height 10"	Zones 4–9
Attractive mottled-green leaves with cream/silver margin. Bright coral-red flowers in spring.			
'Shrimps on the Barbie' PPAF ●	50 Cell	Height 10"	Zones 4–9
Clusters of deep, shrimp-pink flowers. Green foliage with prominent white spots.			
'Silver Bouquet' PP20059 ●	50 Cell	Height 7–10"	Zones 4–9
Bright silver leaves with rich green flecks. Flowers open pink then turn purple for a cool bicolor appearance.			
'Trevi Fountain' ●	50 Cell	Height 11–12"	Zones 4–9
Long, slender green foliage heavily highlighted with white. Deep, cobalt blue flowers.			

Rosmarinus (Rosemary)

Our starters are grown for ornamental, not culinary, use.

officinalis 'Arp' ○●

Small-leaved, gray-green, hardier-than-most rosemary. Persistent blue flowers in September.

72 Cell

Height 2–4'

Zones 6–9

A great fragrant ornamental that tolerates drought and poor soil.

o. 'Barbeque' ○●

Outstanding upright habit, ideal for topiary, perennial shrub or hedge. Thrives in the poorest soils.

72 Cell

Height 3–4'

Zones 7–9

Lavender flowers August–September.

o. 'Hill Hardy' (a.k.a. 'Madeline Hill') ○●

Dense, dark-green foliage is assertively aromatic. Hardier than most others, with the exception of 'Arp'.

72 Cell

Height 4–5'

Zones 6b–9

o. 'Tuscan Blue' ○●

Thick stems form elegant columnar shape. Unusually wide leaves; mildly scented.

72 Cell

Height 4–7'

Zones 7–9

Rudbeckia (Black-eyed Susan)

×'American Gold Rush' PP28498 ○

A strikingly symmetrical, vigorous winner from Intrinsic Perennial Gardens. Loaded with golden flowers for weeks. **An AAS Award winner and Perennial Plant of the Year 2023.**

72 Cell

Height 16–22"

Zones 4–9

fulgida 'Early Bird Gold' PP20286 ○

Strike gold with this black-eyed Susan that blooms at the first hint of warm weather and keeps flowering right on into fall. From Dupont Nursery.

50 Cell

Height 24"

Zones 3–10

f. var. fulgida ○

Long-blooming with golden flowers July to October.

72 Cell

Height 2–2½'

Zones 3–9

f. 'Goldsturm' ○

Golden-yellow flowers with black cones. North American native, spectacular in masses and with grasses. Draws butterflies. **Perennial Plant of the Year 1999.**

72 and 128 Cell

Height 2–3'

Zones 3–10

f. 'Little Goldstar' PP22397 ○

A well-branched selection with a tidy, compact mounding habit. Heavy blooming with golden flowers from summer to fall.

72 Cell

Height 24"

Zones 3–10

f. var. sullivantii 'Goldblitz' ○

Lots of golden blooms from this first-year flowering seed selection.

72 Cell

Height 2–2½'

Zones 3–9

×'Glitters Like Gold' PP30933 ○

Deep gold 3" flowers from July through October on long, straight hirsute stems over rounded mounds of robust, disease-resistant foliage.

72 Cell

Height 2½–3'

Zones 4–9

HIRTA

Easily grown in container or garden and available in a wide range of colors. Hardiness uncertain, best grown as an annual/biennial or tender perennial.

h. 'Cherry Brandy' Grown in Preforma® by Jiffy® ○

Flower petals are cherry red at tips, shading to maroon at base. Big black eyes.

72 Cell

Height 24"

h. Denver Daisy® Grown in Preforma® by Jiffy® ○

Enormous 6" flowers of bright gold with dark brown centers.

72 Cell

Height 18–20"

American Garden Award Grand Prize winner. From Plant Select®.

h. 'Indian Summer' Grown in Preforma® by Jiffy® ○

Huge yellow flowers, up to 9" across, with very dark brown centers.

72 Cell

Height 3–4'

Green leaves turn mahogany in fall. **An AAS Winner.**

h. MiniBeckia™ Flame PPAF ○

Large bicolor blooms! Bright yellow petals with red bases form a circle around dark centers with gold stamens. Flowers for two months.

h. SMILEYZ® **Lemon** ('RUDLE169') PP32918 Brightest flowers of the group, lemon-yellow with a golden glow. **Height 18–20"**

h. SMILEYZ® **Sunny** ('RUDHT37') PP30657A Clear, solid yellow flowers. **Height 20–26"**

h. SMILEYZ® **Tiger** ('RUDTI124') PP32962 Semi-double flowers with yellow tips and rich chocolate centers. **Height 15–18"**

'Lion Cub' PPAF ○

Pom-pom-like double flowers of orange-yellow with dark brown centers. Naturally short and compact. **72 Cell** **Height 10–14"** **Zones 4–8**
Great pot presentation.

NEW! *triloba* 'Prairie Glow' ○

Masses of vibrant orangy-red flowers with yellow tips and dark chocolate centers. **72 Cell** **Height 2–3'** **Zones 5–8**
North American native.

Ruellia (Texas petunia)

elegans Ragin' Cajun™ ○

Vivid red flowers atop sturdy stems rise above deceptively delicate-looking green foliage. **72 Cell** **Height 12–14"** **Zones 7–11**
This tough customer earned the **FlameProof award at Dallas Arboretum.**

Sagina (Irish moss/Scotch moss)

subulata ("Irish moss") ○●

Low-growing mats of rich green, moss-like foliage with tiny white starry flowers in spring. **72 Cell** **Height 1"** **Zones 3–9**

s. 'Aurea' ("Scotch moss") ○●

Low-growing mats of dense, bold gold/chartreuse foliage. Excellent groundcover. **72 Cell** **Height 1"** **Zones 4–9**

Salvia (Meadow sage) (All deer resistant)

greggii MIRAGE™ Series ○

A versatile, heat-tolerant group of long-blooming garden sages. Semi-shrubby. Blooms keep coming from spring till early fall—enough flower power to be sold as an annual in colder regions. **72 Cell** **Height 12–14"** **Zones 7–9**

g. **Cherry Red** ('Balmircher') PP28527

g. **Deep Purple** ('Balmirdepur') PP28538

g. **Rose Bi-Color** ('Balmirrobi') PP33084

g. 'Radio Red' PP26362 ○

Bright, true red flowers on sturdy stems from early spring to late summer. **72 Cell** **Height 16–18"** **Zones 7–9**

guaranitica 'Black and Blue' ○

Spikes of cobalt-blue flowers shine against black buds and calyxes from July to October. **72 Cell** **Height 3–4'** **Zones 7–10**

microphylla 'Hot Lips' ○

Two-tone flowers, clear white and cherry red, bloom heavily for months. **72 Cell** **Height 2–3'** **Zones 7–9**
Deep burgundy fall foliage.

nemorosa Blue Hill ('Blauhugel') ○

A German introduction with one of the truest blue flower spikes of the hardy salvias. **72 Cell** **Height 18–24"** **Zones 3–8**

n. 'Caradonna' ○

Violet flowers with outstanding purple stems. Very full attractive habit. **72 Cell** **Height 1½–2'** **Zones 3–8**

Salvia (continued)

n. LYRICAL Series ○

Improved branching equals more flowers for eye-catching containers. Robust plants rebloom in the garden. Available in the following colors:

72 Cell Height 22–24" Zones 4–9

n. Blues ('Balyriclu') PP22919

n. Rose ('Balyricose') PP24274

n. White ('Florsalwhite') PP21243

n. Marcus® ('Haeumanarc') ○

Compact habit, with violet-blue flower spikes. This German-bred miniature looks terrific in pots or in the border.

72 Cell Height 8–12" Zones 3–8

n. MARVEL Series ○

n. 'Blue Marvel' PP27018

Unusually large upright flowers, blue with pale throat, bloom repeatedly from late spring into autumn.

72 Cell Height 10–12" Zones 4–9

An award winner in Europe.

n. 'Rose Marvel' PP30118

Unusually large, upright, deep rosy-pink flowers bloom repeatedly from late spring into autumn.

72 Cell Height 10–12" Zones 4–9

n. May Night ('Mainacht') ○

Long-lasting violet-purple flower spikes in late spring/early summer make May Night a best seller.

50 Cell Height 18–24" Zones 3–8

Perennial Plant of the Year 1997.

n. Sallyrosa™ April Night ('DSALSRS203') PP26520 ○

A sturdy, compact beauty with rich blue-purple spikes that flower earlier and longer than others.

50 Cell Height 12–14" Zones 5–9

A real garden standout.

Scabiosa (Pincushion flower)

columbaria 'Butterfly Blue' ○

Neat mounds of foliage are blanketed with lavender-blue pincushion flowers. Summer dormant in very warm climates. **Perennial Plant of the Year 2000.**

72 Cell Height 12–18" Zones 3–8

c. 'Pink Mist' ○

A pink form of 'Butterfly Blue' from breeder David Tristram.

72 Cell Height 12–18" Zones 3–8

Sedum (Stonecrop)

GROUNDCOVER / LOW-GROWING, SMALL-LEAF TYPES

SUNSPARKLER® Series ○ By breeder Chris Hansen.

× **Sedoro 'Blue Elf'** PP27113

A rare intergeneric hybrid, *Sedum* × *Orostachys*. Steel-blue foliage in tufted rosettes. Dark pink flowers in fall. Terrific mounding habit.

72 Cell Height 3" Zones 4–9

rupestre 'Angelina's Teacup' PP32344

Tight cushions of needle-like golden foliage. Orange tips in cold weather. Rarely flowers.

72 Cell Height 3" Zones 4–9

'Cherry Tart' PP24603

Low masses of cherry-red leaves spring–fall, topped by bright pink flower clusters in late summer.

72 Cell Height 6" Zones 4–9

'Dazzleberry' PP22457

A small but powerful flowering machine with big clusters of rosy-red florets over dusky blue-gray foliage.

72 Cell Height 8" Zones 4–9

'Firecracker' PP26595

A great heavily branched groundcover with shiny cherry-red leaves and pink flowers in late summer. Disease resistant.

72 Cell Height 6" Zones 4–9

'Lime Zinger' PP24632

Firm lime-green leaves with red picotee edge. Rose-pink blooms in late summer.

72 Cell Height 4" Zones 4–9

'Plum Dazzled' PP30348

Tidy mounds of rich, dark purple leaves, covered in starry pink flower clusters in late summer.

72 Cell Height 8" Zones 4–9

kamtschaticum 'Variegatum' ○

Deep green leaves splashed with creamy white accents. Yellow/orange flowers in summer.

72 Cell

Height 6–8"

Zones 3–8

'Lemon Ball' ○●

Nifty bright-chartreuse mounding/trailing spiky foliage spills nicely from containers or over a raised border edge. Sturdier, less apt to shatter than older forms. **Award winner at UGA trials.**

72 Cell

Height 4"

Zones 6–10

reflexum 'Blue Spruce' ○

Yellow flowers are held high above low, creeping, spruce-blue foliage from late summer to fall.

72 Cell

Height 4"

Zones 3–9

sieboldii ○

Whorls of succulent, eucalyptus-like blue-green leaves edged in plum. Terminal clusters of star-shaped rose-pink flowers appear in autumn.

72 Cell

Height 6"

Zones 6–9

spurium 'John Creech' ○

Green scalloped leaves, with tiny rosy-pink blooms late summer–fall. Discovered in Siberia by its namesake.

72 Cell

Height 3–4"

Zones 3–9

s. 'Tricolor' ○

Green and snowy-white foliage with overlays of pink. Flowers are blush-pink rosettes.

72 Cell

Height 4–6"

Zones 3–9

NEW! s. 'What A Doozie' PP31789 ○

White and green variegated foliage with blush-pink flowers in fall. Bred for variegation stability.

72 Cell

Height 4–6"

Zones 5–9

takesimense Atlantis ('Nonsital') PP27454 ○

Rosettes of serrated leaves, dark green with broad creamy margins that turn pink in cold weather. **RHS Chelsea 2019 Plant of the Year winner.**

72 Cell

Height 6"

Zones 4–9

tetractinum 'Coral Reef' ○

Dense mats of deep-green to coral-colored leaves, topped with clusters of yellow flowers in summer

72 Cell

Height 3–6"

Zones 6–10

UPRIGHT LARGE-LEAF TYPES

'Autumn Fire' ○

Gray-green leaves on fleshy stems with russet-red flower heads from late summer to fall. More heat tolerant than Autumn Joy.

72 Cell

Height 2–3'

Zones 3–9

Autumn Joy ('Herbstfreude') ○

Large heads of deep rose, turning ruby red.

72 Cell

Height 24"

Zones 3–9

'Neon' ○

Glowing, bright-pink flowers over Autumn Joy-like green foliage.

72 Cell

Height 18–24"

Zones 3–9

'Thundercloud' PP21833 ○

Serrated gray-green pointed leaves form an attractive compact mound. Pink/white blooms in summer. From Intrinsic Perennial Gardens.

72 Cell

Height 8–12"

Zones 4–8

Sempervivum (Hens and chicks, house leeks, cat and kittens)

arachnoideum 'Cobweb Buttons' ○●

Evergreen, pale-green rosettes densely woven with gray threads.

50 Cell

Height 3–4"

Zones 3–9

a. 'Forest Frost' ○●

Gray threads weave over and around the tips of the pale-green rosettes.

50 Cell

Height 3–4"

Zones 3–9

'Black' ○●

Elongated green foliage with dark purple tips.

50 Cell

Height 4–6"

Zones 3–9

"Chick's Mix" ○●

A very popular selection. Grower's choice, ten each of five handsome offerings from our best varieties. An easy way to mix and match for a balanced offering.

50 Cell

Height 4–6"

Zones 3–9

'Commander Hay' ○●

Large green and red bicolor rosettes. Pastel pink flowers.

50 Cell

Height 3–6"

Zones 3–9

'Green Wheel' ○●

Tight, pointy foliage forms multiple green rosettes.

50 Cell

EMERALD COAST GROWERS INTRODUCTION

Sempervivum (continued)

'Hardy Species Mix' ○●

A variety of species with an array of different colors and textures.

72 Cell

Height 6"

Zones 3–9

'Hippie Chicks' ○●

Shades of lime, dark green, and purple in this seed assortment from Benary.

72 Cell

Height 3"

Zones 3–9

'Kalinda' ○●

Medium sized rosettes with pointed leaves held tightly. Coral pink tips in cooler weather.

50 Cell

Height 4–8"

Zones 3–9

'Moss Rose' ○●

Medium-large pointy rosettes of light green covered in fine, soft hairs. Short spikes of pastel flowers appear in summer.

50 Cell

Height 3"

Zones 4–9

'Red Rubin' ○●

Large burgundy-red petals form rosettes around emerging green centers.

50 Cell

Height 4–6"

Zones 3–9

'Royal Ruby' ○●

Long narrow crimson leaves touched with lime green form large rosettes. Produces lots of "chicks."

50 Cell

Height 3–6"

Zones 3–9

'Ruby Heart' ○●

Broad, pointed leaves are blue-green at tips, ruby red in the center. Pink/purple flowers in summer.

50 Cell

Height 3–4"

Zones 3–9

'Silver King' ○●

Silvery, mint-green rosettes. Centers turn red in cooler weather. Light pink flowers in summer.

50 Cell

Height 4–6"

Zones 3–9

'Silverine' ○●

Silvery-green rosettes are flushed with red/purple. Pink flowers rise on short stalks.

50 Cell

Height 4–6"

Zones 3–9

tectorum 'Jade Rose' ○●

Overlapping rosettes of fuzzy-tipped, jade-green outer petals surrounding rose/burgundy centers.

50 Cell

Height 2–4"

Zones 3–9

Senecio (Silky groundsel)

candicans Angel Wings® ('Senaw') PP28830 ○●

Long, broad velvety leaves of matte silver with finely serrated edges. Tender!

72 Cell

Height 16–18"

Zones 8–10

Sisyrinchium (Blue-eyed grass)

angustifolium 'Lucerne' ○●

A superb edging plant with iris-like foliage and blue star-shaped flowers. Multiple blooms flower for more than two months.

72 Cell

Height 8–10"

Zone 4–9

idahoense var. macounii 'Moody Blues' ○●

Striped violet-blue petals with dark bases, forming an inky blue ring around bright gold centers. Larger blooms than *S. angustifolium*. Flowers May – July.

72 Cell

Height 4–5"

Zone 4–9

Stachys (Lamb's ear, betony)

byzantina 'Helene von Stein' (syn. 'Big Ears') ○●

Velvety silver-green leaves are twice as large as others. Heat and humidity resistant.

50 Cell

Height 10–12"

Zones 4–8

b. 'Silver Carpet' ○●

Prized for its soft, silver, velvety foliage and for its reluctance to flower. Low creeping habit.

50 Cell

Height 8–10"

Zones 4–8

Stokesia (Stokes' aster)

laevis ○●●

This North American native perennial is valued for its low maintenance and wide, cornflower-blue blooms.

50 Cell

Height 12–18"

Zones 5–9

I. 'Colorwheel' ○●●

Three-inch flowers emerge white, then segue through white to lavender and finally dark violet blue. Drought tolerant and heat resistant.

50 Cell

Height 18–24"

Zones 5–9

I. 'Divinity' PP26164 ○●●

An exclusive introduction from Emerald Coast Growers! Large flowers open with a coy hint of yellow in the center, then mature to pure, celestial, long-lasting white. Blooms stand serenely over neat mounds of broad, rich green, strap-like leaves.

50 Cell

Height 12–14"

Zones 5–9

Stokesia (continued)

I. 'Mary Gregory' ○●●

Distinctive, soft creamy-yellow flowers over large mounds of rich green, strap-like foliage. Introduced by Kim Hawkes.

50 Cell Height 12" Zones 5-9

I. 'Mels Blue' PP23090 ○●●

Big periwinkle-blue flowers, 4" across, on strong upright stems. Flowers continuously from late June into August.

50 Cell Height 12-15" Zones 5-9

Thymus (Thyme)

Our starters are grown for ornamental, not culinary, use.

praecox 'Coccineus' ○○●

Magenta-pink flowers bloom in summer over deep-green, fragrant foliage. This dense evergreen groundcover has a cascading habit.

72 Cell Height 2-4" Zones 3-8

p. 'Highland Cream' (syn. 'Hartington Silver') ○○●

Aromatic carpets of green leaves with creamy white margins. Light lavender-pink flowers late spring to midsummer.

72 Cell Height 2-4" Zones 3-8

Verbena

×canadensis 'Homestead Purple' ○

Deep purple flowers over dark green foliage. A trailing groundcover. A Georgia Gold Medal winner.

72 Cell Height 6-10" Zones 7-11

Veronica (Speedwell)

LOW-GROWING GROUNDCOVER TYPES

peduncularis 'Georgia Blue' ○●●

Mats of small, round leaves, hidden by tiny sky-blue flowers in spring. Reddish new foliage turns deep green in summer, bronze in fall.

72 Cell Height 4-6" Zones 4-8

'Tidal Pool' PP23341 ○○●

Profuse blooms of small, bright violet-blue flowers on low-growing foliage. From Chicago Botanic Garden.

72 Cell Height 2-3" Zones 4-8

'Whitewater' PP22783 ○○●

Low, dense, spreading carpets of rich, green foliage with ½" white flowers

72 Cell Height 4-6" Zones 4-7

UPRIGHT GROWING TYPES

spicata Pink Candles ('Verspi') PP29780 ○●●

Compact habit with bubblegum-pink blooms. Rich green toothy leaves.

72 Cell Height 8" Zones 4-8

s. Purplelegum Candles ('Verpurg') PP33094 ○●●

Spikes of bright purple flowers bloom from late spring into autumn. Dark green glossy leaves.

72 Cell Height 14" Zones 4-8

s. Royal Candles ('Glory') PP18932 ○○●

Violet-blue flower spikes from late spring to midsummer.

72 Cell Height 15-18" Zones 4-8

s. Snow Candles ('Joca128') PP28777 ○●●

Frosty white spikes over low green mounding foliage.

72 Cell Height 8-10" Zones 4-8

s. 'Sunny Border Blue' ○○●

Violet blue spikes early summer to late fall over rich green foliage. Perennial Plant of the Year 1993.

72 Cell Height 18-24" Zones 4-8

Yucca (Adam's needle, Spanish bayonet)

Genus of evergreen shrubs, native to Southeastern US. Panicles of creamy white flowers rise on tall stalks in late spring. The specific epithet refers to threadlike "filaments" curling from the leaves.

filamentosa 'Bright Edge' ○

Impressive clumps of swordlike green leaves edged in bright gold. Tall spikes of fragrant, white flowers.

72 Cell Height 3' 5' with flower Zones 4-9

f. 'Color Guard' ○

Stiff, spiny-tipped leaves feature green margins and golden centers.

72 Cell Height 3' 6' with flower Zones 4-10

rostrata 'Sapphire Skies' ○

Elegant globes of blue-hued swordlike leaves up to two feet long. Stalks of creamy-white clustered blooms. Draws hummingbirds. A slow-growing Southwest native.

72 Cell Height 5-10' at maturity Zones 5-10

Container Garden using Ornamental Grasses

ORNAMENTAL GRASSES

and grass-like plants

Acorus (Sweet flag)

gramineus 'Oborozuki' (Golden sweet flag) ○●●

Sweet smelling, green and gold variegated foliage is great as a groundcover or container plant.

38 and 72 Cell

Height 10–12"

Zones 4–11

Not a true grass, but very grass-like in appearance.

g. 'Ogon' ○●●

The original! Fragrant, slender, solid gold leaves. Most *Acorus* sold by this name have green stripes, but our genuine 'Ogon' is pure yellow. Forms slowly spreading clumps. Requires consistently moist soils.

38 and 72 Cell

Height 6–10"

Zones 5–9

g. 'Pusillus Minimus Aureus' (Miniature variegated sweet flag) ○●●

A tiny grass-like plant grown for its bright golden blades. Prefers moist soil. Flowers are inconspicuous.

72 Cell

Height 4"

Zones 4–11

g. 'Variegatus' (Variegated sweet flag) ○●●

Creamy-white variegated leaf blades provide stunning contrast with other moisture-loving perennials.

38 and 72 Cell

Height 10–12"

Zones 4–11

Andropogon (Big bluestem, Turkey's foot)

gerardii (Big bluestem) ○

Dramatic blue-green foliage in large, upright clumps, tinted copper and maroon fall/winter. American native.

38 Cell

Height 5–8'

Zones 3–9

g. 'Blackhawks' PP27949 ○

New bright green blades and stems quickly turn rich purple for a striking blended bicolor display. A winner from Intrinsic Perennial Gardens.

38 Cell

Height 18–24"
6' in flower

Zones 3–9

g. 'Dancing Wind' PP26892 ○

Selected for late-summer bicolor show of green and red, deepening to dark red in September, then scarlet with frost. From Intrinsic Perennial Gardens.

38 Cell

Height 18–24"
6' in flower

Zones 3–9

g. 'Holy Smoke' PP33929 ○

Very erect flower stems rise high over clumps of upright/arching foliage. Beautiful purple and pink fall coloring. From Intrinsic Perennial Gardens.

38 Cell

Height 18–24"
5' in flower

Zones 3–9

g. 'Rain Dance' PP26284 ○

Red-tipped foliage, deeper green than the species, turns totally maroon in fall. Red flowers on red stems. An Emerald Coast Growers exclusive from Intrinsic Perennial Gardens.

38 Cell

Height 18–20"
4–5' in flower

Zones 3–9

g. 'Red October' PP26283 ○

Deep green foliage darkens to purple in late summer, then vivid scarlet in autumn for spectacular late-season color. From Intrinsic Perennial Gardens.

38 Cell

Height 20–24"
5–6' in flower

Zones 3–9

glomeratus (Bushy beard bluestem) ○

Sturdy, upright green leaves in summer turn a beautiful copper-orange in fall and retain color well into winter. North American native.

38 Cell

Height 2–4'

Zones 5–9

ternarius (Split-beard broom sedge) ○

Blue-green foliage takes on fall shades of purple, bronze, and red. Silvery flowers on slender stalks. American native.

38 Cell

Height 2–3'

Zones 6–9

virginicus (Broom sedge) ○

Green blades turn red and purple in fall, bright orange in winter. Strong, upright, and drought tolerant. American native.

38 Cell

Height 4'

Zones 3–9

Acorus g. 'Oborozuki'

Acorus g. 'Ogon'

Andropogon g. 'Holy Smoke'

Andropogon g. 'Red October'

Andropogon ternarius

Bouteloua

curtipendula (Sideoats grama grass) ○

Narrow blue-gray leaves. Purple flowers yield to oat-like seeds on arching stems. Golden brown in fall, tinged orange and red. Native.

38 Cell

Height 2–3'

Zones 3–10

gracilis (Blue grama grass) ○

A small, handsome North American native with distinctive purple blooms July to September. Gray-green foliage turns bright gold in the fall.

38 Cell

Height 1–2½'

Zones 3–10

g. 'Blonde Ambition' PP22048 ○

Chartreuse flowers mature to blonde seedheads, rise above blue-green foliage. A Plant Select® winner. Native.

38 and 50 Cell

Height 1–2½'

Zones 3–10

g. 'Honeycomb' PP33101 ○

Honey-blonde “eyelash” seedheads, held high on upright stems. Plant habit is fuller and denser, with less blade dieback than other varieties.

38 and 50 Cell

Height 1–2½'

Zones 3–10

Briza (Quaking grass)

media ○●

Whimsical heart-shaped pendant flowers sway from spikes a foot or more above the foliage. Highly decorative in fresh or dried arrangements. Prefers fertile soil.

50 Cell

Height 2–3'

Zones 4–10

Calamagrostis (Feather reed grass)

×*a.* *acutiflora* 'Avalanche' (Variegated feather reed grass) ○●

An impressive vertical grass that boasts a wide, white band down the center of each blade. In midsummer, silvery-tan plumes rise above the foliage.

38 and 72 Cell

Height 3'

Zones 4–10

×*a.* 'Eldorado' PP16486 (Variegated feather reed grass) ○●

Upright form like 'Karl Foerster', but variegated, with bold gold stripe on the center of the blade.

38 and 72 Cell

Height 4'

Zones 5–10

×*a.* Hello Spring!® ○●

Variegated form and refined habit. Foliage has uniform green centers with white edges. An Emerald Coast Growers introduction.

38 and 72 Cell

Height 3–4'

Zones 4–10

×*a.* 'Karl Foerster' (Feather reed grass) ○●

Deep green, lustrous foliage from early spring all the way to winter. Forms erect clumps with feathery plumes. Perennial Plant of the Year 2001.

21, 38 and 72 Cell

Height 3–4'

Zones 4–10

×*a.* Lightning Strike® ○●

Foliage features broad central stripes of creamy white, edged in green.

38 and 72 Cell

Height 3'

Zones 4–10

×*a.* 'Overdam' (Variegated feather reed grass) ○●

Similar to 'Karl Foerster', but the foliage is variegated with creamy-white, vertical stripes.

38 and 72 Cell

Height 3–4'

Zones 4–10

arundinacea var. *brachytricha* Caspian (Korean feather reed grass) ○●

Upright green foliage holds strong form all summer. Pink-blushed flower spikes appear in late summer. Yellow foliage in fall adds interest.

38 and 72 Cell

Height 4'

Zones 4–10

Carex (Sedge)

appalachica ●●

Fine-textured green foliage forms graceful clumps. American native, tolerates dry shade.

72 Cell

Height 12"

Zones 3–8

buchananii 'Firefox' ○●

Foxy red-brown blades stand bolt upright. A Jelitto selection.

72 Cell

Height 24"

Zones 5–9

cherokeensis ○●

Slender blades of medium green. A native that prefers moist soil and some shade.

NEW SIZE! 38 Cell

Height 12–18"

Zones 6–9.

Zones 6-9

EVERCOLOR® Series ○●

Gold is indeed found in pots in Ireland, but don't go chasing rainbows. It's in Kilkenny, where the plantsmen of FitzGerald Nurseries select charming new *Carex* varieties.

morrowii 'Everglow' PP30466

Rich green central stripe is flanked by orange margins in autumn.

50 Cell

Height 19"

Zones 6-9

oshimensis Everest ('CarFit01', FiWhite) PP20955

Deep green blades with snowy white edges.

50 Cell

Height 17"

Zones 6-9

o. 'Everillo' PP21002

Blades emerge lime green, then turn golden yellow.

50 Cell

Height 19"

Zones 6-9

o. 'Everlime' PP25622

Deep green arching leaves with bright lime-green edges. A robust grower, evergreen in all but the harshest winters.

50 Cell

Height 12"

Zones 6-9

o. 'Everoro' PP23406

Yellow and gold striped, like 'Evergold' but with improved form and vigor.

50 Cell

Height 18"

Zones 6-9

o. 'Eversheen' PP25938

Arching blades feature a bright broad band of lime yellow surrounded by deep green borders.

50 Cell

Height 12"

Zones 6-9

Chasmanthium

latifolium (River oats, Northern sea oats) ○●●

Seed clusters resembling oats dangle from bamboo-like foliage. Seed heads turn coppery-bronze in fall. Useful as a formal accent, in mass plantings, or in mixed containers. North American native.

38 and 72 Cell

Height 4'

Zones 5-9

NEW! *i.* 'Little Tickler' ○●●

Dwarf form of *latifolium* with bamboo-like foliage. Abundant dangling clusters of seed heads turn coppery-bronze in fall.

38 Cell

Height 18-24"

Zones 5-9

Chlorophytum (Shooting star grass) (syn. *Anthericum*)

saundersiae 'Starlight' PP28477 ○●

Constellations of starry white flowers dance above brightly variegated grass-like blades.

NEW SIZE!

72 Cell

Height 3½'

Zones 8b-11

A cheery show in beds or containers.

Cordyline (Ti plant, cabbage palm)

NEW! *australis* 'Charlie Boy' PP20139 ○

Burgundy and pink striped leaves with vibrant pink edges. Sturdy upright habit.

72 Cell

Height 2-3'

Zones 8-11

a. 'Red Sensation' ○

Upright clumps of burgundy-red, sword-like leaves. A striking tropical-looking accent for sunny border or container.

72 Cell

Height 3-6'

Zones 9-11

a. 'Red Star' ○

Very deep red spiky leaves form attractive upright masses. White flower spikes in early summer.

72 Cell

Height 3-6'

Zones 8-11

Cortaderia

selloana (White pampas grass) ○

Big and bold, with huge, feathery ostrich plume flowers swaying high above gray-green foliage. Evergreen in mild climates.

38 Cell

Height 5–6'
10–12' in flower

Zones 8–10

s. 'Rosea' (Pink pampas grass) ○

Similar in appearance to white pampas grass, but has plumes blushed with pink. Tolerates a wide range of soils and water.

38 Cell

Height 6–7'
9' in flower

Zones 8–10

Cymbopogon (Lemon grass)

Our starters are grown for ornamental, not culinary, use.

citratus ○

Forms handsome upright, slightly arching clumps. Light-green foliage is strongly lemon-scented. A tender perennial and herb that can overwinter in a sunny window.

38 Cell

Height 2–3'

Zone 9–11

Cyperus

involucratus (Umbrella sedge) ○●

Thin blades arranged like umbrella ribs on sturdy stems. Adaptable: can flourish in up to 6" of water, or simply in moist fertile soil. Native to Madagascar.

38 Cell

Height 3–6'

Zones 8(7)–11

papyrus (Dwarf Egyptian papyrus) ○●

Fine leaves radiate from tall, upright stems. Vigorous. Loves water gardens, pond margins, or containers with no drainage.

38 Cell

Height 2–3'

Zones 9–11

Deschampsia

cespitosa (Hair grass) ○●●

Very fine, dark green, hair-thin blades form neat, tufted clumps. Clouds of slender flower panicles hover above the foliage. American native.

50 Cell

Height 2–4'

Zones 4–9

c. 'Pixie Fountain' (Tufted hair grass) ○●●

Dense evergreen foliage clumps produce bright silvery-white flowers that mature to rich brown. A dwarf Jelitto selection, half the height of the species.

50 Cell

Height 20–24"

Zones 2–7

Eragrostis

spectabilis (Purple love grass) ○●

This North American native of sandy soils produces masses of reddish-purple panicle blooms. Beautiful when planted in large sweeps.

38 Cell

Height 18–24"

Zones 5–9

Erianthus (Hardy pampas grass)

ravennae (a.k.a. *Saccharum ravennae*) ○

Flower stalks soar high above handsome, gray-green mounds of foliage. Similar in appearance to *Cortaderia*.

38 and 72 Cell

Height 5'
14' in flower

Zones 6–9

Festuca (Fescue)

×'Cool as Ice' PP27651 ○●

One of the more vigorous blue fescues, with outstanding heat tolerance.

50 Cell

Height 12–18"

Zones 4–8

glauca Beyond Blue ('Casca11') PP23307 ○●

A blue fescue with good heat tolerance from European breeding.

50 Cell

Height 6–10"

Zones 4–8

g. 'Boulder Blue' ○●

Compact form with intense blue tufts of wiry, hair-like foliage.

50 Cell

Height 6–10"

Zones 4–8

g. 'Elijah Blue' ○●

The best-known ornamental fescue. Silvery-blue foliage forms a small, dense mound with flower spikes rising a foot above.

50 Cell

Height 6–10"

Zones 4–8

sp. *Eilers Beauty*® ○●●

Fine-textured matte green foliage. Adaptable to tough conditions, even dry shade. Beautiful bright tan seedheads rise above the foliage on stiff red-tinged stems. Collected by Henry Eilers.

50 Cell

Height 8–20"

Zones 4–8

Cortaderia selloana

Cymbopogon citratus

Leymus a. 'Blue Dune'

Melinis n. 'Savannah'

Hakonechloa (Japanese forest grass)

macra ●●

Rich green bamboo-like foliage forms graceful cascading mounds. This solid green beauty is more tolerant of sun, drought, and cold than variegated forms.

50 Cell

Height 1–3'

Zones 5–9

m. 'Albovariegata' ●●

Rich green blades, elegantly accented with narrow, creamy white stripes. One of the more vigorous growers in the genus.

50 Cell

Height 2–2½'

Zones 5–9

m. 'All Gold' ●●

Golden, ribbon-like leaf blades create a welcome bright spot at the edge of a shady area.

50 Cell

Height 14–20"

Zones 5–9

m. 'Aureola' ●●

Slow-growing, golden variegated grass for shade or container. Graceful, arching, flowing habit. Hints of red and pink in fall. **Perennial Plant of the Year 2009.**

50 Cell

Height 14–18"

Zones 5–9

Helictotrichon (Blue oat grass)

sempervirens ○●

Upright powder-blue foliage with tawny flower stems.

50 Cell

Height 2–2½'

Zones 4–9

s. 'Saphirsprudel' (Sapphire Fountain) ○●●

Slightly wider foliage and brighter blue coloring than the species.

50 Cell

Height 2–2½'

Zones 4–9

Isolepis (Fiber optic grass)

cernua ○●

Dense mounds of fine, hair-like blades. Perfect at water's edge, in containers, or in a moist rock garden.

38 Cell

Height 10–12"

Zones 7–10

Juncus (Rush)

effusus 'Big Twister' (Corkscrew rush) ○●

Deep green cylindrical foliage twirls in bold, upright spirals, creating a unique modern look.

38 and 72 Cell

Height 18–24"

Zones 5–11

filiformis 'Spiralis' (Thread rush) ○●

Dark green, wiry foliage grows in corkscrew spirals. A great bog or pond plant. Prefers very moist to wet conditions.

38 and 72 Cell

Height 14"

Zones 5–11

inflexus (Fantastic Foliage™ Blue Arrows) ○●

Strong, upright habit. This blue-green rush tolerates full sun and drought, yet can also be used as a pond plant.

38 and 72 Cell

Height 2–4'

Zones 5–9

tenuis 'Blue Dart' ○●

Tidy, compact, spiky sprays of narrow blue-green foliage. Loves wet feet but can tolerate a range of moisture levels.

72 Cell

Height 12–18"

Zones 3–9

Leymus (Blue lyme grass)

arenarius 'Blue Dune' ○●●

Bluer and more tolerant of heat and humidity than the species. Tolerates sand, sun, and drought. Strong spreader, useful as groundcover.

38 Cell

Height 3–4'

Zones 4–9

Melinis (Ruby grass)

nerviglumis 'Savannah' ○

Showy pink flowers emerge in summer. Blooms carry well into fall. Showy as a container or garden specimen.

50 Cell

Height 18–24"

Zones 9–11

Miscanthus (Maiden grass)

Miscanthus is a premier group of ornamental grasses. Favorites of gardeners and landscapers for many years, miscanthus can be used alone, or massed for screens, hedges, and backgrounds. Spring and fall are both appropriate planting times. Ideal conditions include full sun to bright shade, and fertile soil. Foliage may turn bronze, red or gold in the fall, and holds up well through winter.

There are three basic foliage options: Solid green, longitudinally variegated, and horizontally banded.

INFERTILE *× giganteus* (Giant Miscanthus) ○

Magnificent upright clumps of wide green leaves. Flower stalks soar to 10'. Light pink plumes mature to silver. Infertile, won't self-sow. A bold garden statement. **21 Cell** **Height to 10'** **Zones 4-9**

'Purpurascens' (Autumn flame grass) ○

Brilliant red-orange, late-season hue steals the show in the fall garden! A great selection for northern climates. Moist, well-drained soil. **38 and 72 Cell** **Height 3-5'** **Zones 4-8**

sinensis 'Adagio' (Dwarf maiden grass) ○

Neat compact mounds with prolific bloom production. Narrow green foliage arches nicely. Excellent selection for smaller gardens and large containers. **38 and 72 Cell** **Height 4-5'** **Zones 6-10**

INFERTILE *s.* **Bandwidth™** ('NCMS2B') PP29460 ○

Broad, bright gold bands span rich green blades. Forms full, compact stands. An infertile introduction from NC State via Darwin Perennials. **38 and 72 Cell** **Height 2-3'** **Zones 5-10**

s. 'Dixieland' (Variegated Japanese silver grass) ○

Pink-tinged plumes late summer to early fall over compact clumps of vertically variegated blades. **38 Cell** **Height 3-4'** **Zones 6-9**

s. **Mystal™** 'Fire Dragon' PP30374 ○

Upright green foliage segues in autumn to a range of vivid reds and oranges. Silvery flower plumes. **38 Cell** **Height 6-7'** **Zones 4-9**

s. 'Gold Bar' PP15193 ○

Heavily adorned with horizontal gold stripes. Slow growing, with tight, upright spiky habit, perfect for landscape or container. From Joy Creek Nursery. **38 Cell** **Height 3-5'** **Zones 6-9**

s. 'Gold Breeze' PP22311 ○

Slender and compact. Pleasing vertical habit. Heavy horizontal cross-banding like 'Gold Bar', but larger and more vigorous. From Joy Creek Nursery. **38 Cell** **Height 5-7'** **Zones 5-9**

s. 'Gracillimus' (Maiden grass) ○

Graceful, rounded form and delicate narrow green foliage. Attractive copper-red blooms in October. **21, 38 and 72 Cell** **Height 7'** **Zones 5-10**

s. 'Graziella' ○

Fine green blades, more upright and arching than 'Gracillimus'. Red-orange in fall. Introduced by Ernst Pagels. **38 Cell** **Height 5-7'** **Zones 5-10**

INFERTILE *s.* **High Frequency™** ('NCMS3') PPAF ○

Upright form with arching blades heavily cross-banded with gold. Rust resistant. An infertile variety from NC State via Darwin Perennials. **38 Cell** **Height 5'** **Zones 5-10**

s. 'Little Kitten' (Dwarf maiden grass) ○

A petite upright, arching habit with narrow, green foliage topped with plumes in late summer and fall. Perfect for containers and smaller plantings. **72 Cell** **Height 1-3'** **Zones 5-10**

s. **Mystal™** 'Little Miss' PP28849 ○

Arching blades emerge green, then turn red-purple. Center leaves stay green for striking bicolor effect. Reddish plumes mature to buff. Forms tidy clumps. **38 and 72 Cell** **Height 2-3'** **Zones 5-10**

s. 'Little Zebra' (Dwarf zebra grass) ○

A superb dwarf version with strong, horizontal gold banding on narrow blades. Reddish-purple plumes appear in August. **38 and 72 Cell** **Height 3-4'** **Zones 6-10**

EMERALD COAST GROWERS INTRODUCTION

Muhlenbergia c. Fast Forward®

Miscanthus (continued)

s. 'Malepartus' (Japanese silver grass) ○

Extraordinarily large, abundant blooms emerge purplish pink, then mature to silver.

Foliage color deepens to bronze in fall.

38 Cell

Height 5–7'

Zones 5–10

s. 'Morning Light' (Variegated maiden grass) ○

Compact, with fine texture and neat arching form, like 'Gracillimus' with white edges.

Reddish-bronze plumes appear as late as October.

38 and 72 Cell

Height 3–5'

Zones 5–10

INFERTILE s. My Fair Maiden™ ('NCMS1') PP26387 ○

Lush, upright/arching blades, bright rich green with white midrib, form graceful masses topped with buff blooms in late summer. An infertile introduction from NC State via Darwin Perennials.

38 Cell

Height 6–9'

Zones 5–10

s. 'Oktoberfest' PP27074 ○

Burgundy/bronze flower plumes that mature to silver. Wide upright/arching green foliage turns rich purple-red from late summer on. Bred by Gary Trucks, Amber Wave Gardens.

38 Cell

Height 5½'

Zones 5–10

s. Red Cloud® ('EMPMIS01') PP30802 ○

Brilliant red flower plumes, and lots of them. Compact clumps of upright/arching solid green blades. **An award-winner in Europe.**

38 Cell

Height 3½'

Zones 5–10

s. 'Rigoletto' (Japanese silver grass) ○

Compact, with strong, creamy-white and green longitudinal variegation. Growers love its outstanding pot performance. From Kurt Bluemel Nursery in Maryland.

38 and 72 Cell

Height 3–5'

Zones 5–10

INFERTILE s. Scout™ ('M77') PP30402 ○

Slender green blades with white midribs take on spectacular fall color. Similar form to 'Gracillimus'. A handsome infertile introduction from UGA. **An Emerald Coast Growers exclusive.**

38 and 72 Cell

Height 5–6'

Zones 5–10

s. 'Silberfeder' (Silver feather grass) ○

Feathery seedheads gracefully arch over deep green blades with distinct silver midribs. Among the most cold hardy of the species.

38 Cell

Height 6–7'

Zones 4–10

s. 'Strictus' (Porcupine grass) ○

Banded variegation of golden-yellow bars and stiff, upright growth habit call to mind porcupine quills. Tolerates a wide range of soils.

38 and 72 Cell

Height 7–9'

Zones 5–10

s. 'Variegatus' (Variegated Japanese silver grass) ○

Arched white- and green-striped foliage creates wide mounds. Blooms mid-September.

38 and 72 Cell

Height 5–7'

Zones 5–10

s. 'Zebrinus' (Zebra grass) ○

The original selection with golden horizontal bars. Habit is more arching than that of *M. 'Strictus'*. Pinkish copper blooms appear in September.

38 and 72 Cell

Height 8'

Zones 5–10

s. var. *condensatus* 'Cabaret' (Japanese silver grass) ○

Ultra-wide blades with creamy-white centers and dark green margins. Impressive as a specimen in masses.

38 Cell

Height 9'

Zones 5–10

s. var. *c.* 'Cosmopolitan' (Japanese silver grass) ○

Broad of blade, like 'Cabaret' but with exactly reversed variegation. Creamy-white margins surround deep green centers. Both thrive in well-drained soil.

38 Cell

Height 9'

Zones 5–10

Muhlenbergia (Muhly grass)

capillaris ○●

Soft clouds of delicate pink seed panicles float over fine, dark green, slightly glossy foliage. Mass for greatest effect in the garden. North American native.

72 Cell

Height 2–3'

Zones 6–10

c. Fast Forward® ○●

An Emerald Coast Growers introduction! Flowering begins in August (late July in warm climates), significantly earlier than others. A glowing aura of delicate sunlit purple flowers dances over symmetrical, compact mounds of fine, flat foliage. More refined in shape than the species.

72 Cell

Height 2–3'

Zones 6–10

Muhlenbergia (continued)

Panicum (Switch grass)

<p>virgatum ○</p> <p>A warm-season native of tall grass prairies, sturdy and low maintenance. Attractive yellow fall coloring. Tolerates a wide range of soils. American native.</p>	38 Cell	Height 4–8'	Zones 4–10
<p>v. 'Cloud Nine' ○</p> <p>One of the taller switch grasses. Blue-green leaves and an upright habit. Turns an attractive dark-gold in autumn. Tolerates a wide range of soils. An American native.</p>	38 Cell	Height 7'	Zones 4–10
<p>v. 'Dallas Blues' ○</p> <p>Large, pastel-pink seedheads over wide blue leaves. An American native.</p>	38 Cell	Height 5–6'	Zones 4–10
<p>v. 'Heavy Metal' ○</p> <p>Glaucous blue leaves and a strongly upright form create a formal appearance that's softened by its delicate seedheads. Tolerates a wide range of soils. An American native.</p>	38 and 72 Cell	Height 5'	Zones 4–10
<p>v. 'Hot Rod' PP26074 ○</p> <p>This Emerald Coast Growers introduction revs up into the red zone earlier than other switch grasses. Firmly upright blades emerge blue-green, reddening rapidly until the whole plant is a rich, deep maroon. An American native.</p>	38 Cell	Height 3–3½'	Zones 4–10
<p>v. 'Northwind' ○</p> <p>Red flower panicles float over wide, steel-blue foliage. Golden yellow in fall. A strong, fast, upright pick by Roy Diblik, Northwind Perennial Farm. 2014 Perennial Plant of the Year.</p>	38 Cell	Height 7'	Zones 4–10
<p>v. 'Prairie Sky' ○</p> <p>Upright, arching blue foliage. Sandy-colored flower spikes in fall. Grows in a wide range of soils and moisture levels.</p>	38 Cell	Height 5'	Zones 4–10
<p>v. 'Rotstrahlbusch' ○</p> <p>Upright and arching, this cultivar has nice touches of burgundy-red color in autumn. May retain green coloring in hotter climates. Tolerates a wide range of soils.</p>	38 Cell	Height 4'	Zones 4–10
<p>v. Ruby Ribbons™ ('RR1') PP17944 ○</p> <p>Soft blue-green leaves turn to wine-red upright clumps, darkening through the season. Stays blue at base. Late-summer flowers and ornamental seedheads. Bred by Dr. Mark Brand, University of Connecticut.</p>	38 Cell	Height 2–3'	Zones 4–10
<p>v. 'Shenandoah' ○</p> <p>Deep green foliage gradually taking on red hues by September. Valued for its tight clumping habit and hazy flower and seedheads. Tolerates almost any soil.</p>	38 and 72 Cell	Height 4'	Zones 4–10

Pennisetum o. 'Karley Rose'

Pennisetum (Fountain grass)

× *advena* 'Rubrum' (Purple fountain grass) ○●

A popular grass prized for its deep red to burgundy foliage. A rapid grower and prolific bloomer, with foxtail-like flowers

21, 38, 72 and 128 Cell

Height 3–5'

Zones 9–11

alopecuroides ○●

Narrow green leaves in soft, arching mounds. A staple among cold-hardy fountain grasses. Green seedheads become large, golden brown foxtails in fall.

38 and 72 Cell

Height 2–4'

Zones 6–9

a. 'Burgundy Bunny' PP21917 ○●

Clumps of fine green leaves with red accents in summer, topped with creamy-white bunny-tail flowers.

38 Cell

Height 18"

Zones 6(5)–9

a. 'Cassian' ○●

A slightly smaller than *P. alopecuroides* with a denser bloom and superb fall hues, turning golden with red-orange tints.

38 Cell

Height 3'

Zones 6(5)–9

a. 'Ginger Love' PP26442 ○●

Thick, red bottlebrush inflorescences rise from rich green blades in uniform mounds. Blooms August–October. From Intrinsic Perennials

38 Cell

Height 2–3'

Zones 6(5)–9

a. 'Hameln' (Compact fountain grass) ○●

A popular compact fountain grass used for single or mass plantings. Seed heads open greenish-white, maturing to creamy tan.

21, 38, 72 and 128 Cell

Height 2–3'

Zones 6(5)–9

a. 'Little Bunny' (Miniature fountain grass) ○●

Foxtail flowers just 2" long on neat little mounds. Excellent for massing in smaller gardens, rock gardens, and pondside.

38 and 72 Cell

Height 10–12"

Zones 6–9

a. 'Piglet' PP19074 (Dwarf fountain grass) ○●

Smaller than 'Hameln', bigger than 'Little Bunny'. Cute, floriferous and easy to grow. Selected by Brent Horvath, Intrinsic Perennial Gardens.

38 Cell

Height 18"

Zones 5–9

a. 'Red Head' ○●

Blooms up to a month sooner than others, with smoky purple flowers to 10" long and 3" thick! Graceful green foliage turns gold in fall. An Intrinsic Perennial Gardens selection.

38 Cell

Height 4–5'

Zones 5–9

UGA INFERTILE GRASS Collection ○●

Infertile selections from University of Georgia. These handsome, functionally sterile varieties are bred to flower longer than others.

38 Cell

Height (as shown)

Zones 5–9

a. *Cayenne*[™] ('Tift PA18') PP31097

Big, dark-red bottlebrush plumes rise above mounds of rich green arching blades. Very long bloom time. **Height 2–3'**

a. *Etouffee*[™] ('Tift PA17') PP31062

Light pink foxtail plumes rise over graceful arching mounds of bright green foliage. An infertile variety that flowers spring to fall. **Height 3–3½'**

a. *Hush Puppy*[™] ('Tift PA5') PP31027

Long-lasting pink plumes spray high over rounded mounds of slender foliage. A long-flowering infertile selection. **Height 2½'**

a. *Jambalaya*[™] ('Tift PA19') PP31176

Uniform mounding foliage with silvery-pink plumes. A long-flowering infertile variety. **Height 3½–4'**

a. *Praline*[™] ('Tift H18') PP30724

Large flowers rise well above compact mounds of arching foliage. A long-flowering infertile variety. **Height 1–2½'**

orientale 'Karley Rose' (Oriental fountain grass) ○●

Tall, deep green arching foliage. Unique rich rose-pink flowers. A truly distinctive variety selected at Sunny Border Nurseries.

38 Cell

Height 2–3'

Zones 5–9

Pennisetum (continued)

setaceum (Tender fountain grass) ○●

Green foliage forms an arching, slightly upright mound. Attractive soft purplish-pink blooms make excellent cut flowers. A tender perennial.

72 Cell

Height 4–5'

Zones 9–11

The ROYAL Collection (Ornamental Napier grass) ○●

Purple fountain majesty! These noble selections boast rich, dark purple/bronze foliage, in a range of sizes to reign supreme in any landscape situation. Vigorous plants thrive in heat, becoming richer, deeper and more regal in color as summer progresses. From breeder Dr. Wayne Hanna, University of Georgia.

hybrid First Knight™ ('Tift 10') PP25515

Upright habit with very wide, dark, almost black leaves. Disease resistant.

38 Cell

Height 4–4½'

Zones 8(7)–11

hyb. Majestic™ ('Tift 40') PP25518

Long, broad leaves of rich purple-red flow gracefully. Disease resistant.

38 Cell

Height 6'

Zones 7–11

purpureum 'Prince' PP18509

Foliage turns deep purple in summer heat. Flowers only in frost-free winters.

38 Cell

Height 5–6'

Zones 7–11

p. 'Princess' PP17728

Similar in color and habit to 'Prince', but with a more petite form.

38 Cell

Height 3–4'

Zones 7–11

hyb. Princess Caroline™ ('Tift17') PP21464

Brilliant purple foliage is highly disease resistant. Sturdy habit makes for great garden presence.

38 Cell

Height 4–5'

Zones 8(7)–11

hyb. Regal Princess™ ('Tift 15') PP25517

Similar to 'Princess' with improved purple color and enhanced disease resistance.

38 Cell

Height 3–4'

Zones 7–11

Phalaris (Ribbon grass)

arundinacea 'Strawberries and Cream' ○●

Pretty in pink! Foliage is nearly all white with narrow green stripes until cool weather, when pink blushes appear.

38 and 72 Cell

Height 2–3'

Zones 4–9

Schizachyrium (Little bluestem) Perennial Plant of the Year 2022

scoparium ○

A clump-forming, fine-textured grass. Resilient and tolerant of varied soils, it's a natural for managed meadows. North American native.

38 Cell

Height 2–4'

Zones 3–10

s. 'Blaze' ○

A fine-bladed native selection: striking vertical effect when planted in masses, with stunning fall color of reds and oranges in garden or container.

38 Cell

Height 2–4'

Zones 3–10

s. Blue Heaven™ ('MinnblueA') PP17310 ○

Deep-blue blades tinged burgundy, taller and more erect than the species. Fall tones of red, pink, blue, purple and orange. A University of Minnesota selection.

38 Cell

Height 3–4'

Zones 3–10

s. 'Carousel' PP20948 ○

A dwarf, semi-mounded form selected in Illinois. Leaves and flower stems turn copper, pink, tan, and orange-red in fall. A tough, drought-tolerant American native.

38 Cell

Height 2½'

Zones 3–10

NEW! *s.* 'Chameleon' PP31339 ○

Multi-colored foliage emerging green and white in spring, adding pink and purple highlights in late summer. Compact, upright habit.

38 Cell

Height 12–24"

Zones 3–10

NEW! *s.* 'Little Red Fox' PPAF ○

Fine-textured blue-green foliage in spring with red highlights beginning mid summer. With cool nights, foliage takes on tones of red, purple and silver. Very sturdy habit through winter. From Intrinsic Perennials.

38 Cell

Height 2–2½'

Zones 3–10

s. 'Prairie Blues' ○

Pewter-blue ribbon-like foliage bears silver seedheads in late summer. Orange highlights in autumn.

Schizachyrium (continued)

NEW! s. 'Sandhill' PPAF ○

A stand-out from other bluestems with wider, flat blades. Named for the Sandhill Crane for its upright stature and gray-blue foliage. Fall colors of orange and red. From Intrinsic Perennials.

38 Cell

Height 4–4½'

Zones 3–10

s. Shining Star™ ('ECGSS') PP33433 ○

Bright basal foliage gleams with green and creamy white stripes. Cooler temperatures, spring and autumn, bring a kiss of pink. Flower stems stand tall with no lodging. **An Emerald Coast Growers introduction!**

38 Cell

Height 1–2½'

Zones 3–10

s. 'Smoke Signal' PP27433 ○

Glaucous blue-green upright foliage turns red, then deep red-purple in autumn. Tiny tan seed heads. Stays tall through fall.

38 Cell

Height 3–4'

Zones 3–10

s. 'Standing Ovation' PP25202 ○

Thick blades and sturdy stems keep this selection standing tall. Blue-green foliage, purple at base, turns fiery scarlet in fall.

38 Cell

Height 3–4'

Zones 3–10

s. 'The Blues' ○

Prized for its cool blue and purple hues, this grass is at home in both formal and casual gardens. Selected at Mt. Cuba research center.

38 Cell

Height 2–4'

Zones 3–10

s. 'Twilight Zone' PP27432 ○

Silvery mauve-purple cast to foliage in summer. Takes on red/purple tones in fall.

38 Cell

Height 4–4½'

Zones 3–10

Sesleria (Moor grass)

autumnalis (Autumn moor grass) ○●

Bright lime-green foliage and small, frosty-white flower spikes in mid summer. Excellent groundcover when mass planted. Evergreen in Zone 7.

38 Cell

Height 20"

Zones 4–9

caerulea (Blue moor grass) ○

Neat, dense tufts of two-toned leaves, glaucous blue-green on top, deep green underneath. A slight twist to the blades shows both colors nicely. Small, dark purple flower panicles appear in spring and age to silvery green.

38 Cell

Height 8–12"

Zones 4–7

Sorghastrum (Indian grass)

nutans Golden Sunset™ ('MNYG318153') PP33776 ○

An early-flowering form with large golden plumes above wide, olive-green blades. A tight upright habit makes this native garden worthy. Selected at Minnesota Landscape Arboretum.

38 Cell

Height 4–5'

Zones 3–10

n. 'Indian Steel' ○

A warm-season, clumping North American native grass with metallic-blue foliage. Upright, reddish-brown flowers with yellow anthers bloom from July to frost.

38 Cell

Height 4–6'

Zones 3–10

Sporobolus (Prairie dropseed)

heterolepis ○

A graceful American native. Fine, emerald green arching blades. Lightly scented blooms in fall. Gold-orange fall foliage fades to creamy-white in winter.

THE POWER OF TAGS

A picture says a thousand words.

Plant tags have tremendous power. A plant in its prime at the height of the season will sell itself, but tags help close the deal anytime. Our color picture tags make your ornamentals' potential tangible, showing your customers a beautiful, mature plant even when the real thing isn't at its peak. Finally, tags aren't just a pretty face: they provide the practical growing information your customers need to succeed.

Ask for picture tags with your next order.

PAYMENT TERMS

For customers with credit already approved by ECG, terms are Net 30 days. A finance charge of 1.5% per month is added to past-due invoices.

If you do not have an account and wish to establish credit, please call our office.

We accept American Express, Discover, MasterCard, Visa and PayPal.

Due to the nature of our products, we cannot accept COD orders.

Prepayment by check or money order is welcome, but please, always check availability before mailing payment. All prices and products are F.O.B. Pensacola, FL, or F.O.B. Lancaster, PA.

MINIMUM ORDERS

Our minimum order is just one (1) tray.

PHYTOSANITARY CHARGES

All orders shipping to Canada or other countries require an additional fee of \$50 for Phytosanitary documents.

VOLUME DISCOUNTS

Volume discounts apply to the cost of plants, not to freight, packing, royalties, or any additional charges incurred. Discounts are per order.

25 + trays = 6% off list	150 + trays = 12% off list
50 + trays = 8% off list	200 + trays = 14% off list
100 + trays = 10% off list	

Or you can inquire about our annual discount option.

GUARANTEE

We guarantee our plants to be true-to-name and viable upon arrival. Our liability is limited to the purchase price of the plants.

CLAIMS

To serve you better, if there is a problem with your shipment, please contact us promptly. We want to identify and resolve any problems.

If boxes or plants are visibly damaged on arrival, note the damage with the delivery driver, then notify us.

The best way to communicate the problem is by email, with a description and picture(s) of the plant material in question. Cell phone pictures are fine. Email to your broker representative, and/or directly to Emerald Coast Growers at sales@ecgrowers.com.

In all but the most extreme cases, accept the delivery and keep a record of any losses. We will handle claims with the carrier as necessary, and arrange credit and/or replacements.

DORMANT PLANTS

In winter and early spring, you may open our boxes and find starters with brown leaves, or even no leaves. What's wrong? Probably nothing. Your plants are simply dormant.

Perennials rest in winter, storing precious energy in their roots, ready to push out new growth when warm weather returns. It's natural for foliage to turn brown or drop off. **Examine the roots.** They should be firm and fleshy, not soft and mushy.

Most perennials benefit from a cold period, and some absolutely require it to flower. Vernalized plants often out-perform those that have had it too soft. If you're unsure, just wait. Keep your trays evenly moist, NOT sopping wet, in a warm, bright house. When clear signs of life appear, pot up as usual.

Don't frown at the brown. Brown is beautiful. Like the rest of the world, your starters will be lush and green again before you know it.

CUSTOM GROWN ORDERS

Don't see what you want in a size that suits your needs? We will custom grow, year-round, many perennials and ornamental grasses in sizes other than our spec production. Quantity restrictions apply.

Please call or email your request. We will provide a price quote and earliest ready date for your order.

SHIPPING

BOXED SHIPMENTS

We pack every box at maximum safe capacity for the lowest possible landed price. Boxes may contain one, two, or three trays depending on product. Add \$3.25 per tray packing charge. Boxed shipments are delivered by FedEx and UPS, F.O.B. Pensacola, FL or F.O.B. Lancaster, PA.

ONE-WAY WOODEN RACKS

For larger orders we use wooden racks, delivered by common carrier. Add \$3.25 per tray packing charge. Call for a freight quote, F.O.B. Pensacola, FL or F.O.B. Lancaster, PA.

GROWER TRUCK

Our trucks are climate-controlled for the best possible plant quality delivered to your door. Local and long-distance delivery are both available. Minimum orders apply. Packing charges do not apply. Call for a freight quote.

CUSTOMER PICKUP

Pickup Location: Milton, FL or Lancaster, PA. **With advance notice**, we offer customer pickup for an entire order (FL- and PA- grown material) at either location. If assistance is needed to load customer's truck or cages, a loading fee of .25 per tray will be charged. Boxing is available at \$3.25 per tray. Orders are pre-scheduled for pickup Wednesday through Friday. Orders not picked up will be scheduled to ship the following Monday. Orders cancelled after scheduled pickup date are subject to a restocking fee.

RESTOCKING FEE

Orders canceled within 3 days of requested ship week are subject to a restocking fee of \$250 or 20% of invoice, whichever is less.
