It's been an extraordinary year. In fact, current events make the word “extraordinary” feel inadequate. Failing to mention it would feel like ignoring the biggest elephant that ever stomped into the room.

But you don't need us to tell you about it. And it's not why you're reading a starter plant catalog.

By any measure, two extraordinary things stand out about this year: how extraordinarily well our industry has handled it, and how extraordinarily grateful our end consumers, home gardeners, are that we're here for them. North American retailers have reported record-breaking sales.

We humbly submit that this reinforces what we've always said, and deeply felt, about the green industries: We are not a luxury. We're more than a form of recreation. Though we often benefit from impulse buying, it does not define us.

It also reinforces what old-timers in the industry have said for as long as we old-timers can remember: Hard times are good times for growers. That's when people stay home and plant gardens.

Whether you grow edibles or ornamentals, you fill a real need. Don't let anybody tell you otherwise. Doubters can quibble about the importance of that need compared to more elemental hungers, but we defy anyone to deny its existence.

When the pantry is well-stocked, there are still appetites to be nourished. We are the thin green line that feeds the need for beauty. We make people happy. We keep people sane. They count on us to stay the course, and we're answering the call with a full slate of plants, from comfortingly familiar standards to new breeding breakthroughs.

At Emerald Coast Growers, we're looking forward to a pretty special anniversary: 2021 marks our 30th year in business. We've come a long way since our 1991 launch in a few small greenhouses. Without you, our loyal customers, we could not have done it.

We hope all our customers are safe, secure and sanguine. And we thank you for your company on this extraordinary journey.

PLAYING IT NOT TOO SAFE

When in doubt, golfers lay up. Card players check. Coaches call timeouts.

In challenging times, growers also think about playing it safe. Instinctively, we gravitate to the tried-and-true. We lean on the staples that our customers, and theirs, handle successfully every time.

It's natural, and it's smart. But caution can be overdone.

It's also smart to be bold sometimes: To go for the green from that difficult lie, to hold when others fold, to save that timeout and trust your team.

Boldness must be tempered with judgement. Yes, offer *Nepeta* 'Walker's Low'. The 2007 Perennial Plant of the Year is still a great performer. But up the ante with the larger, longer-lasting plumes of WhisPurr™ Blue and WhisPurr™ Pink.

You'd be remiss to omit *Dianthus* Firewitch. But elevate your game with the Vivid™ series. Bright Light and Cherry Charm are quite bewitching.

It's always smart to play to your strengths, and the perennial industry's greatest strength is diversity. Like a great garden, the ideal perennial lineup is a carefully curated blend of the expected and the unexpected — exactly what you'll find in our catalog.

Whether you're holding it in your hands or viewing it on your screen, this is our A game. Make it yours. We're here to assist while you score.

PERENNIALS

and other flowering plants

Achillea (Yarrow)

DESERT EVE™ Series

Early-flowering varieties bred for vigor, compact growth and large flower heads, up to 4" across. Excellent performance, perfect in landscape or container.

Desert Eve™ 'Deep Rose' Large flowers of deep rose pink. Fragrant ferny foliage.

Desert Eve™ Red Improved ('Desred') PP22333 Big brick-red bloom clusters, good for cutting fresh or dried.

Desert Eve™ 'Terracotta' Unusual, earthy but refined brown/orange hue.

Desert Eve™ Yellow ('Desyel') PP22369 Light yellow combines nicely with other colors.

Achillea Desert Eve™ Red Improved

Achillea Desert Eve™ 'Terracotta'

millefolium 'Moonshine'

Bright, pale yellow flower heads over silvery foliage. A garden classic, introduced by renowned plantsman Alan Bloom. An excellent cut flower, fresh or dried.

m. Little Moonshine ('ACBZ0002') PP28179

Like the famous 'Moonshine', but less so. Similar bright yellow flowers and gray-green foliage in a smaller, more compact package. From Must Have Perennials.®

m. New Vintage™ White ('Balvinwite') PP25711

Brilliant white flower heads in spring, with summer rebloom over medium-green lacy leaves. Compact, uniform plant habit for excellent retail presentation.

Achillea Desert Eve™ Yellow

Achillea m. 'Moonshine'

Achillea m. Little Moonshine

Agastache (Mexican hyssop)

Drought- and heat-tolerant perennials with sweet, licorice-scented foliage. In summer, hundreds of long-lasting flower spikes draw butterflies and hummingbirds—but not deer!

NEW! 'Crazy Fortune' (Atendus) PP31364

We're out of our minds in love with this insanely floriferous overachiever. Non-stop blue/purple flowers. Pollinators are nuts about it, too. Mature foliage is green with variable white splashes.

×'Black Adder'

Bottlebrush spikes are covered in lilac blooms with dark-purple buds. This sterile hybrid starts blooming in July and doesn't quit until the first frost.

rugosa 'Little Adder' PP26514

Lots of lavender-blue blooms on very compact, well-branched, bushy mounds of fragrant green foliage.

Achillea m. New Vintage™ White

Agastache 'Crazy Fortune'

Agastache ×'Black Adder'

Agastache r. 'Little Adder'

Ajuga (Bugleweed)

reptans 'Black Scallop' PP15815

Near-black, deep-purple leaves with scalloped edges create a dense, compact groundcover. Great moisture tolerance. Striking contrast for paler plants.

r. 'Bronze Beauty'

Bronze leaves and blue flowers form an attractive carpet, useful for edging and as a groundcover for shady areas.

r. 'Burgundy Glow'

Puckered foliage of green and wine red with white splashes. Blue flowers in late spring.

r. 'Catlin's Giant'

Large-leafed variety with purple-green foliage. Blue flowers.

r. 'Mahogany'

Lush, ultra-dark burgundy-leafed groundcover with stunning bright blue flowers.

×*tenorii* 'Chocolate Chip' (syn. 'Valfredda')

A true miniature. Glossy, chocolate-brown foliage tinged with burgundy. Spikes of blue flowers in spring. Petite and charming!

Ajuga r. 'Black Scallop'

Ajuga r. 'Burgundy Glow'

Alchemilla m. 'Auslese'

Amsonia hubrichtii

Amsonia xButterscotch™

Anemone xh. 'Pretty Lady Diana'

Anemone xh. 'Pretty Lady Emily'

Anemone xh. 'Pretty Lady Julia'

Aquilegia c. Kirigami™ Deep Blue & White

Aquilegia c. Kirigami™ Rose & Pink

Aquilegia c. Kirigami™ Mix

Aquilegia c. 'Songbird Blue Bird'

Aquilegia c. 'Songbird Mix'

Aquilegia c. 'Swan Pink-Yellow'

Aquilegia canadensis

Aquilegia xh. Earlybird™ Purple White

Aquilegia xh. Earlybird™ Red Yellow

Aquilegia xh. Earlybird™ Mixture

Aquilegia v. Winky Purple-White

Aquilegia v. Winky Rose-Rose

Alchemilla (Lady's mantle)

mollis 'Auslese'

Distinctly pleated foliage forms a soft mound with chartreuse-green flowers held aloft in early summer. Superb edging plant alongside moist areas and ponds. Deer resistant.

Height 18"

Zones 4-7

Amsonia (Blue star)

hubrichtii

A native with great foliage and a brief show of cool blue flowers May-June. Narrow foliage sways gracefully in any breeze. Gorgeous gold fall hue. Deer resistant. **Perennial Plant of the Year 2011.**

Height 2-3'

Zones 4-9

xButterscotch™

Like *A. hubrichtii* in general appearance, but with improved form, reddish stems, superior rich "butterscotch" fall color, and great disease resistance. Steel-blue flowers June-July. Selected by John Wachter, Elite Growers.

Height 2-3'

Zones 4-9

Anemone (Wind flower)

xhybrida PRETTY LADY Series

Large 2" flowers in late summer/early fall on short, compact plants. The best of Japanese breeding transplanted to the West. From Must Have Perennials.®

Height (as shown)

Zones 5-9

xh. 'Pretty Lady Diana' PP22332 Single flowers, deep pink. Height 16-24"

xh. 'Pretty Lady Emily' PP22303 Light pink double flowers. Height 20-24"

xh. 'Pretty Lady Julia' PP23131 Semi-double bicolor pink/light pink blooms. Height 30"

Aquilegia (Columbine)

NEW! caerulea KIRIGAMI™ Series

It's not just for spring anymore! This series is bred to flower uniformly across varieties, for easy cropping.

Height 14-24"

Zones 5-9

c. Kirigami™ Deep Blue & White

c. Kirigami™ Rose & Pink

c. Kirigami™ Mix

x c. ORIGAMI™ Series

Bred for compact habit, great pot performance, long bloom time and large, upward-facing flowers. Requires less vernalization than other columbines.

Height 14-16"

Zones 3-8

x c. Origami™ Red & White

x c. Origami™ Mix Blue, pink, red, white, and yellow.

c. SONGBIRD Series

c. 'Songbird Blue Bird'

Big blooms, rich blue and pristine white bicolor. Early flowering.

c. 'Songbird Mix'

A sweet blend of big, early-flowering blue, pink, red, yellow, white and bicolor blooms.

Height 24"

Zones 3-8

c. 'Swan Pink-Yellow' (syn. 'Oregon')

Long pink spurs and outer petals surround yellow centers and golden stamens.

Stately and elegant as its namesake, with no ugly duckling stage to suffer through.

Height 24"

Zones 3-8

canadensis

A cute North American native. Charming red flowers with pale yellow corollas appear in early spring. Great for naturalizing and rock gardens.

Height 12-18"

Zones 3-8

NEW! xhybrida EARLYBIRD™ Series

Bred for vibrant colors, neatly mounded habit, programmable flowering and unusual combinations.

Height 9-11"

Zones 3-9

xh. Earlybird™ Purple White

xh. Earlybird™ Red Yellow

xh. Earlybird™ Mixture with additional colors and bicolors.

vulgaris Winky Series

Compact in stature, with big upturned blooms.

Height 18-24"

Zones 3-8

v. Purple-White

v. Rose-Rose

Aralia c. 'Sun King'

Artemisia 'Powis Castle'

Asclepias incarnata

Asclepias tuberosa

Aster n.-a. 'Grape Crush'

Aster n.-a. 'Pink Crush'

Aster n.-a. 'Purple Dome'

Astilbe x a. 'Bridal Veil'

Astilbe x a. 'Erika'

Astilbe c. 'Pumila'

Astilbe x a. 'Fanal'

Aralia (Spikenard)

cordata 'Sun King'

Vigorous shrubby clumps of heart-shaped compound leaves, butter-yellow in dappled sun, chartreuse/lime in shadier spots. White flower spikes in late summer, followed by ornamental purple berries. **Perennial Plant of the Year 2020.**

Height 3-6'

Zones 4-8

Armeria (Sea pinks)

maritima 'Splendens'

Deep-pink lollipop flowers bloom over tidy mounds of rich green foliage.

Height 6-8"

Zones 4-8

Artemisia (Wormwood) (All deer resistant)

'Powis Castle'

Silvery, lacy foliage in soft, rounded mounds. Pinch to keep full and dense. Heat and humidity tolerant; a great selection for warm coastal regions.

Height 2-3'

Zones 5-9

schmidtiana 'Silver Mound'

Finely cut silver foliage forms compact rounded mounds, soft and fluffy to the touch. A valuable rock garden plant. Suitable for edging perennial borders, or as a groundcover.

Height 10"

Zones 3-8

stelleriana 'Silver Brocade'

Silver, near-white foliage looks beautiful in borders or spilling over edges of containers.

Height 6-12"

Zones 3-9

Asclepias (Milkweed)

incarnata (Swamp milkweed)

Clusters of rosy-pink flowers. Erect habit. An American native, a magnet for butterflies. Prefers moist soil, but can handle normal garden conditions.

Height 3-4'

Zones 3-9

tuberosa (Butterfly milkweed)

2017 Perennial Plant of the Year! Saffron-orange to orange-red flowers on 2' tall stems for many weeks in midsummer. Essential host plant for monarch butterflies. Deer resistant.

Height 24"

Zones 3-9

Aster (New England aster) (syn. *Symphotrichum novae-angliae*)

NEW! *novae-angliae* 'Grape Crush' PPAF

Deep purple flowers are densely packed on large, round mounds. A refined late summer/fall bloomer, very hardy and low-maintenance. Beloved by bees and butterflies.

Height 26-30"

Zones 3-9

NEW! *n.-a.* 'Pink Crush' PPAF

Lavender/pink flowers are densely packed on round mounds. A refined late summer/fall bloomer, very hardy and low-maintenance. Beloved by bees and butterflies.

Height 20-24"

Zones 3-9

n.-a. 'Purple Dome'

Vivid purple, daisy-like flowers bloom over perfectly mounded foliage from summer to fall. An eye-catcher in mass plantings and in containers.

Height 18-24"

Zones 3-9

Astilbe (False spirea)

With cool, elegant beauty alone or in combinations, *Astilbe* enhances the garden from spring to late fall. Tightly clustered buds open slowly to form feathery plumes, eye-catching at every stage. Left uncut, the clusters often dry in place and last well into fall. *Astilbe* is happiest in light shade and moist soil. Deer resistant.

x arendsii 'Bridal Veil' ('Brautschleier')

Fragrant. Fluffy, pure white, cascading plumes. Early bloomer.

Height 2-3'

Zones 3-9

x a. 'Erika'

Triangular plumes of clear pink flowers. Midsummer bloomer.

Height 24"

Zones 3-9

x a. 'Fanal'

Garnet-red flowers bloom midsummer.

Height 24"

Zones 3-9

chinensis 'Pumila'

Lilac plumes over deeply cut foliage. Late-summer bloomer.

Height 12"

Zones 3-9

c. 'Visions'

Raspberry-pink flowers bloom over lacy, blue-green foliage in midsummer.

Height 15"

Zones 3-9

Astilbe (continued)

<p>c. 'Vision in Pink' Elegant, sturdy bright pink flower plumes rise above deep blue-green foliage. Requires less moisture than other <i>Astilbe</i> varieties.</p>	●●	Height 20–30"	Zones 3–8
<p>c. 'Vision in White' PP18965 A compact addition to the Vision line with the same wonderful performance. Long-lasting clear white plumes borne atop deeply cut bronze-green foliage.</p>	●●	Height 20–30"	Zones 3–8
<p>'Delft Lace' PP19839 Fantastic! Blue-green, waxy foliage with lacy silver overlay. Soft apricot-pink blooms rise high on candy-apple-red stems. A Dutch discovery, parentage unknown.</p>	●●	Height 2–3'	Zones 3–9
<p>japonica 'Montgomery' Wine-red plumes appear in midsummer.</p>	●●	Height 20–24"	Zones 3–8

Ceratostigma (Leadwort)

plumbaginoides

Excellent groundcover! Cornflower-blue flowers bloom continually from late summer until frost. The electric-blue flowers contrast stunningly with red fall foliage.

○ ● Height 8" Zones 6–9

Chelone (Turtlehead)

lyonii 'Hot Lips'

Rosy, lipstick-pink flowers and deep-green glossy foliage are showstoppers in the late summer garden. A beautiful native species loved by butterflies—but not by deer!

○ ● Height 2–3' Zones 3–9

obliqua Tiny Tortuga™ ('Armtipp02') PP25350

Dutch-bred for compact habit, short stature and heavy bloom of hot pink flowers.

○ ● Height 18–24" Zones 4–8

Colocasia (Elephant ears)

ROYAL HAWAIIAN® Collection

A unique group bred for fabulous foliage and colorful stems, disease resistance, and sturdy performance in garden or container.

○ Height 4' Zones 7b–11

Royal Hawaiian® 'Black Coral' PP23896

Big, glossy black leaves with blue veins on sturdy dark stems. Tidy clump-forming habit, great for landscape or large container.

Royal Hawaiian® 'Maui Gold' PP24482

Massive chartreuse leaves on ivory-white stems. Tidy clump-forming habit, great for landscape or large container.

Coreopsis (Tickseed)

auriculata 'Nana'

A compact, low-growing perennial with showy orange flowers. Strong spring bloomer that continues to flower through late summer.

○ ● Height 6–9" Zones 4–9

grandiflora 'Baby Sun'

Very free-flowering. Golden daisies rise up on 16" stems to brighten up the spring garden. Carefree and long-blooming. Spring to midsummer bloomer.

○ ● Height 16" Zones 4–9

g. 'Early Sunrise'

An AAS Award Winner! Bright golden-yellow double buttercup flowers on sturdy, tall stems in spring. Flowers first year.

○ ● Height 18–24" Zones 4–9

g. 'Sunkiss'

Brilliant yellow petals with a brushstroke of deep red at base. Heat tolerant and fast finishing.

○ ● Height 12–14" Zones 4–9

x'Jethro Tull' PP18789

A flourish of fluted, golden-yellow petals. Large trumpets bloom from late spring through summer. An outstanding introduction from ItSaul Plants.

○ ● Height 12–18" Zones 5–9

x'Moonbeam'

Creamy-yellow flowers contrast beautifully with black-green foliage. **Perennial Plant of the Year 1992.** Tough and reliable, the gold standard of threadleaf *Coreopsis*. Also a high scorer at Mt. Cuba trials.

○ ● Height 12–24" Zones 4–9

COREOPSIS BY DARRELL PROBST

Crossing and re-crossing multiple species, breeder Darrell Probst has banged out a constellation of stellar performers in his Big Bang™ and Li'l Bang™ series.

Big Bang™ 'Mercury Rising' PP24689

Colorfast, velvety wine-red flowers, to 2" wide, with frilly, glowing gold centers. Apple-green narrow foliage spreads attractively. Scored high in trials at Mt. Cuba Center.

○ Height 18" Zones 5–9

LI'L BANG™ Series

Cute, compact, mildew-resistant varieties are naturally dwarf and self-branching—perfect for smaller borders or containers.

○ Height 6–12" Zones 4–9

Li'l Bang™ 'Darling Clementine' PP31843 Burnished gold-orange petals are richly suffused at center, lightening to paler gold outer edges.

Li'l Bang™ 'Daybreak' PP27138 Single bicolor flowers, red with sunny yellow/orange edge.

Li'l Bang™ 'Enchanted Eve' PP27857 Bicolor petals are dark yellow at tips with rich red-orange bases around golden centers. Compact mounds of neat, narrow leaves.

Li'l Bang™ 'Goldilocks' PPAF Sweet buttery yellow petals are cutely cupped and crinkled.

Li'l Bang™ 'Red Elf' PP27918 Rich velvety-red flowers with yellow centers.

Coreopsis (continued)

PERMATHREAD™ Series

Clean, slender foliage forms strong erect clumps. Shear for rebloom into fall. Superior selections by Darrell Probst.

Height 16–18" Zones 4–9

PermaThread™ 'Butter Rum' PPAF

Wide, slightly cupped petals, subtle yellow-gold with peachy picotee tips. Rich red/brown centers.

PermaThread™ 'Red Satin' PP25736

Satiny, wine-red flowers with cheerful gold centers. Red is stable even in hot weather. Clean foliage forms strong erect clumps. Shear for rebloom into fall. Uniform mounds of threadleaf foliage.

Coreopsis PermaThread™ 'Butter Rum'

Coreopsis PermaThread™ 'Red Satin'

Coreopsis Satin & Lace™ 'Ice Wine'

Coreopsis r. 'American Dream'

SATIN & LACE™ 'Ice Wine' PP31367

Highly mildew resistant, bushy and compact. Vibrant two-tone flowers feature clean, linen-white petals with pretty mulberry bases around dark, gold-flecked centers.

Height 16–22" Zones 6–9

rosea 'American Dream'

A fetching native with rosy-pink, daisy-like flowers from midsummer into fall.

Height 12–18" Zones 4–9

UPTICK™ Series

A well-matched, award-winning collection with large flowers and neat, compact, mounding habit. Easy to finish, easy to ship. Available in the following colors.

Height 12–14" Zones 5–9

UpTick™ Cream & Red ('Balupteamed') PP28866 Off-white toothy flowers with maroon eye and gold centers.

UpTick™ Gold & Bronze ('Baluptgonz') PP28882 Striking bicolor with rusty-red centers and golden tips.

UpTick™ Yellow & Red ('Baluptowed') PP28865 Cheerful yellow daisies with rich-red eye zones.

Coreopsis UpTick™ Cream & Red

Coreopsis UpTick™ Gold & Bronze

Coreopsis UpTick™ Yellow & Red

Delosperma cooperi

Delosperma Fire Spinner®

v. 'Zagreb'

Long-blooming, golden-yellow disks float above compact masses of finely filigreed foliage from midsummer to early fall. A garden classic.

Height 12–15" Zones 4–9

Delosperma (Ice plant)

cooperi

Sea-glass green foliage supports hundreds of fluorescent purple flowers May to July. Salt- and drought-tolerant. An exceptional groundcover.

Height 3–6" Zones 6–10

Fire Spinner®

One hot ice plant! Flaming orange petals surround smoking red/purple/yellow centers in spring with sporadic summer flare-ups. Glossy, apple-green foliage.

Height 2" Zones 5–10

JEWEL OF DESERT Series

Long-blooming little gems in a nifty range of colors from Japanese breeding. Expect flowers from late spring straight through to fall. All have bicolor or tricolor bullseye flowers with pale centers surrounding gold stamens.

Height 4–6" Zones 5–10

Jewel of Desert Candystone ('18-162') PP30320 Bright bubblegum-pink flowers with yellow centers.

'Jewel of Desert Garnet' PP23471 Rich red outer petals segue to magenta hubs around yellow stamens.

Jewel of Desert Grenade ('DSAA13-1') PP27014 Hot orange-red blooms with lavender centers.

Jewel of Desert Sunstone ('DE-152') PP30294 Bright orange flowers with purple centers and yellow stamens.

'Jewel of Desert Topaz' PP23492 Electric orange with white centers and pink transition zone.

Delosperma 'Jewel of Desert Garnet'

Delosperma Jewel of Desert Sunstone

WHEELS OF WONDER® Series

WOW! is a fitting acronym for this long-blooming, low-maintenance collection.

Rich green foliage is a perfect backdrop for big, shiny flowers. Larger and faster-growing than Jewel of Desert. Bigger flowers, too. Suitable for larger pots and even hanging baskets.

Height 6–8" Zones 6–9

Fire Wonder ('WOWDAY2') PP25645 Smoldering orange/red petals surround flame-yellow eyes.

Golden Wonder ('WOWD20111') PP25684 Rich yellow petals with a small white eye around prominent yellow stamens.

Hot Pink Wonder ('WOWDRY1') PP26157 Sunglasses recommended! Brilliant shiny magenta daisies with yellow and white centers.

Limoncello ('WOW312') PPAF A dazzling bicolor! Pure white outer petals contrast nicely with short, spiky, bright yellow inner petals.

Purple Wonder ('P15R1') PP31674 Glossy purple petals with a clean white circle at center.

Salmony Pink ('P15PY4') PP31958 A three-ring circus of color, with a broad band of soft pink surrounding a bright yellow inner circle and a white bullseye center.

Dianthus Scent First® Sugar Plum

Dianthus (Pinks)

×barbatus Rockin'™ Red

Rich, vivid red flowers with fringed petal edges and paler eye zones. Blooms in spring with summer and fall rebloom.

Height 18–24"

Zones 5–8

BEAUTIES® Series

Beauties® 'Kahori'

Spicy-scented, medium-pink flowers bloom almost constantly through summer on neat rounded mounds of grassy green foliage. Kahori means "fragrant" in Japanese.

Height 10–12"

Zones 5–8

Beauties® Kahori Pink®

Lilac pink, semi-double flowers, deliciously scented, just keep on coming. Lush green foliage forms dense, compact rounded mounds.

Height 10–12"

Zones 5–8

gratianopolitanus Firewitch ('Feuerhexe') (Border pinks)

Perfect mounds of grassy blue-gray foliage boast fragrant, magenta-pink flowers. Low-growing habit makes a great groundcover. **Perennial Plant of the Year 2006.**

Height 6–8"

Zones 3–8

VIVID™ Series

Long-blooming, brightly colored vivid flowers on strong stems light up the sunny border. These interspecific hybrids are great alone, massed, or in mixed containers.

Height (as shown)

Zones 5–9

Vivid™ Bright Light ('Uribest52') PP28239

Masses of dazzling pink flowers with toothy edges. **Height 8"**

NEW! Vivid™ Cherry Charm ('A12228-0') PP30871

Gangs of radiant, rosy-red blooms with prominent pink stamens. **Height 4–6"**

DIANTHUS BY WHETMAN

The carnation family has charmed gardeners for generations. "Pinks" bring English cottage garden style to borders everywhere.

And no one breeds them like Pinks by Whetman, specialists in Dianthus since 1936.

AMERICAN PIE® Series

A compact, mound-forming collection bred for superior performance in container or border. Big fragrant single blooms on sturdy stems make great cut flowers.

Height 10–12"

Zones 5–8

American Pie® Bumbleberry Pie ('WP17 PIE54') PP30245

Rose pink blooms with vivid pink centers.

American Pie® Georgia Peach Pie ('WP15PIE45') PP29900

Palest blush pink with vibrant coral centers.

EARLY BIRD™ Series

True to name, these varieties begin blooming as early as late February or early March. Great for window box, basket, or planter.

Height 6"

Zones 5–8

Early Bird™ Fizzy ('WP08 VER03') PP21394

Effervescent, pale lavender petals with serrated edges and deep-purple centers.

Early Bird™ Frosty ('WP10 VEN06') PP23894

Pure white double flowers on sturdy stems. Wonderful fragrance!

Early Bird™ Radiance ('WP08 MAR05') PP21824

Brilliant crimson-red blooms on notably uniform plants.

Early Bird™ Sherbet ('WP08 NIK03') PP21418

Big double magenta flowers on strong stems that won't flop. Glaucous blue-green foliage.

SCENT FIRST® Patio Series

Selected by Whetman Pinks for fragrant fragrance and excellent garden performance.

Height 9–11"

Zones 5–8

Scent First® Passion ('WP Passion') PP20440

Prolonged production of velvety red, fragrant flowers over mounds of glaucous foliage.

Scent First® Romance ('WP09 WEN04') PP21843

Salmon-pink double blooms. Low-growing, with slender stems rising from mats of silvery narrow leaves.

Scent First® Sugar Plum ('WP08 IAN04') PP21398

Fluffy ruffled cherry-red flowers, prettily frosted with sugary pale-pink edges and centers. Blooms April to October.

Dianthus (continued)

SCENT FIRST® Pot Series

Selected for compact form and great container performance.

Scent First® Coconut Surprise ('WP05 YVES') PP18828

Masses of pure white double flowers with maroon eyes. Very compact silver-blue foliage.

Scent First® 'Coral Reef' PP19660

Spicy-scented double flowers. Swirls of coral-pink petals are edged in seafoam white. Compact, mounding habit.

Scent First® Tickled Pink ('Devon PP11') PP14919

Toothy pink flowers on neatly mounded glaucous foliage. A traffic-stopper in the garden.

Height 8–10"

Zones 5–8

Digitalis (Foxglove)

NEW! hybrida Arctic Fox Rose ('Balroxose') PP31900

Sturdy columns of dark rose-pink trumpets with paler, lightly speckled throats. Flowers from late spring deep into summer.

Height 18–24"

Zones 6–9

x mertonensis (Strawberry foxglove)

Tall foxglove hybrid with large, coppery-pink spires of tubular flowers. Irresistible to hummingbirds. Plant along fences, the edge of woods, and in large containers. Attractive even when not in bloom.

Height 2–3'

Zones 6–9

purpurea DALMATIAN Series

Upright columns of beautiful trumpet flowers with heavily spotted throats. Uniform, well-branched and compact.

Height 16–20"

Zones 5–9

p. Dalmatian Crème

Creamy-white flowers with contrasting dark maroon spots.

p. Dalmatian Peach

Peachy pink/orange with subtle darker freckling inside.

p. Dalmatian Purple

Deep lavender/purple blooms with maroon spots.

p. Dalmatian Rose

Rosy purple bells with dark crimson spots in paler throats.

p. 'Foxy'

The standard-bearer for biennial foxgloves. Trumpets of red, white, and yellow on tall stiff stems. Great vertical accent and cut flower.

Height 30"

Zones 4–8
(Biennial)

Duranta (Dewberry)

erecta Cuban Gold™

A tender, shrubby, upright plant with neat habit and bright golden foliage. Brightens up landscapes and containers.

Height 10–18"

Zones 10–11

Echeveria (Mexican hens & chicks)

An interesting, varied group of tender succulents for houseplants or patio pots. This low-maintenance genus needs a well-drained potting medium and a light watering touch.

agavoides 'Ebony'

Forms clusters of soft spiky rosettes with rich purple tips. Pink flowers in late winter.

Height 6–8"

Zones 9–11

imbricata 'Blue Rose'

Big flattened powder-blue leaves with pink edges. One of the most popular varieties in the genus.

Height 8"

Zones 9–11

nodulosa (Painted Echeveria)

Colorful fleshy leaves, gray-green with contrasting burgundy veins and edges.

Height 12"

Zones 9–11

setosa (Mexican Firecracker)

The specific epithet "setosa" is Latin for hairy, describing the dense, soft white bristles on the cupped, rounded foliage.

Height 2–3"

Zones 9–11

Echinacea (Coneflower)

purpurea

The original! Large, pink/purple daisy-like flowers with swept-back, reddish-purple rays and orange cone centers. A North American native. Irresistible to butterflies!

Height 3–4'

Zones 3–9

p. 'Green Twister'

Unique! Daisy flowers feature carmine-red petal bases, changing to lemon-green perimeters. A generous bloomer.

Height 3'

Zones 3–8

Echinacea (continued)

<p>p. 'Magnus' This coneflower's improved color, horizontal form, and easy care made it 1998's Perennial Plant of the Year.</p>	○	Height 3–4'	Zones 3–9
<p>p. 'Magnus Superior' A "best of breed" seed strain culled from Jelitto's production fields. Selected for strong, dark stems, big pink flowers, and uniform habit.</p>	○	Height 3'	Zones 3–9
<p>p. 'Mellow Yellows' Big cheerful daisies range from palest yellow to richest deep gold, all with bright orange spiky centers. A sturdy, reliable nativar from Jelitto.</p>	○	Height 24–30"	Zones 4–9

'Cheyenne Spirit'

A tough, cheerful, colorful seed mix of gold, scarlet, orange, rosy-red, cream, purple, and yellow shades. **Fleuroselect and AAS winner, too.**

○ Height 24–30" Zones 4–9

We grow limited quantities of 'Cheyenne Spirit' under short-day treatment.

NEW! Pretty Parasols ('JS Engeltje') PP31675

Reflexed petals, creamy white with a blush of magenta/pink at base, surround tapered golden cones. Sturdy stems. Long-flowering, from midsummer deep into autumn.

○ Height 30–36" Zones 4b–9

ECHINACEA BY TERRA NOVA NURSERIES

KISMET® Series

Bred for sturdy stems, upright habit and high crown count. Free-flowering, with big colorful daisies all summer. Available in the following colors:

○ Height 16" 24" in flower Zones 4–10

Kismet® Intense Orange ('Tnechkio') PP28769

Kismet® Red ('Tnechkrd') PP29743

Kismet® Raspberry ('Tnechr') PP28768

Kismet® White ('Tnechkw') PP30856

Kismet® Yellow ('Tnechky') PP29922

Supreme™ 'Cantaloupe' PP24897

Fluffy double flowers the color of ripe cantaloupe. Young blooms resemble Gerbera daisies. Selected for high crown count and vigor by Terra Nova Nursery.

○ Height 30" Zones 4–10

'Tomato Soup' PP19427

Fill your bowl with huge tomato-red single blooms up to 6" across. Well-branched and vigorous.

○ Height 30–32" Zones 4–10

Erysimum (Wallflower)

GLOW™ Series

Bred for low, ground-hugging habit and long bloom time. Loads of honey-scented blooms in a range of citrus-y hues. Available in:

○ Height 6–8" Zones 5–9

Glow™ Bright Gold

Glow™ Mango

Glow™ Coral ('ER0509-01')

Glow™ Orange

Glow™ Golden ('ER073-10')

Eupatorium (syn. Eutrochium) (Joe Pye weed)

purpureum 'Baby Joe' PP20320

Masses of large, lavender-rose flowers bloom over bright green foliage. A sturdy compact form, the smallest Joe Pye yet.

○● Height 2–3" Zones 3–7

Euphorbia (Spurge)

xmartinii 'Ascot Rainbow' PP21401

Dazzling variegated foliage, blue-green with creamy-yellow edges, deepens in cool weather with intense red tones. Compact, vase-shaped habit. Lime green flowers.

○ Height 20" Zones 6(5)–9

Eutrochium

See *Eupatorium*, page 27.

Ferns (All deer resistant)

Athyrium nipponicum 'Metallicum' (Japanese painted fern)

Gray-green foliage with burgundy ribs and silver highlights on reddish stems. Adaptable, but happiest in light shade. More consistently colorful than the better-known 'Pictum'.

●● Height 12–18" Zones 3–9

n. 'Red Beauty'

With richer red stems and veins, this silver-kissed beauty upstages *A. n.* 'Pictum' (a PPA Plant of the Year).

●● Height 8–20" Zones 4–9

Cyrtomium fortunei (Fortune's cold hardy holly fern)

This fast-growing fern tolerates cold weather better than the much-loved Japanese holly fern. Erect habit with glossy, dark green leaves.

●● Height 18–30" Zones 5–10

Dryopteris erythrosora

Dryopteris w. 'Jurassic Gold'

Matteuccia struthiopteris

Osmunda cinnamomea

Phyllitis scolopendrium 'Undulata'

Polystichum polyblepharum

Gaillardia xg. 'Arizona Sun'

Gaillardia xg. 'Mesa Peach'

Gaillardia xg. 'Mesa Red'

Gaillardia xg. 'Mesa Yellow'

Gaillardia xg. 'Goblin'

Ferns (continued)

Dryopteris erythrosora (Autumn fern)

In late spring/early summer, new fronds first appear with coppery-bronze hue. Foliage then matures through summer to a shiny Kelly green.

●● Height 18–24" Zones 5–9

NEW! *Dryopteris wallichiana* 'Jurassic Gold' PPAF

Precious! New spring growth emerges sparkling orange/gold, maturing to bright golden yellow and green. Brightens up shady plantings.

●● Height 24" Zones 5–9

Matteuccia struthiopteris (Ostrich fern)

A big, showy shade-garden specimen. Tall, bright green sterile fronds surround shorter brown fertile fronds. American native. Deer resistant. Tolerates sun if kept moist.

●● Height 3–6' Zones 3–8

NEW! *Osmunda cinnamomea* (Cinnamon fern)

Green sterile fronds arch gracefully. Cinnamon-brown fertile fronds stand erect. A beautiful, impressive North American native species.

●● Height 2–4' Zones 3–8

Phyllitis scolopendrium 'Undulata' (Hart's tongue fern) (syn. *Asplenium* sc.)

Leathery, light-green fronds with wavy margins form erect arching clumps.

●● Height 8–12" Zones 4–9

Polystichum polyblepharum (Korean tassel fern)

Stiff, arching, lacy-edged fronds are deep green and deer resistant.

●● Height 18" Zones 5–9

Fragaria (Ornamental strawberry)

'Lipstick'

Deep rose-red blooms with yellow centers on trailing strawberry foliage. Great for borders, containers, even hanging baskets. An intergeneric hybrid. Occasionally produces small ornamental fruit. Not for culinary use.

○ Height 6" Zones 5–9

Gaillardia (Blanket flower)

aristata SPINTOP Series

All varieties feature large, flat, richly hued flowers with toothy-tipped petals from spring to fall. Good basal branching makes them tight and compact for excellent container presentation.

○ Height 12" Zones 3–10

a. SpinTop Copper Sun PPAF

Coppery red fluted petals with golden-throated flared tips.

a. SpinTop Red PPAF

Fluffy flowers of solid medium red with prominent gold stamens.

a. SpinTop Orange Halo ('Bargaispinor') PP29205

Intense orange petals with yellow tips forming a halo around the flower.

a. SpinTop Yellow Touch ('Bargaispinyel') PP29206

Foiled ya! Petals are rich red "touched" with yellow tips.

×*grandiflora* ARIZONA Series

AAS winners zoom from zero to retail-ready in record time. Big (3–3½") daisies summer/fall on uniform mounds of bright green foliage. First-year flowering with no vernalization required.

○ Height 12" Zones 3–10

×*g.* 'Arizona Apricot'

Bright yellow petal edges darken smoothly to rich apricot centers.

×*g.* 'Arizona Red Shades'

Dark crimson flowers age to lighter hues for multicolored effect. Some petals have gold tips.

×*g.* 'Arizona Sun'

Lots of red-orange, 3" daisies edged in golden yellow. Drought tolerant, compact, and long flowering. **An AAS Award Winner.**

×*g.* 'Goblin' (Kobold)

A classic dwarf form with carmine-red petals and yellow rims.

○ Height 10–12" Zones 3–10

×*g.* MESA Series

Intense color all season. Drought tolerant and very floriferous. Uniform and versatile, suitable for pots from 4" to 1 gallon.

○ Height 14–20" Zones 5–10

×*g.* 'Mesa Bright Bicolor'

Bright yellow petals with red center ring.

×*g.* 'Mesa Red'

Rich red petals won't fade. Blooms early and often.

×*g.* 'Mesa Peach'

Yellow petals with peachy pink glow in the center. The shortest and earliest-blooming of the series.

×*g.* 'Mesa Yellow'

An AAS Award Winner! Bright, clear yellow flowers from late spring until fall.

Galium (Sweet woodruff)

odoratum

A low-growing creeping groundcover with small white flowers in spring. Prefers moist shade, but tolerates some sun. Rich green, lance-shaped, fragrant foliage is used in potpourri.

●● Height 6–10" Zones 4–8

Galium odoratum

Gaura (Wand flower) (a.k.a. Oenothera lindheimeri)

Dainty blooms float on wand-like spikes from early summer to frost. Long bloom season and drought tolerance make this North American native a terrific plant for the landscape.

lindheimeri Belleza™ Dark Pink ('Kleau04263') PPAF

Well branched with short flowering stems and an upright habit.

○ Height 12–18" Zones 6–10

Gaura I. Belleza™ Dark Pink

Gaura I. 'Crimson Butterflies'

I. 'Crimson Butterflies' PP13189

Short, red stems hoist hot pink flowers over dark-crimson leaves.

○ Height 18–24" Zones 5–10

NEW! I. 'Graceful Magic' PPAF

A compact variety with dark pink flowers. Multicolored variegated foliage forms symmetrical mounds.

○ Height 6–10" Zones 5–10

I. Rosy Jane ('Harrosy') PP22290

Bodacious bicolor! White flowers with beautiful pink picotee edges on neat stands of willowy stems. Introduced by award-winning Hardy's Cottage Garden Plants, UK.

○ Height 24–30" Zones 5–10

Gaura I. 'Graceful Magic'

Gaura I. Rosy Jane

Gaura I. 'Siskiyou Pink'

I. 'Siskiyou Pink'

Brilliant rosy-pink flowers with white stamens. An introduction from Siskiyou Nursery.

○ Height 18–30" Zones 5–10

I. 'Sparkle White'

Dainty white flowers with faint pink blush for airy elegance and movement in the border. AAS and Fleuroselect awards winner.

○ Height 18–24" Zones 6–9

Gaura I. 'Sparkle White'

Geranium 'Rozanne'

Helleborus xh. Walberton's® Ivory Prince

I. 'Whirling Butterflies'

Bright white flowers flutter on slender red stems, floating like butterflies above willow-like foliage.

○ Height 2–3' Zones 5–10

Geranium (Hardy geranium)

'Rozanne' (GERWAT)

Violet-blue flowers from spring to fall. Vigorous clumps of green dentate leaves with pale marbling turn red in fall. Declared **Perennial Plant of the Year 2008** by PPA, **Plant of the Centenary** by RHS, and **winner of an RHS Award of Garden Merit**. Bred in Somerset, England. From Must Have Perennials®.

○● Height 20" Zones 5–8

Helleborus (Lenten Rose)

The perfect shade perennial—deer proof, evergreen, hardy and tough. Makes a great cut flower, too.

NEW! xhybridus Walberton's® Ivory Prince ('Walhelivor') PP16199

Ivory-white blooms open from burgundy buds, taking on a rosy blush as they mature. Flowers face outward for a great show. Dark green, silver-veined foliage stays compact. A classic from famed breeder David Tristram.

● Height 12–18" Zones 4–9

Gaura I. 'Whirling Butterflies'

xnigercors Winter Magic™ 'Candy Love' PP19413

A profusion of outward-facing, pastel yellow and pink blooms. Very floriferous and vigorous, forming large clumps in the garden. Leathery leaves with a lovely gray patina.

● Height 12–15" Zones 3–9

Hemerocallis (Daylily)

'Happy Returns'

Lemon-yellow flowers bloom from May until hard frost. A fragrant, repeat-blooming diploid from breeder Dr. Darrel Apps. Semi-evergreen.

○● Height 18" Zones 3–9

Helleborus xn. 'Candy Love'

Hemerocallis 'Happy Returns'

Hemerocallis 'Stella de Oro'

'Stella de Oro'

Canary-yellow blooms characterize this popular daylily. A **1985 Stout Medal winner**. Blooms early and is a prolific repeat bloomer. Fragrant flowers. Diploid. Dormant type.

○● Height 15–18" Zones 3–9

CARNIVAL Series

An award-winning hybrid series with *H. villosa* bloodlines. Uniform mounding habit makes great retail gallons. Attractively veined leaves. Good heat tolerance.

Height 10–12"

Zones 4–9

'Carnival Black Olive' PPAF Shiny purple-black lobed leaves.

'Carnival Peach Parfait' PP24928 Silver with copper veins and burgundy backs.

'Carnival Plum Crazy' PP24771 Shiny silver with slate veins and red backs.

'Carnival Rose Granita' PPAF Silver with rosy overtones and maroon backs.

'Carnival Watermelon' PP24803 A medley of hues, green to rose to cantaloupe.

'Melting Fire'

A deep-maroon *Heuchera* with strongly curled leaf edges. Foliage emerges bright red and creates highlights on this dazzling variety.

Height 15–18"

Zones 4–9

micrantha 'Palace Purple'

Tidy mounds of purple-bronze foliage, perfect in border or container. Small white flowers. **Perennial Plant of the Year 1991**, this one sparked the *Heuchera* revolution and still scores well in trials.

Height 18–24"

Zones 4–9

×*villosa* 'Caramel' PP16560

Creamy butterscotch leaves have striking purple undersides. Useful neutral border buffer to quell clashing colors. A native species, heat and humidity tolerant.

Height 12"

Zones 4–9

×*v.* 'Citronelle' PP17934

Bright yellow foliage forms neat mounds. Turns rich bronze in fall/winter. Top-rated variety in trials at Mt. Cuba Center, DE. Best in shade in MidAtlantic and farther south.

Height 12"

Zones 4–9

HEUCHERA BY TERRA NOVA

After decades of breeding and selection, *Heuchera* is Terra Nova Nursery's signature genus. Get the varieties customers crave in the liners you love to grow on.

'Autumn Leaves' PP22103

Red spring leaves mature to taupe in summer, then turn ruby red for fall. Pink/white flowers May–July.

Height 8–18"

Zones 4–9

'Berry Smoothie' PP21871

Tasty! Rose-pink foliage with a metallic sheen is an eye-catching standout in pot or garden.

Height 9–14"

Zones 4–9

'Black Taffeta' PP26162

Big, silky black leaves, fluffed, ruffled and ready for the fashion runway. A vigorous grower. Pink flowers in early summer.

Height 12–21"

Zones 4–9

'Cajun Fire' PP24150

A garden chameleon, emerging red in spring, changing to black in summer and maroon in fall. White flowers on short dark stems over rounded mounds. Exceptionally heat and humidity tolerant.

Height 10–18"

Zones 4–9

'Delta Dawn' PP23545

Another shade-shifter! In spring, the large round leaves are red with bright lime-green edges. In summer, they're lime-gold with intricate red veins. Extremely showy. Exceptionally heat and humidity tolerant.

Height 8"

Zones 4–9

'Fire Alarm' PP24525

Alarmingly red! Leathery red, red leaves form impossible-to-ignore mounds. A vigorous grower. Exceptionally heat and humidity tolerant.

Height 9–13"

Zones 4–9

Forever® Purple ('TNHEUFP') PP26358

Glossy ruffled leaves, purple as purple can be year-round. A vigorous form with short spikes of purple-pink flowers.

Height 12–22"

Zones 4–9

Forever® Red ('Tnheufr') PP29644

Rich red ruffled foliage gleams from spring to fall. Vigorous grower. White flowers in summer.

Height 7–14"

Zones 4–9

'Georgia Peach' PP19375

New leaves emerge peachy pink with silver overlay, then deepen to frosted rose-purple through summer. White flowers. Exceptionally heat and humidity tolerant.

Height 14–30"

Zones 4–9

'Lime Marmalade' PP21861

Big, super-vigorous mounds of frilly, acid-green leaves.

Height 10–16"

Zones 4–9

Heuchera (continued)

'Lime Rickey' PP16210

Refreshing lime green/chartreuse ruffled foliage is distinctively decorative in border or container. A vigorous grower with lots of small white flowers in spring.

Height 8–17"

Zones 4–9

'Marmalade' PP15945

Dark, shiny undulating foliage. Top of leaf ranges seasonally from umber to deep sienna. Hot pink undersides make an eye-catching bicolor contrast.

Height 10–16"

Zones 4–9

'Midnight Rose' PP18551

Shiny black leaves generously splattered with pink splashes. A sport of 'Obsidian' discovered in Maryland and an **international award winner**.

Height 10–24"

Zones 4–9

'Obsidian' PP14836

Satiny jet-black leaves, the perfect backdrop to make flowers pop. The standard against which all black forms are measured.

Height 10"

Zones 4–9

'Paprika' PP24575

Bright orange-rose spring foliage matures to cherry-coral with a white veil in summer. Very showy, makes great containers.

Height 8–12"

Zones 4–9

'Peach Flambé' PP17195

Large, smooth leaves of glowing peach turn purple in winter. Color shifts provide multi-season interest. White flowers in spring. A vigorous grower.

Height 7–16"

Zones 4–9

'Red Lightning' PP27767

It's electric! Bolts of hot red veins flicker outward into big gold leaves.

Height 11–18"

Zones 4–9

'Southern Comfort' PP20364

Big cinnamon-peach leaves make a bold foliage statement. Creamy-white flowers in late summer. Exceptionally heat and humidity tolerant.

Height 14–22"

Zones 4–9

Heuchera 'Lime Rickey'

Heuchera 'Marmalade'

Heuchera 'Midnight Rose'

Heuchera 'Obsidian'

Heuchera 'Paprika'

Heuchera 'Peach Flambé'

Heuchera 'Red Lightning'

Heuchera 'Southern Comfort'

Heucherella (Foamy bells)

HEUCHERELLA FROM TERRA NOVA

'Buttered Rum' PP25040

Deeply cut leaves emerge caramel-colored, maturing to a burnished deep rose red in cool weather. Dainty white flower spikes in summer. A clumper, not a runner.

Height 7–10"

Zones 4–9

'Firecracker' PPAF

Deeply lobed leaves with bright yellow margins surrounding dark orange-red centers and veins. Very compact and self-branching.

Height 7–10"

Zones 4–9

'Peach Tea' PPAF

Peaches & cream! Peachy-red foliage with a foamy topping of creamy white spikes. A sturdy clump-former with a deceptively dainty appearance.

Height 10–16"

Zones 4–9

'Solar Eclipse' PP23647

Scalloped red-brown leaves with lime-green borders put others in the shade. Dramatic!

Height 10–16"

Zones 4–9

'Sweet Tea' PP21296

Intense color! Mounds of big, starry cinnamon leaves with orange-tinged edges. Leaves darken in summer, brighten again in fall.

Height 20"

Zones 4–9

Heucherella 'Buttered Rum'

Heucherella 'Firecracker'

Heucherella 'Peach Tea'

Heucherella 'Solar Eclipse'

Heucherella 'Sweet Tea'

Hibiscus (Rose mallow)

moscheutos LUNA Series Grown in Preforma® by Jiffy®

These hardy *Hibiscus* are bred for dense branching, neat, dwarf rounded habit, and a lavish flourish of big, showy flowers, 6–8" across. They thrive in heat, even in muggy southern summers.

Height 2–3'

Zones 5–9

m. 'Luna Pink Swirl' White and pink candy-striped flowers with red centers.

m. 'Luna Red' Rich, solid, burgundy-red flowers.

m. 'Luna Rose' Clear, solid, rosy-pink flowers.

m. 'Luna White' Clean white flowers with red centers.

Iberis s. 'Purity'

Iberis Snowcone™

Hosta (Plantain lily)

One of the top-selling perennial genera in North America. Our selection represents a broad spectrum of sizes, forms, and foliage colors.

Height (as shown)

Zones 3–9

'Blue Angel' (P. Aden)

Biggest of the blues! Large masses of huge, heart-shaped blue-gray leaves, with glossy clear white flowers in midsummer. **42" w × 36" h**

'Earth Angel' (Hansen 2002)

Variegated sport of 'Blue Angel' makes a bold statement. Big blue-green leaves with wide, creamy white/yellow edges. White hyacinth-like blooms. **"Hosta of the Year" 2009. 48" w × 36" h**

'First Frost'

Icy blue leaves with creamy-yellow margins, brightening to frosty white in summer. Lavender flowers. A sport of 'Halcyon'. **36" w × 18" h**

'Fragrant Blue' (P. Aden)

Rounded, powder-blue leaves create a small-to-medium clump, perfect for edging or containers. Fragrant, lavender flowers bloom in late spring. **30" w × 18" h**

'Fragrant Bouquet' (P. Aden)

Chartreuse leaves with wide, creamy margins sport highly fragrant flowers. More sun tolerant than other hosta varieties. **22" w × 18" h**

'Francee' (Klopping AHS 1986)

Forest-green, heart-shaped leaves with a white edge. Lavender flowers. A classic hosta! **36" w × 15" h**

'Patriot' (Machen 1992)

Dark-green leaves with a wide, white edge. Lavender flowers. **1997 Hosta of the Year winner.** A top-shelf variety! **36" w × 22" h**

'Rainforest Sunrise'

Small, cupped and corrugated leaves with radiant golden centers narrowly framed in deep green. **Hosta of the Year 2013. 16" w × 10" h**

'Royal Standard'

Glossy bright green leaves, deeply corrugated, with wavy edges. Forms large mounds. Creamy white blooms rise to 40". Very popular. **48–60" w × 26" h**

sieboldiana 'Elegans' (AHS 1987)

Big, bold, dusty-blue hosta with extraordinary presence. Heavily textured, cupped leaves of glaucous blue-green. Pristine white flowers are very showy. **48" w × 24" h**

'So Sweet' (P. Aden 1986)

Crisp green, heart-shaped leaves. Gold margins age to white. Fragrant lavender flowers. Very heat tolerant, great in the South. Vigorous, suitable for massing. **Hosta of the Year 1996. 22" w × 14" h**

'Stained Glass' (H. Hansen 1999)

Hosta of the Year in 2006. Shiny, deeply veined, bright gold leaves edged in dark green. Fragrant pale-lavender flowers. Sun tolerant and a vigorous grower. **36" w × 15" h**

'Sum and Substance' (P. Aden 1979)

A large, impressive hosta with deeply veined, large, glossy chartreuse leaves. Lavender flowers. A very sun-tolerant cultivar. **60" w × 36" h**

'Wide Brim' (P. Aden 1979)

Heart-shaped leaves with blue-green centers and wide, irregular cream-colored borders. Light-lavender to white flowers. **RHS Award of Garden Merit 1993. 36" w × 24" h**

Hypericum (St. John's wort)

calycinum

This semi-evergreen groundcover boasts bright-yellow flowers throughout the summer. Great choice for use under trees where many plants cannot survive.

Height 12–18"

Zones 5–9

Iberis (Candytuft)

amara 'Summer Snowdrift' PP30713

Heavy production of pristine white flowers spring to late summer. Very heat tolerant. Grown as a short-lived perennial in the South, an annual in the North.

Height 10–12"

Zones 6b–9

sempervirens 'Purity'

Pure white flower clusters adorn shiny dark-green leaves. Extremely showy in spring, with sporadic reblooms in summer and fall.

Height 8–10"

Zones 3–9

Snowcone™

Early-blooming, compact, and floriferous. Naturally well-branched and uniform.

Height 4"

Zones 3–8

Iris (Blackberry lily)

domestica (syn. *Belamcanda chinensis*)

Strong, flat clusters of blade-like foliage. Bright orange-spotted flowers give way to attractive “blackberry” seedheads. Flowers and seeds make good cut stems. Drought tolerant.

Height 24”

Zones 4–9

Iris domestica (syn. *Belamcanda*)

Kniphofia (Red hot poker)

uvaria ‘Flamenco’ Mix

Eye-catching spires of red, orange, and yellow erupt from dense clumps of grass-like foliage in spring and summer. An All-America Selections Award Winner.

Height 28–32”

Zones 5–9

Kniphofia u. ‘Flamenco’

Lamiaeastrum (Yellow archangel)

galeobdolon ‘Herman’s Pride’

A superb selection for deep shade, this groundcover slowly spreads to form dense clumps. Strong silver highlights brighten any shaded area. Deer resistant.

Height 12”

Zones 4–8

Lamiaeastrum g. ‘Herman’s Pride’

Lamium m. ‘Beacon Silver’

Lamium (Dead nettle) (All deer resistant)

maculatum ‘Beacon Silver’

Semi-evergreen groundcover. Silver leaves edged in deep green. Mauve flowers in summer.

Height 6–8”

Zones 3–8

Lamium m. ‘Purple Dragon’

Lamium m. ‘White Nancy’

m. ‘Purple Dragon’ PP15890

Large, deep-purple flowers bloom all summer over stunning silver foliage.

Height 4–8”

Zones 3–8

m. ‘White Nancy’

In summer, white flowers bloom over dense, silver foliage. The bright foliage and flowers brighten shady areas, while its dense habit chokes out any weeds.

Height 4–8”

Zones 3–8

Lavandula a. Big Time Blue

Lavandula (Lavender) (All deer resistant)

Our starters are grown for ornamental, not culinary, use.

angustifolia Big Time Blue (‘Armtipp01’) PP24827

Big, thick spikes of purple/blue flowers bloom early over vigorous mounds of gray-green foliage.

Height 18–24”

Zones 5–9

a. ‘Blue Spear’

Bred for maximum show, with bigger, taller upright flower spikes than other seed-grown forms. Very uniform for easy cropping.

Height 11–13”

Zones 6–8

Lavandula a. ‘Blue Spear’

a. ‘Ellagance Purple’

An elegant flourish of purple-blue flower spikes over fragrant gray-green foliage.

Height 12–18”

Zones 5–9

Lavandula a. ‘Ellagance Purple’

a. ‘Hidcote’

Evergreen perennial with subtle gray-green leaves and a sweet fragrance. Purple stalks rise above foliage in midsummer.

Height 12–24”

Zones 5–9

Lavandula a. ‘Hidcote’

a. ‘Lavance Deep Purple’

Intense purple flower spikes rise from uniform, compact clumps of basal-branching rich green foliage.

Height 10–18”

Zones 5–9

Lavandula a. ‘Lavance Deep Purple’

a. ‘Munstead’

Fragrant deep heliotrope blue flower spikes on low-growing shrubby fragrant foliage. A garden classic since 1916.

Height 12–18”

Zones 5–9

Lavandula a. ‘Munstead’

a. Platinum Blonde (‘Momparler’) PP23834

Broad fragrant leaves, gray-green with gold edging. A compact grower with pale blue flowers.

Height 16–24”

Zones 5–9

Lavandula a. Platinum Blonde

× **intermedia ‘Phenomenal’** (Lavandin) (a.k.a. ‘Niko’, a.k.a. Pure Platinum) PP24193

Long lavender-purple spikes on vigorous, healthy, uniform mounds of silver foliage. The most heat- and humidity-tolerant variety yet. Introduced to international acclaim by Peace Tree Farm.

Height 24–32”

Zones 5–8

Lavandula x.i. ‘Phenomenal’

× **i. ‘Provence’** (Lavandin)

Grown commercially in France for oil and flowers, this hybrid has highly fragrant, light purple blooms. More heat- and humidity-tolerant than *L. angustifolia* varieties.

Height 2–3’

Zones 5–10

Lavandula x.i. Sensational™

NEW! × **i. Sensational™** (‘Tesseract’) PP31786

Full, fat spikes of purple flowers, the biggest of this hybrid group, rise from bright silver foliage for striking contrast.

Height 2–3’

Zones 5–9

Lavandula (continued)

stoechas 'Otto Quast'
A stalwart Spanish lavender with fat bicolor flowers, lavender and deep purple. Bushy, rounded habit. Hardy in warm climates and a striking annual in cooler areas. ○ Height 24–30" Zones 7–9

s. 'Silver Anouk' PP20068
Fat, dark purple flowers topped with paler "wings." Upright shrubby masses of slender, silver-blue foliage. ○ Height 20–24" Zones 7–9

s. ssp. pedunculata The Princess™ ('IBPR910-2') PP25525
Vivid electric-pink flowers with long top "wings" rise over aromatic silver/green foliage. Australian bred. ○ Height 24–27" Zones 7–9

Leptinella (Brass buttons)

squalida 'Platt's Black'
Unusual groundcover. Ferny-feathery, ground-hugging foliage, dark and striking. Tiny yellow flowers. A New Zealand native, used as lawn substitute and for topiaries. ○● Height 1–2" Zones 4–10

Leucanthemum (Shasta daisy)

×**superbum 'Alaska'**
Flower heads 3" in diameter appear in early summer and again in August and September. Sturdy variety that needs no staking. A classic, bred by Luther Burbank himself. ○ Height 2–3' Zones 5–9

×**s. 'Snowcap'**
This dwarf variety produces masses of beautiful large white flowers all summer long. Excellent border plant. ○ Height 14–18" Zones 5–9

×**s. 'Snow Lady'**
Dwarf Shasta daisy. Excellent as a short cut flower, in containers, or in the landscape. Blooms early to late summer. **An AAS Award Winner.** ○ Height 10–12" Zones 5–9

×**s. 'Sweet Daisy Birdy'** PPAF
Reflexed "umbrella" daisies with small feathery petals around gold button centers. ○ Height 20–24" Zones 5–9

Lewisia (Bitterroot)

Like jazz, America's indigenous art form, "bitterroot" has more fans in Europe than at home. But that's changing. Finally, this beautiful native genus (first collected by the Lewis & Clark expedition, hence the name) is getting some respect here, too. Growers, retailers and gardeners are tapping its potential—not just as a rock garden specimen, but as a flowering potted plant, outdoors or in. Jazz up your succulent selection with Lewisia!

×**cotyledon 'Rainbow Mix'**
Blooms spring and summer in a variety of colors over rosettes of semi-succulent foliage. ● Height 10" Zones 5–8

NEW! ×**c. 'Sunset Strain'**
Dainty multi-petaled blooms in shades of red, pink, orange, yellow and white rise on wiry stems over low, succulent foliage. ● Height 8–10" Zones 5–8

×**longipetala 'Little Peach'**
Beautiful, small, and evergreen. Heavy bloom of soft peach, orange, and yellow flowers. Perfect rock garden specimen. ● Height 6–8" Zones 4–8

×**l. 'Little Plum'**
Magenta flowers bloom in profusion over compact evergreen foliage. This rock garden selection emerges with orange highlights. ● Height 6–8" Zones 4–8

Liatris (Kansas gayfeather)

spicata 'Kobold'
Fizzy purple flowers bloom from top to bottom on multiple tall spikes. An American native species. ○ Height 18–30" Zones 3–9

Lobelia (Cardinal flower)

cardinalis
Brilliant red flowers bloom on long stems. Rich green foliage. Loved by hummingbirds and butterflies. Prefers moist sites. ○●● Height 3–4' Zones 3–9

c. 'Black Truffle' PP25687
Deep red flowers bloom on upright spikes over deep purple-black foliage. ○●● Height 3' Zones 3–9

NEW! x*speciosa* STARSHIP™ Series

Sturdy varieties form upright bushy columns.

Height (as shown)

Zones 6–10

x*s.* Starship™ Blue

Rich purple/blue flowers rise on sturdy stems from green foliage summer into autumn. Height 24–28"

x*s.* Starship™ Burgundy

Wine-red blooms on sturdy stems over bronze foliage summer into autumn. Height 20–24"

Lysimachia (Creeping Jenny, moneywort)

nummularia 'Aurea'

Small, rounded chartreuse leaves spread to form low mats. Tiny yellow blooms in early summer. Makes quick, attractive hanging baskets.

Height 2–4"

Zones 3–9

Monarda (Bee balm)

didyma BALMY™ Series

These charming selections of a favorite North American native species were bred for compact habit, heavy flowering and superior resistance to powdery mildew. Deer and rabbits don't like them, but they're an important nectar source for bees and butterflies.

Height 10–12"

Zones 7–9

d. Balmy™ Pink ('Balbalmink') PP26566

Vivid pink flowers bloom early and often on compact, upright plants, providing color spring through summer.

d. Balmy™ Purple ('Balbalmurp') PP25561

Rich purple/red flowers bloom early and often on compact, upright plants, providing color spring through summer.

NEW! *d.* Balmy™ Rose ('Balbalmose') PP26567

Deep rose-pink flowers bloom early and often on compact, upright plants, providing color spring through summer.

d. 'Jacob Cline'

Fragrant dark green leaves are topped with clusters of red flowers for up to two months in summer. Mildew-resistant variety.

Height 3–4'

Zones 4–9

d. 'Raspberry Wine'

Wine-red blooms emerge from raspberry-like buds. A White Flower Farm introduction.

Height 2–3'

Zones 4–9

BEE-YOU® Series

Compact, floriferous and highly mildew resistant, these low-maintenance hybrids are bee-loved by pollinators, growers and gardeners alike. Colorful bracts complement and enhance the flowers' hues.

Height (as shown)

Zones 4–9

Bee-You® Bee-Free ('Mon0012BFR') PP29032 Electric purple. Height 28"

Bee-You® Bee-Happy ('Mon0001BHA') PP29080 Vermillion red. Height 28"

Bee-You® Bee-True ('Mon0005BTR') PP29079 Raspberry red. Height 24"

punctata 'Beebop' PPAF

A compact, early-blooming selection of "dotted horsemint," a native American species. Tubular flowers above pink bracts. Narrow, aromatic foliage. Long bloom season. Likes well-drained sandy soils.

Height 16–20"

Zones 5–9

Nepeta (Catmint) (All deer resistant)

x*faassenii* Junior Walker ('Novanepjun') PP23074

A denser, more compact form of 'Walker's Low', just as long-flowering. Won't reseed. Bred and selected by Star Roses & Plants.

Height 30"

Zones 5–9

x*f.* 'Walker's Low'

Soft mounds of gray-green foliage support loose spikes of lavender-blue flowers from late spring to summer. Perennial Plant of the Year 2007. A high scorer in UGA trials.

Height 2–3'

Zones 3–9

NEW! x*f.* Whispurr™ Series

Bred for big impressive flower plumes, spring through summer. Robust mounds of fragrant serrated foliage, prettily veined, with a minty fragrance. Extremely attractive to pollinators.

Height 24–28"

Zones 4–9

x*f.* Whispurr™ Blue ('Balpurrlu') PPAF

x*f.* Whispurr™ Pink ('Balpurrink') PPAF

Nepeta (continued)

grandiflora 'Summer Magic' PP27090

Extremely free-flowering, in bloom May–September. A sturdy selection from the UK that won't flop and stays handsome all summer.

○ Height 15–18" Zones 4–9

kubanica Neptune ('Bokratune') PP29556

Upright spikes of cheerful blue flowers over bushy mounds of blue-green foliage. Tolerates a range of soils. Great for border or container use.

○● Height 8–12" Zones 5–9

Oenothera

See *Gaura*, page 30.

Penstemon (Beard tongue)

barbatus var. *praecox* PRISTINE Series

A well-matched group for easy uniform cropping. Pleasing airy/compact, well-branched habit. Strong stems. Available in:

b. var. p. 'Pristine Blue' PPAF

b. var. p. 'Pristine Deep Rose' PPAF

b. var. p. 'Pristine Lila Purple' PPAF

b. var. p. 'Pristine Scarlet' PPAF

○● Height 12–16" Zones 5–9

digitalis 'Husker Red'

Small, white, trumpet-shaped flowers with red stamens top garnet-red foliage. A North American native. Perennial Plant of the Year 1996.

○ Height 30" Zones 4–9

'Cherry Sparks' PP28869

Bright red bells are sure to ignite sales. Uncommonly compact and long-flowering, from late spring to late summer.

○ Height 18–20" Zones 5–9

'Dark Towers' PP20013

Sturdy columns of two-toned pink trumpets in July and August. Shiny bronze-red foliage is darker than parent 'Husker Red'. Bred in Nebraska, introduced by Terra Nova.

○ Height 3' Zones 3–8

Perovskia (Russian sage)

atriplicifolia

Talc-white stems and pewter-blue foliage are adorned with branched sprays of lavender flowers. Perennial Plant of the Year 1995.

○ Height 3–4' Zones 4–9

hybrida 'Little Spire'

A compact form that won't flop in the summer heat! Tall, airy bloom spikes and richly aromatic gray foliage. Very drought tolerant.

○ Height 24" Zones 4–9

Phlox *divaricata* (Woodland phlox)

d. 'Blue Moon'

Broad, overlapping petals of a pretty, deep violet blue. Fragrant and steadily spreading. Discovered at the New England Wild Flower Society in Framingham, Mass.

○● Height 12" Zones 4–9

d. ssp. laphamii Blue Buttons

Soft blue, fragrant flowers accent woodland gardens in spring. Semi-evergreen.

○● Height 8–10" Zones 4–9

Phlox *paniculata* (Garden phlox, tall phlox)

Fragrant, dome-shaped flower clusters bloom from June through August. This tough, classic perennial is a must-have in any garden.

p. 'Bright Eyes'

Very showy salmon-pink flowers with a darker ruby eye. A true garden classic.

○● Height 2–3' Zones 4–8

p. 'Laura'

Electric-purple bloom with dazzling white centers. Mildew resistant.

Phlox paniculata (continued)

FASHIONABLY EARLY Hybrid Series

A refreshing update on the “backbone” tall garden phlox. Hybridized by Hans Hansen for compact growth, mildew resistant leathery foliage, and most notably, fragrant flowers in unique colors that bloom up to three weeks earlier than the familiar *P. paniculata*. Stoloniferous growth means vigorous but controlled spread.

○● Height 28–32” Zones 4–8

'Fashionably Early Crystal' PP28679

Pale lavender-pink flowers mellow to white with purple eye zone.

'Fashionably Early Flamingo' PP29911

Light lavender-pink flowers.

'Fashionably Early Lavender Ice' PP29912

Panicles of very pale icy lavender flowers with deeper pink eye.

'Fashionably Early Princess' PP28680

Pale fuchsia-pink flowers with a darker pink eye.

Phlox subulata (Moss phlox)

Needle-like semi-evergreen foliage forms a tough, durable groundcover. Flowers profusely; a cheerful harbinger of spring.

s. 'Amazing Grace'

Crisp, clean white petals kissed with lipstick red at center.

○● Height 4–6” Zones 2–9

s. 'Candy Stripe'

White star-shaped flowers with a pink stripe.

○● Height 4–6” Zones 2–9

s. 'Crimson Beauty'

Rosy-red blooms.

○● Height 4–6” Zones 2–9

s. 'Drummond's Pink'

Pink flowers, larger than those of most *P. subulata* varieties.

○● Height 4–6” Zones 2–9

s. 'Emerald Blue'

Lavish display of lavender-blue flowers.

○● Height 4–6” Zones 2–9

s. 'Fort Hill'

Deep-pink, slightly fragrant flowers.

○● Height 4–6” Zones 2–9

s. 'Purple Beauty'

Unique deep purple/blue blooms cover neatly mounded plants.

○● Height 4–6” Zones 2–9

s. 'Red Wings'

Crimson-pink flowers with dark-red centers.

○● Height 4–6” Zones 2–9

s. 'Scarlet Flame'

Deep rose petals with a scarlet eye.

○● Height 4–6” Zones 2–9

s. 'Snowflake'

Clear white flowers on very compact foliage.

○● Height 4–6” Zones 2–9

s. Spring® White

Pristine white flowers appear a week or more ahead of others.

○● Height 4–6” Zones 2–9

Platycodon (Balloon flower)

grandiflorus 'Astra Blue'

Cornflower-blue, star-shaped blooms open from balloon-like “inflated” buds. Flowering begins in late spring and continues for up to two months.

○● Height 8–10” Zones 4–9

Polemonium (Jacob's ladder)

boreale 'Heavenly Habit'

Finely divided, fernlike foliage supports clusters of violet-blue bell-shaped flowers. A unique addition to the shade garden.

○● Height 12–18” Zones 3–7

NEW! caeruleum 'Brise d'Anjou'

A stunning French selection. Rich green pinnate foliage is edged in creamy yellow-white. Clusters of lavender-blue flowers persist from June into August.

○● Height 18–24” Zones 3–7

Rosmarinus (syn. Salvia rosmarinus) (Rosemary)

Our starters are grown for ornamental, not culinary, use.

o. 'officialis' 'Arp'

Small-leaved, gray-green, hardier-than-most rosemary. Persistent blue flowers in September.

A great fragrant ornamental that tolerates drought and poor soil.

○●

Height 2-4'

Zones 6-9

o. 'Barbeque'

Outstanding upright habit, ideal for topiary, perennial shrub or hedge. Thrives in the poorest soils.

Lavender flowers August-September.

○●

Height 3-4'

Zones 7-9

o. 'Hill Hardy' (a.k.a. 'Madeline Hill')

Dense, dark-green foliage is assertively aromatic. Hardier than most others, with the exception of 'Arp'.

○●

Height 4-5'

Zones 6b-9

o. 'Tuscan Blue'

Thick stems form elegant columnar shape. Unusually wide leaves; mildly scented.

○●

Height 4-7'

Zones 7-9

Rosmarinus o. 'Tuscan Blue'

Rudbeckia f. 'Early Bird Gold'

Rudbeckia f. var. fulgida

Rudbeckia f. 'Little Goldstar'

Rudbeckia (Black-eyed Susan)

f. fulgida 'Early Bird Gold' PP20286

Eureka! Strike gold with this black-eyed Susan that blooms at the first hint of warm weather and keeps flowering right on into fall. From Dupont Nursery.

○

Height 24"

Zones 3-10

f. var. fulgida

Golden daisies July to October. This underused American native outblooms its famous sibling 'Goldsturm'. A cute cut flower and valuable bird and butterfly habitat.

○

Height 24-30"

Zones 4-8

f. 'Goldsturm'

Golden-yellow flowers with black cones. North American native, spectacular in masses and with grasses. Draws butterflies. **Perennial Plant of the Year 1999.**

○

Height 2-3'

Zones 3-10

f. 'Little Goldstar' PP22397

Like world-famous 'Goldsturm' only less so—and more so: shorter, more compact, better proportioned and even more floriferous than the inevitable comparison, 'Little Goldstar' may well become the new garden standard of its genus.

○

Height 2'

Zones 3-10

Rudbeckia h. 'Giggling SmileyZ'

Rudbeckia h. 'Glowing SmileyZ'

Rudbeckia h. 'Laughing SmileyZ'

hirta

Breeders have worked wonders with this useful, versatile species. Easily grown in container or garden and available in a wide range of colors. Hardiness uncertain, best grown as an annual/biennial or tender perennial.

h. SMILEYZ™ Series

Dutch-bred to be more uniform than seed varieties for consistent cropping. Naturally well-branched for superior, sturdy pot performance. All feature rich dark chocolate centers.

Let your customers take home a smile!

○

Height (as shown)

h. 'Giggling SmileyZ' PPAF Semi-double butter yellow petals brushed with a halo of dark red at base. **Height 20-26"**

h. 'Glowing SmileyZ' PPAF Semi-double rusty red petals with copper tips. **Height 24-28"**

h. 'Happy SmileyZ' PPAF Big flat daisy flowers with red centers and orange tips. **Height 20-26"**

h. 'Kissing SmileyZ' PPAF Bold burgundy petals with brilliant yellow tips. **Height 20-26"**

h. 'Laughing SmileyZ' PPAF Cheerful bicolor daisies, with red centers and wide, bright yellow tips. **Height 20-26"**

h. 'Sunny SmileyZ' PPAF A brilliant blast of clear, solid yellow. **Height 20-26"**

Rudbeckia h. 'Happy SmileyZ'

Rudbeckia h. 'Kissing SmileyZ'

h. 'Cherry Brandy' Grown in Preforma® by Jiffy®

Flower petals are cherry red at tips, shading to maroon at base. Big black eyes.

○

Height 2'

h. Denver Daisy® Grown in Preforma® by Jiffy®

Enormous 6" flowers of bright gold with dark brown centers. **American Garden Award Grand Prize winner.**

○

Height 18-20"

h. 'Indian Summer' Grown in Preforma® by Jiffy®

Huge yellow flowers, up to 9" across, with very dark brown centers. Green leaves turn mahogany in fall. **An AAS Winner.**

○

Height 3-4'

Rudbeckia h. 'Sunny SmileyZ'

Rudbeckia h. 'Cherry Brandy'

Rudbeckia h. Denver Daisy®

Rudbeckia x 'American Gold Rush'

Rudbeckia x 'Glitters Like Gold'

Salvia n. Lyrical White

Rudbeckia (continued)

x 'American Gold Rush' PP28498

A strikingly symmetrical, vigorous winner from Intrinsic Perennial Gardens. Loaded with golden daisies for weeks. Outperformed others in our trials in PA. **An AAS Award winner.**

Height 16–22"

Zones 4–9

x 'Glitters Like Gold' PP30933

Lots of deep gold 3" flowers from July through October on long, straight hirsute stems over rounded mounds of robust, disease-resistant foliage.

Height 30–32"

Zones 4–9

Ruellia (Texas petunia)

elegans Ragin' Cajun™

Vivid red flowers on deceptively delicate-looking green foliage. This tough customer earned the **FlameProof award at Dallas Arboretum.**

Height 12–14"

Zones 7–11

Sagina (Irish moss/Scotch moss)

subulata ("Irish moss")

Low-growing mats of rich green, moss-like foliage with tiny white starry flowers in spring. Despite its common name, it's actually a *Dianthus* relative.

Height 1"

Zones 3–9

s. 'Aurea' ("Scotch moss")

Low-growing mats of dense, bold gold/chartreuse foliage. Excellent groundcover.

Height 1"

Zones 4–9

Salvia (Meadow sage) (All deer resistant)

greggii 'Radio Red' PP26362

Send a strong signal! Bright, true red flowers on sturdy stems from early spring to late summer.

Height 16–18"

Zones 7–9

NEW! g. hybrid MIRAGE™ Series

A versatile, heat-tolerant group of long-blooming garden sages. Semi-shrubby. Blooms keep coming from spring till early fall—enough flower power to be sold as an annual in colder regions.

Height 12–14"

Zones 7–9

g. Mirage™ Cherry Red ('Balmircher') PP28527

g. Mirage™ Deep Purple ('Balmirdepur') PP28538

g. Mirage™ Rose Bi-Color ('Balmirrobi') PPAF

guaranitica 'Black and Blue'

Spikes of cobalt-blue flowers shine against black buds and calyces from July to October.

Height 3–4'

Zones 7–10

microphylla 'Hot Lips'

Two-tone flowers, clear white and cherry red, bloom heavily for months. Stunning deep burgundy fall foliage. Introduced by Richard Turner, Strybing Arboretum.

Height 2–3'

Zones 7–9

nemorosa Blue Bouquetta™ ('ALKLF') PP28393

Spikes of densely clustered, intense purple-blue florets. Repeat bloomer, in color from early summer to late fall. Great for garden or container. **A European award winner.**

Height 8"

Zones 4b–9

n. Blue Hill ('Blauhugel')

A German introduction with one of the truest blue flower spikes of the hardy salvias.

Height 18–24"

Zones 3–8

n. 'Caradonna'

Violet flowers with outstanding purple stems. Very full attractive habit.

Height 18–30"

Zones 3–8

n. LYRICAL Series

Improved branching equals more flowers for eye-catching containers at retail. Robust plants rebloom in the garden. Available in the following colors:

n. Lyrical Blues ('Balyriclu') PP22919

n. Lyrical Rose ('Balyricose') PP24274

n. Lyrical White ('Florsalwhite') PP21243

n. Marcus® ('Haeumanarc') PP13322

Cute and petite, with violet-blue flower spikes. This German-bred miniature looks terrific in pots or in the border.

Height 8–12"

Zones 3–8

Salvia (continued)

n. MARVEL Series

n. 'Blue Marvel' PP27018

Unusually large upright flowers, blue with pale throat, bloom repeatedly from late spring into autumn. Flowers first year; fills out with no PGRs. **An award winner in Europe.**

○

Height 10–12"

Zones 4–9

n. 'Rose Marvel' PP30118

Unusually large, upright, deep rosy-pink flowers bloom repeatedly from late spring into autumn. Flowers first year; fills out with no PGRs.

○

Height 10–12"

Zones 4–9

n. May Night ('Mainacht')

Long-lasting violet-purple flower spikes in late spring/early summer make May Night a best seller and made it the **1997 Perennial Plant of the Year.**

○

Height 18–24"

Zones 3–8

n. Sallyrosa™ April Night ('DSALSRS203') PP26520

A sturdy, compact beauty with rich blue-purple spikes that flower earlier and longer than others. A real garden standout.

○

Height 12–14"

Zones 5–9

rosmarinus

See *Rosmarinus officinalis*, page 48.

Scabiosa (Pincushion flower)

columbaria 'Butterfly Blue'

Neat mounds of foliage are blanketed with lavender-blue pincushion flowers. Summer dormant in very warm climates. **Perennial Plant of the Year 2000.**

○

Height 12–18"

Zones 3–8

c. 'Pink Mist'

A pink form of 'Butterfly Blue' from breeder David Tristram. Every bit as nice as the original! Petite and pretty in pots or border.

○

Height 12–18"

Zones 3–8

Sedum (Stonecrop)

GROUNDCOVER / LOW-GROWING, SMALL-LEAF TYPES

SUNSPARKLER® Series By breeder Chris Hansen.

rupestre SunSparkler® 'Angelina's Teacup' PPAF

Tight cushions of needle-like golden foliage. Orange tips in cold weather. Rarely flowers.

○

Height 3"

Zones 4–9

×sedoro SunSparkler® 'Blue Elf' PP27113

A rare intergeneric hybrid, *Sedum* × *Orostachys*. Steel-blue foliage in tufted rosettes. Dark pink flowers in fall. Terrific mounding habit.

○

Height 3"

Zones 4–9

SunSparkler® 'Cherry Tart' PP24603

Low masses of cherry-red leaves spring–fall, topped by bright pink flower clusters in late summer.

○

Height 6"

Zones 4–9

SunSparkler® 'Dazzleberry' PP22457

A small but powerful flowering machine with big clusters of rosy-red florets over dusky blue-gray foliage.

○

Height 8"

Zones 4–9

SunSparkler® 'Firecracker' PP26595

A great heavily branched groundcover with shiny cherry-red leaves and pink flowers in late summer. Disease resistant.

○

Height 6"

Zones 4–9

SunSparkler® 'Lime Zinger' PP24632

Firm lime-green leaves with red picotee edge. Rose-pink blooms in late summer.

○

Height 4"

Zones 4–9

SunSparkler® 'Plum Dazzled' PP30348

Tidy mounds of rich, dark purple leaves, covered in starry pink flower clusters in late summer.

○

Height 8"

Zones 4–9

SunSparkler® 'Wildfire' PP28621

Spring foliage emerges as a tricolor of green, pink and yellow, then matures to cherry red with bright, hot pink edges. Spreading habit.

○

Height 6"

Zones 4–9

album var. micranthum 'Red Ice'

Tiny evergreen foliage is blue-green in summer, deep red in fall and winter.

○

Height 2"

Zones 3–9

kamtschaticum 'Variegatum'

Deep green leaves splashed with creamy white accents. Yellow/orange flowers in summer.

○

Height 6–8"

Zones 3–8

'Lemon Ball'

Nifty bright-chartreuse mounding/trailing spiky foliage spills nicely from containers or over a raised border edge. Sturdier, less apt to shatter than older forms. **Award winner at UGA trials.**

○ Height 4" Zones 6–10

reflexum 'Blue Spruce'

Yellow flowers are held high above low, creeping, spruce-blue foliage from late summer to fall.

○ Height 4" Zones 3–9

rupestre Prima Angelina ('Gold Form') PPAF

Dense, compact form with soft, spiky gold/chartreuse foliage. A knockout rock garden, container or groundcover plant.

○ Height 3–6" Zones 4–9

sexangulare 'Golddigger'

An evergreen groundcover with spiky, bright gold succulent foliage, topped with yellow flowers in summer. Not just a flash in the pan!

○ Height 4–6" Zones 5–10

sieboldii

Whorls of succulent, eucalyptus-like blue-green leaves edged in plum. Terminal clusters of star-shaped rose-pink flowers appear in autumn.

○ Height 6" Zones 6–9

spurium Dragon's Blood ('Schorbuser Blut')

A mat-forming groundcover. One-inch leaves with red edges turn fully red in fall. Tiny pink/red flowers in summer.

○ Height 3–6" Zones 3–8

s. Fire Glow ('Fuldaglut')

A beautiful carpet of fabulous red foliage with bright crimson flowers.

○ Height 3–4" Zones 3–9

s. 'John Creech'

Cute green scalloped leaves, with tiny rosy-pink blooms late summer–fall. A good green roof choice. Discovered in Siberia by its namesake.

○ Height 3–4" Zones 3–9

s. 'Tricolor'

Green and snowy-white foliage with overlays of pink. Flowers are blush-pink rosettes.

○ Height 4–6" Zones 3–9

takesimense Atlantis ('Nonsitnal') PP27454

One of the most striking forms ever. Rosettes of serrated leaves, dark green with broad creamy margins that turn pink in cold weather. **RHS Chelsea 2019 Plant of the Year winner.**

○ Height 6" Zones 4–9

tetractinum 'Coral Reef'

This outstanding creeping *Sedum* forms dense mats of fleshy, deep-green leaves, topped with clusters of yellow flowers that bloom in summer.

○ Height 3–6" Zones 6–10

UPRIGHT LARGE-LEAF TYPES

'Autumn Fire'

Gray-green leaves on fleshy stems with russet-red flower heads from late summer to fall. More heat tolerant than Autumn Joy.

○ Height 2–3' Zones 3–9

Autumn Joy ('Herbstfreude')

Large heads of deep rose, turning ruby red. Easy to grow, tolerates drought.

○ Height 24" Zones 3–9

'Matrona'

Light-pink flowers over rigid purple stems and gray-green foliage. This German hybrid is a **Plant of the Year in Europe** and an **RHS Award of Garden Merit winner.**

○ Height 18–24" Zones 3–9

'Neon'

Wow! Glowing, bright-pink flowers over Autumn Joy-like green foliage.

○ Height 18–24" Zones 3–9

'Thundercloud' PP21833

Billows of pink/white over compact mounds of pointed gray-green leaves. Tony Avent says he'd grow it "for the foliage alone." From Intrinsic Perennial Gardens.

Zones 4–9

SEDUM FROM TERRA NOVA

Emerald Coast Growers is proud to offer these sensational selections from Terra Nova Nurseries.

'Dark Magic' PP27619

A magical combination of great attributes: multiple crowns of large, dark pink flower clusters, glossy, purple-black leaves, and very upright clump-forming habit.

Height 12–15"

Zones 4–9

'Mr. Goodbud' PP17671

A color breakthrough with dark mauve flowers that open from light pink buds.

Height 15"

Zones 4–9

An RHS Award of Garden Merit winner!

Sempervivum (Hens and chicks, house leeks, cat and kittens)

arachnoideum 'Cobweb Buttons'

Evergreen, pale-green rosettes densely woven with gray threads. Use in containers and rock gardens.

Height 3–4"

Zones 3–9

a. 'Forest Frost'

Gray threads weave over and around the tips of the pale-green rosettes.

Height 3–4"

Zones 3–9

'Black'

Tips of long, fleshy green leaves appear to have been dipped in purple dye, accenting the green centers and creating elegant contrast.

Height 4–6"

Zones 3–9

"Chick's Mix"

A very popular selection. Grower's choice, ten each of five handsome offerings from our best varieties. An easy way to mix and match for a balanced offering.

Height 4–6"

Zones 3–9

'Desert Bloom' (a.k.a. Krebs 2)

Deep gray-green rosettes are highlighted by rosy-red centers.

Height 4–6"

Zones 3–9

'Green Wheel'

Tight, fleshy leaves form multiple green rosettes. The tight leaves make a subtle contrast with more open forms. Ideal for use in hanging baskets and containers.

Height 4–6"

Zones 3–9

'Hardy Species Mix'

Mixed colors. Ideal for rock gardens, pots, alpine beds, and other dry areas.

Height 6"

Zones 3–9

'Kalinda'

Large pointed leaves held in tight green heads with blood-red tips.

Height 2–8"

Zones 5–8

'Moss Rose'

Medium-large pointy rosettes of light green covered in fine, soft hairs. Short spikes of pastel flowers appear in summer.

Height 2–8"

Zones 5–8

'Red Rubin'

Large burgundy-red petals form rosettes around emerging green centers.

Height 4–6"

Zones 3–9

'Ruby Heart'

Broad, pointed leaves are blue-green at tips, ruby red in the center. Pink/purple flowers in summer.

Height 3–4"

Zones 3–9

'Silverine'

Silvery-green rosettes are flushed with red/purple. Color varies by season and exposure. Pink flowers rise on short stalks.

Height 4–6"

Zones 3–9

tectorum 'Jade Rose'

A pretty two-toned variety. Overlapping rosettes of fuzzy-tipped, jade-green outer petals surrounding rose/burgundy centers.

Height 2–4"

Zones 3–9

Senecio (Silky groundsel)

candicans Angel Wings ('Senaw') PP28830

Long, broad silky leaves of dazzling matte silver with toothy edges. An exciting design option for mixed containers or borders. Tender!

○●

Height 16–18" Zones 8–10

Senecio c. Angel Wings

Stachys b. 'Helene von Stein'

Stachys b. 'Silver Carpet'

Sisyrinchium (Blue-eyed grass)

angustifolium 'Lucerne'

A superb edging plant with iris-like foliage and blue star-shaped flowers.

Multiple blooms flower for more than two months.

○●

Height 8–10" Zone 5–9

Stachys (Lamb's ear, betony)

byzantina 'Helene von Stein' (syn. 'Big Ears')

Velvety silver-green leaves are twice as large as others. Heat and humidity resistant.

○

Height 10–12" Zones 4–8

b. 'Silver Carpet'

Prized for its soft, silver, velvety foliage and for its reluctance to flower. Low creeping habit.

○

Height 8–10" Zones 4–8

Stokesia (Stokes' aster)

laevis

This North American native perennial is valued for its low maintenance and wide, cornflower-blue blooms.

○●●

Height 12–18" Zones 5–9

I. 'Colorwheel' PP12718

Three-inch flowers emerge white, then segue through white to lavender and finally dark violet blue.

Drought tolerant and heat resistant. From ItSaul Plants.

○●●

Height 10–24" Zones 5–9

Stokesia laevis

Stokesia I. 'Colorwheel'

Stokesia I. 'Divinity'

I. 'Divinity' PP26164

An exclusive introduction from Emerald Coast Growers! Large flowers open with a coy hint of yellow in the center, then mature to pure, celestial, long-lasting white. Blooms stand serenely over neat mounds of broad, rich green, strap-like leaves.

○●

Height 12–14" Zones 5–9

I. 'Mary Gregory'

Distinctive, soft creamy-yellow flowers over large mounds of rich green, strap-like foliage.

Introduced by Kim Hawkes.

○●●

Height 12–24" Zones 5–9

Stokesia I. 'Mary Gregory'

Stokesia I. 'Mels Blue'

I. 'Mels Blue' PP23090

Big periwinkle-blue flowers, 4" across, on strong upright stems.

Flowers continuously from late June into August.

○●●

Height 12–15" Zones 5–9

Thymus (Thyme)

Our starters are grown for ornamental, not culinary, use.

praecox 'Coccineus'

Magenta-pink flowers bloom in summer over deep-green, fragrant foliage.

This dense evergreen groundcover has a thrilling cascading habit. Deer resistant.

○●

Height 2–4" Zones 3–8

Thymus p. 'Coccineus'

Thymus p. 'Highland Cream'

Thymus v. 'Hi Ho Silver'

p. 'Highland Cream' (syn. 'Hartington Silver')

Aromatic carpets of green leaves generously splashed with creamy white.

Light lavender-pink flowers late spring to midsummer.

○●

Height 2–4" Zones 3–8

vulgaris 'Hi Ho Silver'

A highly variegated upright form. Aromatic leaves with white and silver markings.

○●

Height 6–12" Zones 5–9

Verbena

×*canadensis* 'Homestead Purple'

Deep purple flowers. Low, dark green mats spread vigorously but manageably. Low maintenance. Attracts butterflies and resists deer. **A Georgia Gold Medal winner.**

Height 6–10" Zones 7–11

Veronica (Speedwell)

LOW-GROWING GROUNDCOVER TYPES

peduncularis 'Georgia Blue'

Mats of small, round leaves, hidden by tiny sky-blue flowers in spring. Reddish new foliage turns deep green in summer, bronze in fall. From Eurasian Georgia, not Dixie!

Height 4–6" Zones 4–8

'Tidal Pool' PP23341

Heavy bloom of small, bright violet-blue flowers on prostrate mats. From Chicago Botanic Garden.

Height 2–3" Zones 4–8

'Whitewater' PP22783

Low, dense, spreading carpets of rich, glossy green foliage liberally sprinkled with half-inch white flowers. A sport of the popular 'Waterperly'.

Height 4–6" Zones 4–7

UPRIGHT VARIETIES

spicata Bubblegum Candles ('Verspi') PP29780

Bubblegum-pink blooms pop in the border. Compact habit makes great gallons. Rich green toothy leaves.

Height 8" Zones 4–8

s. *Royal Candles* ('Glory') PP18932

Spikes of violet-blue flowers bloom late spring to midsummer. Good groundcover, perks up rock gardens and border fronts, and looks terrific in pots at retail.

Height 15–18" Zones 4–8

s. *Snow Candles* ('Joca128') PP28777

A diminutive cutie with frosty white spikes over healthy, low green mounds.

Height 6–8" Zones 4–8

s. '*Sunny Border Blue*'

Violet blue spikes early summer to late fall over rich green foliage. Flowers draw butterflies and have good vase life when cut. **Perennial Plant of the Year 1993.**

ORNAMENTAL GRASSES

YOU NEVER FORGET YOUR FIRST LOVE.

Our founders' first love, the seed that grew into the company we are today, was ornamental grasses.

Thirty years ago, specializing in grasses was hardly a sure thing. Despite steady growth in designers' vocabulary and gardeners' favor, they hadn't quite penetrated the mainstream market. Some dismissed them as a niche, an anomaly, a fad.

Thirty years later, grasses have traveled far — but not too far — on the road from oddity to commodity. Well-chosen grasses, as individuals, small stands or great swaths, are an accepted and expected element of good landscapes.

We believe we had a hand in raising America's consciousness of this wonderful, diverse category. Popularity fades if availability lags; demand soon shifts focus if supply can't keep pace. That won't happen on our watch.

A remarkable number of our original varieties are still with us, still popular, still generating respectable profit margins.

Festuca 'Elijah Blue' sold out the first year we divided it. It still does, even as excellent newer forms like 'Cool as Ice' emerge to challenge it.

Pennisetum 'Hameln' still graces America's gardens and retail benches. But have you grown our infertile collection? Cayenne™, Etouffee™, Hush Puppy™, Jambalaya™ and Praline™ offer multiple sizes and colors, with long-lasting flowers that can't develop viable seeds. They stay put.

No, you never forget your first love... especially when it never ended. Especially when it's only become stronger over three decades.

We renew our commitment every day. Thank you for helping us celebrate — and reach — our 30th Anniversary.

ORNAMENTAL GRASSES

Acorus (Sweet flag)

gramineus 'Oborozuki' (Golden sweet flag) Deer resistant

Sweet smelling, green and gold variegated foliage is great as a groundcover or container plant. Not a true grass, but very grass-like in appearance.

Height 10–12"

Zones 4–11

g. 'Ogon'

The original! Fragrant, slender, solid gold leaves. Most *Acorus* sold by this name have green stripes, but our genuine 'Ogon' is pure yellow. Forms slowly spreading clumps. Requires consistently moist soils.

Height 6–10"

Zones 5–9

g. 'Pusillus Minimus Aureus' (Miniature variegated sweet flag)

A tiny grass-like plant grown for its bright golden blades. Loves moist soil. Flowers are inconspicuous. Makes a great contrast with any dark foliage plant.

Height 4"

Zones 4–11

g. 'Variegatus' (Variegated sweet flag)

Creamy-white variegated leaf blades provide stunning contrast with other moisture-loving perennials.

Height 10–12"

Zones 4–11

Andropogon (Big bluestem, Turkey's foot)

gerardii (Big bluestem)

Dramatic blue-green foliage in large, upright clumps, tinted copper and maroon fall/winter. Great for naturalizing, meadows, and screening. American native.

Height 5–8'

Zones 3–9

g. 'Blackhawks' PP27949

New bright green blades and stems quickly turn rich purple for a striking blended bicolor display. A winner from Intrinsic Perennial Gardens.

Height 18–24"
6' in flower

Zones 3–9

g. 'Dancing Wind' PP26892

Selected for late-summer bicolor show of green and red, deepening to dark red in September, then scarlet with frost. From Intrinsic Perennial Gardens.

Height 18–24"
6' in flower

Zones 3–9

NEW! g. 'Holy Smoke' PPAF

Very erect flower stems rise to 5' over 30" stands of upright/arching foliage. Beautiful purple and pink fall coloring. From Intrinsic Perennial Gardens.

Height 5'

Zones 3–9

g. 'Rain Dance' PP26284

Red-tipped foliage, deeper green than the species, turns totally maroon in fall. Red flowers on red stems. An ECG exclusive from Intrinsic Perennial Gardens.

Height 18–20"
4–5' in flower

Zones 3–9

g. 'Red October' PP26283

Deep green foliage darkens to purple in late summer, then vivid scarlet in autumn for spectacular late-season color. From Intrinsic Perennial Gardens.

Height 20–24"
5–6' in flower

Zones 3–8

glomeratus (Bushy beard bluestem)

Sturdy, upright green leaves in summer turn a beautiful copper-orange in fall and retain color well into winter. North American native.

Height 2–4'

Zones 5–9

ternarius (Split-beard broom sedge)

Blue-green foliage takes on fall shades of purple, bronze, and red. Silvery flowers on slender stalks, a different look than other bluestems. American native.

Height 2–3'

Zones 6–9

virginicus (Broom sedge)

Green blades turn red and purple in fall, bright orange in winter. At home in meadow gardens and natural areas. Strong, erect, and drought tolerant. American native.

Height 4'

Zones 3–9

Arundo (Giant reed)

donax 'Peppermint Stick'

Green and white variegated foliage retains its vivid color even in the heat of summer! Introduced to the U.S. by the late Greg Speichert.

Height 12'

Zones 6–11

Acorus g. 'Oborozuki'

Acorus g. 'Ogon'

Andropogon g. 'Blackhawks'

Andropogon g. 'Dancing Wind'

Andropogon g. 'Holy Smoke'

Andropogon g. 'Red October'

Andropogon g. 'Rain Dance'

ECG EXCLUSIVE

Andropogon ternarius

Arundo d. 'Peppermint Stick'

Bouteloua

curtipendula (Sideoats grama grass)

Narrow blue-gray leaves. Purple flowers yield to oat-like seeds on arching stems. Golden brown in fall, tinged orange and red. Great in meadows or natural areas. Native.

○ Height 2–3' Zones 3–10

gracilis (Blue grama grass)

A small, handsome North American native with distinctive purple blooms July to September. Gray-green foliage turns bright gold in the fall.

○ Height 24" Zones 3–10

g. 'Blonde Ambition' PP22048

Chartreuse flowers mature to blonde seedheads, held like jaunty pennants on stiff spines over blue-green foliage. Distinctive. **A Plant Select® winner.** Native.

○ Height 12–24" Zones 3–10

NEW! **g. 'Honeycomb'** PPAF

Honey-blond "eyelash" seedheads, cocked at an eye-catching angle on upright stems. Plant habit is fuller and denser, with less blade dieback than other varieties.

○ Height 24–30" Zones 3–10

Briza (Quaking grass)

media

Whimsical heart-shaped pendant flowers sway from spikes a foot or more above the foliage. Highly decorative in fresh or dried arrangements. Prefers fertile soil.

○● Height 2–3' Zones 4–10

Calamagrostis (Feather reed grass)

×acutiflora 'Avalanche' (Variegated feather reed grass)

An impressive vertical grass that boasts a wide, white band down the center of each blade. In midsummer, silvery-tan plumes rise above the foliage.

○● Height 3' Zones 4–10

×a. 'Eldorado' PP16486 (Variegated feather reed grass)

Upright form like 'Karl Foerster', but variegated, with bold gold stripe on the center of the blade.

○● Height 4' Zones 5–10

×a. Hello Spring!®

Beautiful variegated form with crisp, uniform green and white striping and refined habit. **An Emerald Coast Growers introduction.**

○● Height 3–4' Zones 4–10

×a. 'Karl Foerster' (Feather reed grass)

Deep green, lustrous foliage from early spring all the way to winter. Forms erect clumps with feathery plumes. **Perennial Plant of the Year 2001.**

○● Height 3–4' Zones 4–10

×a. Lightning Strike®

Foliage features broad central stripes of creamy white, edged in green. Discovered by Brett Jones at Berry Family Nursery.

○● Height 3' Zones 4–10

×a. 'Overdam' (Variegated feather reed grass)

Similar to 'Karl Foerster', but the foliage is variegated with creamy-white, vertical stripes. Moist, well-drained soil.

○● Height 3–4' Zones 4–10

arundinacea var. *brachytricha* Caspian (Korean feather reed grass)

Upright green foliage holds strong form all summer. Pink-blushed flower spikes appear in late summer. Yellow foliage in fall adds interest.

○● Height 4' Zones 4–10

Carex (Sedge)

appalachica

Fine-textured green foliage forms graceful clumps. American native, happiest in dry shade. Great for container or edging.

○● Height 12" Zones 3–8

buchananii 'Firefox'

Foxy red-brown blades stand bolt upright. A Jelitto selection, especially effective combined with silver foliage.

○● Height 2' Zones 5–9

cherokeensis

Slender blades of medium green. A well-behaved native that prefers moist soil and some shade. Great for meadow plantings.

●● Height 12–18" Zones 6–9

comans 'Frosted Curls' (New Zealand hair sedge)

Frosted green foliage curled and twisted at the tip.

○● Height 12–16" Zones 7–9

Bouteloua gracilis

Bouteloua g. 'Blonde Ambition'

Bouteloua g. 'Honeycomb'

dolichostachya 'Kaga Nishiki' (Gold fountains)

Japanese sedge with golden green leaves and fountain-like form. Excellent in a container.

Height 12–16"

Zones 5–9

elata 'Aurea' (Bowles golden sedge)

The fine-textured leaves of this golden variegated sedge glow in any landscape, whether in mass plantings or as an impressive specimen.

Height 18–24"

Zones 5–9

flagellifera 'Toffee Twist'

Fine toffee-colored, gently cascading foliage takes on coral shades in fall and winter.

Height 12–16"

Zones 7–9

glauca 'Blue Zinger' (Blue sedge)

A terrific groundcover. Steel-blue clumps of foliage create a sea of blue when planted in drifts.

Height 10–18"

Zones 4–9

grayi

Narrow, fresh green upright foliage. Needs ample moisture. Spiky seedheads mature to brown; can be used in arrangements fresh or dried. Native to Eastern North America, "Gray sedge" is named for renowned American botanist and author Asa Gray.

Height 2–3'

Zones 5–9

laxiculmis Bunny Blue® ('Hobb')

A native sedge with wide, silvery-blue leaves. Good groundcover for moist, shady areas. Deer resistant.

Height 8–12"

Zones 6–10

morrowii 'Ice Ballet' PP20228 (Variegated sedge)

Green-centered leaves with crisp, clean white edges, wider and brighter than those on other variegated forms. A selection by Sunny Border Nurseries.

Height 12–24"

Zones 5–9

m. 'Ice Dance' (Variegated sedge)

Wide, healthy, graceful leaves with prominent creamy-white margins.

Height 12–18"

Zones 5–9

m. 'Silver Sceptre' (Variegated sedge)

Bright silver and green variegated leaves, attractive flower heads.

Height 8–10"

Zones 5–9

oshimensis 'Evergold' (Variegated Japanese sedge)

Fantastic striped dark green and creamy-gold foliage with a dramatic weeping habit.

Height 10–14"

Zones 6–9

o. 'Ice Cream' PP21463

Stark contrast of rich green and creamy-white stripes on arching, spherical low mounds. A sport of 'Evergold' from Sunny Border Nurseries.

Height 12"

Zones 6–9

pennsylvanica (Pennsylvania sedge)

Excellent shade groundcover. Clumps of soft green, gently curled foliage spread quickly but manageably. Softens and brightens damp shade. American native.

Height 8–10"

Zones 3–8

p. 'Straw Hat' PP29432

Yellow flowers are much more prominent than those of the species, topping the low mounds of green foliage in late spring.

Height 5–6"

Zones 4–9

tenuiculmis 'Cappuccino'

Chocolate-colored sedge arches gracefully, creating attractive mounds. Foliage flickers with orange and raspberry colors. Complements any perennial garden.

Height 12–16"

Zones 6–9

testacea (Orange sedge)

Olive green leaves turn unique orange in cooler temperatures. Forms finely textured, fountain-like mounds.

Height 18–24"

Zones 6–9

COLORGRASS® Series

A series of species grasses picked for perfect pot performance.

buchananii ColorGrass® Red Rooster™

Red/bronze upright foliage tapers to thin twisty tips.

Height 24"

Zones 7–9

comans ColorGrass® Amazon Mist™

Tussocks of soft green leaves with misty overcast cascade from planters or plantings.

Height 10"

Zones 7–9

c. ColorGrass® Bronco™

Arching fountains of narrow, bronzy-brown foliage.

Height 10"

Zones 7–9

EVERCOLOR® Series

Gold is indeed found in pots in Ireland, but don't go chasing rainbows. It's in Kilkenny, where the plantsmen of FitzGerald Nurseries select charming new *Carex* varieties.

morrowii EverColor® 'Everglow' PP30466

Rich green central stripe is flanked by orange margins in autumn.

Height 19"

Zones 6–9

oshimensis EverColor® Everest ("CarFit01", FiWhite) PP20955

Shapely deep green blades with snowy white edges.

Height 17"

Zones 6–9

o. EverColor® 'Everillo' PP21002

Blades emerge lime green, then turn golden yellow.

Height 19"

Zones 6–9

o. EverColor® 'Everlime' PP25622

Deep green arching leaves with bright lime-green edges. A robust grower, evergreen in all but the harshest winters.

Height 12"

Zones 6–9

o. EverColor® 'Everoro' PP23406

Yellow and gold striped, not unlike 'Evergold' but with improved form and vigor.

Height 18"

Zones 6–9

o. EverColor® 'Eversheen' PP25938

Arching blades feature a bright broad band of lime yellow surrounded by deep green borders.

Height 12"

Zones 6–9

Chasmanthium

latifolium (Northern sea oats)

Seed clusters resembling oats dangle from bamboo-like foliage. Useful as a formal accent, in mass plantings, or in mixed containers. North American native.

Height 4'

Zones 5–9

Chlorophytum (Shooting star grass) (syn. *Anthericum*)

NEW! *saundersiae* 'Starlight' PP28477

Constellations of starry white flowers dance above brightly variegated grass-like blades.

Height 40"

Zones 8b–11

A cheery show in beds or containers.

Cortaderia

selloana (White pampas grass)

Big and bold, with huge, feathery ostrich plume flowers swaying high above gray-green foliage. Widely used since Victorian times. Evergreen in mild climates.

Height 5–6'
10–12' in flower

Zones 8–10

s. 'Rosea' (Pink pampas grass)

Similar in appearance to white pampas grass, but has plumes blushed with pink. Tolerates a wide range of soils and water.

Height 7'
9–10' in flower

Zones 8–10

Cymbopogon (Lemon grass)

Our starters are grown for ornamental, not culinary, use.

citratus

Forms handsome upright, slightly arching clumps. Light-green foliage is strongly lemon-scented. A tender perennial and herb that can overwinter in a sunny window.

Height 2–3'

Zone 9–11

Cyperus

involucratus (Umbrella sedge)

Thin blades arranged like umbrella ribs atop 3' stems. Adaptable: can flourish in up to 6" of water, or simply in moist fertile soil. Native to Madagascar.

Height 4–5'

Zones 8(7)–11

papyrus (Dwarf Egyptian papyrus)

Exotic and appealing. Pendulous leaves radiate from tall, upright stems. Vigorous. Loves water gardens, pond margins, or containers with no drainage.

Height 2–3'

Zones 9–11

Deschampsia

cespitosa (Hair grass)

Very fine, dark green, hair-thin blades form neat, tufted clumps. Clouds of slender flower panicles hover above the foliage. American native.

Height 2–4'

Zones 4–9

c. 'Pixie Fountain' (Tufted hair grass)

Dense evergreen foliage clumps produce bright silvery-white flowers that mature to rich brown. A dwarf Jelitto selection, half the height of the species.

Height 20–24"

Zones 2–7

Eragrostis

spectabilis (Purple love grass)

This North American native of sandy soils produces masses of reddish-purple panicle blooms. Beautiful when planted in large sweeps.

○● Height 18–24" Zones 5–9

Erianthus (Hardy pampas grass)

ravennae (a.k.a. *Saccharum ravennae*)

A giant! Flower stalks soar high above handsome, gray-green mounds of foliage. Similar in appearance to *Cortaderia*. Moderately drought tolerant.

○ Height 5' 14' in flower Zones 6–9

Festuca (Fescue)

glauca Beyond Blue ('Casca11') PP23307

Absolutely the bluest fescue yet, even when summer heat browns out the rest. A European breakthrough from 20 years of meticulous selection.

○● Height 6–10" Zones 4–8

g. 'Boulder Blue'

Compact form with intense blue tufts of wiry, hair-like foliage.

○● Height 6–10" Zones 4–8

g. 'Elijah Blue'

The best-known ornamental fescue, and ours is the bluest 'Elijah' around! Silvery-blue foliage forms a small, dense mound with flower spikes rising a foot above.

○● Height 6–10" Zones 4–8

sp. Eilers Beauty™

Fine-textured matte green foliage. Adaptable to tough conditions, even dry shade. Tan seedheads on stiff red-tinged stems. Collected by Henry Eilers.

○●● Height 8–10" 20" in flower Zones 4–8

×'Cool as Ice' PP27651

Emerges light green in spring for a subtle bicolor effect as blades turn blue in summer. Vigorous, with good heat tolerance. Flower stems to 18".

○● Height 12–18" Zones 4–8

Hakonechloa (Japanese forest grass)

macra

Rich green bamboo-like foliage forms graceful cascading mounds. This solid green beauty is more tolerant of sun, drought, and cold than variegated forms.

●● Height 1–3' Zones 5–9

NEW! *m.* 'Albovariegata'

Rich green blades, elegantly accented with narrow, creamy white stripes. One of the more vigorous growers in the genus.

●● Height 24–30" Zones 5–9

m. 'All Gold'

Golden, ribbon-like leaf blades create a welcome bright spot at the edge of a shady area.

●● Height 14–20" Zones 5–9

m. 'Aureola'

Slow-growing, golden variegated grass for shade or container. Graceful, arching, flowing habit. Hints of red and pink in fall. **Perennial Plant of the Year 2009.**

●● Height 14–18" Zones 5–9

Helictotrichon (Blue oat grass)

sempervirens

Drought- and heat-tolerant evergreen grass with powder-blue foliage and tawny flower stems.

○●● Height 24–30" Zones 4–9

s. 'Saphirsprudel' (Sapphire Fountain)

Wider foliage and brighter blue coloring than the species. Also more resistant to disease, heat, and humidity, says Missouri Botanical Garden.

○●● Height 24–30" Zones 4–9

Imperata (Japanese blood grass)

cylindrica 'Red Baron'

Warm-season grass with translucent upright foliage. Emerges bright green with wine-red tips that spread downward until most of the blade is blood red by fall. **Ships FOB PA only.**

○● Height 12–18" Zones 6–9

Isolepis (Fiber optic grass)

cernua

Dense, mop-like mounds of fine, hair-like blades. Stunning at water's edge, in containers, or in a moist rock garden. Impossible to pass without touching!

○ Height 10–12" Zones 7–10

Erianthus ravennae

Festuca g. Beyond Blue

Festuca g. 'Elijah Blue'

Festuca sp. Eilers Beauty™

Juncus e. 'Big Twister'

Juncus t. 'Blue Dart'

Leymus a. 'Blue Dune'

Lomandra c. Wingarra

Lomandra f. Baby Breeze

Juncus (Rush)

effusus 'Big Twister' (Corkscrew rush)

Wow! Deep green cylindrical foliage twirls in bold, upright spirals, creating a unique modern look.

○ Height 18–24" Zones 5–11

filiformis 'Spiralis' (Thread rush)

Dark green, wiry foliage grows in a tangle of corkscrew spirals. A great bog or pond plant. Prefers very moist to wet conditions.

○ Height 14" Zones 5–11

inflexus (Fantastic Foliage™ Blue Arrows)

Strong, upright habit. This blue-green rush tolerates full sun and drought, yet can also be used as a pond plant.

○ Height 2–4' Zones 5–9

tenuis 'Blue Dart'

Tidy, compact, spiky sprays of narrow blue-green foliage. Loves wet feet but can tolerate a range of moisture levels. A.k.a. *J. inflexus*.

○● Height 12–18" Zones 3–9

Leymus (Blue lyme grass)

arenarius 'Blue Dune'

Metallic foliage, bluer and more tolerant of heat and humidity than the species. Tolerates sand, sun, and drought. Strong spreader, useful as groundcover.

○●● Height 3–4' Zones 4–9

Lomandra (Mat rush)

This attractive grass-like genus hails from Australia and New Zealand, where aboriginal people used it for weaving. Famously drought tolerant and low-maintenance once established.

NEW! confertifolia Wingarra ('SIR5') PP19049

Dense weeping tussocks of very fine blades, glaucous blue-green, with purple basal sheaths. Small yellow/orange flowers in spring.

●● Height 16–20" Zones 9–11

NEW! fluvialis Baby Breeze ('LM600') PP28260

Compact plants with narrow, dark-green leaves and small, light-yellow flowers in spring. Evergreen in very mild climates.

○● Height 16–18" Zones 9–11

Melinis (Ruby grass)

nerviglumis 'Savannah'

Showy pink flowers emerge in summer. Blooms carry well into fall. Showy as a container or garden specimen.

○ Height 18–24" Zones 9–11

Miscanthus (Maiden grass)

Miscanthus is a premier group of ornamental grasses, favorites of gardeners and landscapers for many years. The genus contains literally hundreds of cultivars. *M. sinensis*, the major commercial species, forms large clumps of leaves that grow upward, then cascade gracefully outward. The showy flowers are composed of many small spikelets with needle-like awns of beige, red, or pink. These finely divided parts catch sunlight to glow beautifully, especially when lit from behind.

There are three basic foliage options: Solid green, longitudinally variegated, and horizontally banded. Foliage may turn bronze, red, or gold in the fall, and holds up well through winter. Miscanthus can be used alone as specimens, or massed for screens, hedges, and backgrounds. The plumes make long-lasting cut flowers. Spring and fall are both appropriate planting times. Ideal conditions include full sun to bright shade, and fertile soil. They grow well near water, and require irrigation in hot, dry conditions.

×giganteus (Giant Miscanthus)

Magnificent upright clumps of wide green leaves. Flower stalks soar to 10'. Light pink plumes mature to silver. Infertile, won't self-sow. A bold garden statement.

○ Height to 10' Zones 4–9

×g. Alligator ('Lottum') PP20348

Sturdy, upright foliage heavily banded with bright gold. A sport of a very large species, sized to suit a wide range of landscapes.

○ Height 4–5' Zones 6–9

'Purpurascens' (Autumn flame grass)

Brilliant red-orange, late-season hue steals the show in the fall garden! A great selection for northern climates. Moist, well-drained soil.

○ Height 3–5' Zones 4–8

sinensis 'Adagio' (Dwarf maiden grass)

Neat compact mounds with prolific bloom production. Narrow green foliage arches nicely. Excellent selection for smaller gardens and large containers.

○ Height 4–5' Zones 6–10

Nassella tenuissima

Miscanthus (continued)

s. 'Rigoletto' (Japanese silver grass)

Compact, with strong, creamy-white and green longitudinal variegation. Growers love its outstanding pot performance. From Kurt Bluemel Nursery in Maryland.

○ Height 3-5' Zones 5-10

s. Scout™ ('M77') PP30402

Slender green blades with white midribs take on spectacular fall color. A selection from the UGA Infertile Grass Collection. **An ECG exclusive.**

○ Height 5-6' Zones 5-10

s. 'Silberfeder' (Silver feather grass)

Large, feathery seedheads rise high above graceful arching mounds of deep green blades with distinct silver midribs. Among the most cold hardy of the species.

○ Height 6-7' Zones 4-10

s. 'Strictus' (Porcupine grass)

Banded variegation of golden-yellow bars and stiff, upright growth habit call to mind porcupine quills. Tolerates a wide range of soils.

○ Height 7-9' Zones 5-10

s. 'Tiger Tail' PP21788

Uniform green- and yellow-banded blades. A cross of *M. 'Cosmopolitan'* and *M. 'Strictus'* yields a strongly upright, yet gracefully flowing stand.

○ Height 5-7' Zones 4-9

s. 'Variegatus' (Variegated Japanese silver grass)

A vintage cultivar, popular since the early 20th century. Arched white- and green-striped foliage creates wide mounds. Blooms mid-September.

○ Height 5-7' Zones 5-10

s. 'Zebrinus' (Zebra grass)

The original selection with golden horizontal bars. Habit is more relaxed/arching than that of *M. 'Strictus'*. Pinkish copper blooms appear in September.

○ Height 8' Zones 5-10

s. var. condensatus 'Cabaret' (Japanese silver grass)

Ultra-wide blades with creamy-white centers and dark green margins. Dazzles as a specimen, impresses in masses, charms in a vase, and wows in containers.

○ Height 9' Zones 5-10

s. var. c. 'Cosmopolitan' (Japanese silver grass)

Broad of blade, like 'Cabaret' but with exactly reversed variegation. Creamy-white margins surround deep green centers. Both thrive in well-drained soil.

○ Height 9' Zones 5-10

Muhlenbergia (Muhly grass)

capillaris

Soft clouds of delicate pink seed panicles float over fine, dark green, slightly glossy foliage. Mass for greatest effect in the garden. North American native.

○● Height 3' Zones 6-10

c. Fast Forward®

Speed ahead to increased sales with this **Emerald Coast Growers selection!** Flowering begins in August (late July in warm climates), significantly earlier than others. Glowing orbs of delicate sunlit purple flowers dance over symmetrical, compact mounds of fine, flat foliage. More refined in shape than any other muhly.

○● Height 24" Zones 6-10

c. 'Pink Cloud'

Glittering clouds of vivid pink flowers. Open and airy as the species, but taller and more uniform in bloom.

○ Height 3' Zones 6-10

lindheimeri

A heat-lover from Texas. Fine, blue-green leaf blades create a stunning mound. Thick, white flower plumes emerge in September. North American native.

○● Height 3-5' Zones 6-10

reverchonii Undaunted® ('PUNDOIS')

Showy glistening flower spikes, a great "see-through" planting. Hardier than most of the genus—can survive winters as cold as Zone 5! Native to TX and OK.

○● Height 2-3' Zones 5-9

Nassella (Mexican feather grass)

tenuissima

Very fine, thread-like green foliage ends in straw-colored seedheads. Deceptively delicate-looking. A cool season grass, evergreen in mild regions. Drought tolerant. American native.

○ Height 18-24" Zones 6-10 with well-drained soil

Panicum (Switch grass)

amarum 'Dewey Blue'

Outstanding powder-blue blades and pale blue flowers. Lovely, and useful in dune stabilization. Named for Dewey Beach, DE. North American native.

○ Height 5' Zones 5-9

virgatum

A warm-season native of tall grass prairies, sturdy and low maintenance. Attractive yellow fall coloring. Tolerates a wide range of soils. American native.

○ Height 4-8' Zones 4-10

v. 'Cloud Nine'

One of the taller switch grasses. Blue-green leaves and an upright habit. Turns an attractive dark-gold in autumn. Tolerates a wide range of soils. An American native.

○ Height 7' Zones 4-10

v. 'Dallas Blues'

Soft, pastel-pink seedheads over wide blue leaves. One of the best. An American native.

○ Height 5-6' Zones 4-10

v. 'Heavy Metal'

Glaucous blue leaves and a strongly upright form create a formal appearance that's softened by its delicate seedheads. Tolerates a wide range of soils. An American native.

○ Height 5' Zones 4-10

v. 'Hot Rod' PP26074

Start your engines! This **Emerald Coast Growers selection** revs up into the red zone earlier than other switch grasses. Firmly upright blades emerge blue-green, reddening rapidly until the whole plant is a rich, deep maroon. An American native.

○ Height 36-40" Zones 4-10

v. 'Northwind'

Hazy red flower panicles float over wide, steel-blue foliage. Golden yellow in fall. A strong, fast, upright pick by Roy Diblik, Northwind Perennial Farm. **2014 Perennial Plant of the Year.**

○ Height 7' Zones 4-10

v. 'Prairie Sky'

Less upright and a bit bluer than 'Heavy Metal'. A hovering haze of sandy-colored flower spikes in fall. Grows in a wide range of soils and moisture levels.

○ Height 5' Zones 4-10

v. 'Rotstrahlbusch'

Upright and arching, this cultivar has nice touches of burgundy-red color in autumn. May retain green coloring in hotter climates. Tolerates a wide range of soils.

○ Height 4' Zones 4-10

v. Ruby Ribbons™ ('RR1') PP17944

Soft blue-green leaves turn to wine-red upright clumps, darkening through the season. Stays blue at base. Late-summer flowers and ornamental seedheads. Bred by Dr. Mark Brand, University of Connecticut.

○ Height 4' Zones 4-10

v. 'Shenandoah'

Deep green foliage gradually reddens to deep burgundy by September. Valued for its tight clumping habit and hazy flower and seedheads. Tolerates almost any soil.

○ Height 4' Zones 4-10

Pennisetum (Fountain grass)

×advena 'Rubrum' (Purple fountain grass)

Top seller. A rapid grower and prolific bloomer, with rich burgundy foliage and foxtail-like flowers. A tender perennial that's everything an annual should be!

○● Height 3-5' Zones 9-11

CELEBRATION Series

×a. 'Cherry Sparkler' PP22538

A spectacular sport of 'Rubrum'. Pink blush overtakes the white- and green-striped leaves as light levels increase. Red-burgundy plumes.

○● Height 2-3' Zones 9-10

×a. 'Fireworks' PP18504

A 'Rubrum' sport with a flair and a flare! Jaw-dropping variegated foliage with burgundy midveins and hot pink margins. Discovered by Ron Strasko, this grass rocketed to stardom worldwide.

○● Height 3' Zones 9-10

alopecuroides

Narrow green leaves in soft, arching mounds. A staple among cold-hardy fountain grasses. Green seedheads become large, golden brown foxtails in fall.

○● Height 2-4' Zones 6-9

Pennisetum (continued)

a. 'Burgundy Bunny' PP21917

Clumps of fine green leaves with red accents in summer, topped with creamy-white bunny-tail flowers. Red spreads until the entire plant is ablaze in autumn.

Height 18"

Zones 6(5)–9

a. 'Cassian'

A slightly smaller *P. alopecuroides* with superb fall hues, turning golden with red-orange tints. A great dwarf selection for cooler regions.

Height 3'

Zones 6(5)–9

a. 'Ginger Love' PP26442

Thick, red bottlebrush inflorescences rise from rich green blades in uniform mounds. Blooms August–October.

Height 2–3'

Zones 6(5)–9

a. 'Hameln' (Compact fountain grass)

One of the best and best-known fountain grasses for mass plantings. Seedheads open greenish-white, maturing to creamy tan.

Height 2–3'

Zones 6(5)–9

a. 'Little Bunny' (Miniature fountain grass)

Foxtail flowers just 2" long on neat little mounds. Excellent for massing in smaller gardens, rock gardens, and pondside.

Height 10–12"

Zones 6–9

a. 'Piglet' PP19074 (Dwarf fountain grass)

Smaller than 'Hameln', bigger than 'Little Bunny'. Cute, floriferous and easy to grow. Selected by Brent Horvath, Intrinsic Perennial Gardens.

Height 18"

Zones 5–9

a. 'Red Head'

Blooms up to a month sooner than others, with smoky purple flowers to 10" long and 3" thick! Graceful green foliage turns gold in fall. An Intrinsic Perennial Gardens selection.

Height 4–5'

Zones 5–9ay

a. 'Yellow Ribbons' PP31362

Slender golden foliage mellows to chartreuse/yellow late in the season. Pale tan flowers August–October. An Intrinsic Perennial Gardens introduction.

Height 24"

Zones 5–9

UGA INFERTILE GRASS Collection

Infertile selections from University of Georgia. These handsome, functionally sterile tetraploids are bred to flower longer than others, and will not reseed.

Height (as shown)

Zones 5–9

a. Cayenne™ ('Tift PA18') PP31097

Big, dark-red bottlebrush plumes rise above mounds of rich green arching blades. Won't self-sow. Very long bloom time. Height 24–36"

a. Etouffee™ ('Tift PA17') PP31062

Light pink foxtail plumes rise over graceful arching mounds of bright green foliage. An infertile variety that flowers spring to fall and will not reseed. Height 42"

a. Hush Puppy™ ('Tift PA5') PP31027

Tasty! Long-lasting pink plumes spray high over rounded mounds of slender foliage. A long-flowering infertile selection that won't reseed. Height 30"

a. Jambalaya™ ('Tift PA19') PP31176

Elegant upright/arching habit. Produces copious quantities of slender maroon plumes that mature to pink/silver. A long-flowering infertile variety that won't self-sow. Height 38"

a. Praline™ ('Tift H18') PP30724

Large flowers rise well above compact mounds of arching foliage. A long-flowering infertile variety that won't self-sow. Height 15", 30" in flower

messiacum 'Red Buttons' (syn. Red Bunny Tails)

Green foliage with burgundy highlights. Beautiful red blooms lighten to buff-white as they mature. Prefers well-drained soil. Semi-evergreen.

Height 18–24"

Zones 7–9

orientale 'Karley Rose' (Oriental fountain grass)

Tall, deep green arching foliage. Rich rose pink flowers. A truly distinctive variety selected at Sunny Border Nurseries.

Height 2–3'

Zones 5–9

setaceum (Tender fountain grass)

Green foliage forms an arching, slightly upright mound. Attractive soft purplish-pink blooms make excellent cut flowers. A tender perennial.

Height 4–5'

Zones 9–11

Pennisetum (continued)

The ROYAL Collection (Ornamental Napier grass)

Purple fountain majesty! These noble selections boast rich, dark purple/bronze foliage, in a range of sizes to reign supreme in any landscape situation. Breeder Dr. Wayne Hanna, University of Georgia, named 'Princess Caroline' for his granddaughter. Vigorous plants thrive in heat, becoming darker and more regal in color as summer progresses.

hybrid First Knight™ ('Tift 10') PP25515

None shall pass without admiring the deepest, darkest, blackest blades in the realm. Noble stands of staunchly upright leaves in center, arching at the edges.

Height 48–54" Zones 8(7)–11

hyb. Majestic™ ('Tift 40') PP25518

Long, broad leaves of rich purple-red flow gracefully.

Height 6' Zones 7–11

hyb. Noble™ ('Tift 114') PPAF

Big and bold, dark and dense, tall in stature, broad of blade and habit. A benign ruler of the sunny garden.

Height 6½' Zones 7–11

purpureum 'Prince' PP18509

Dappled blades grow ever-deeper purple, unlike many that fade in summer heat. Fuller, faster growth than other purple grasses. Flowers only in frost-free winters.

Height 5–6' Zones 7–11

p. 'Princess' PP17728

Similar in color and habit to 'Prince', but with a more petite, ladylike form.

Height 3–4' Zones 7–11

hyb. Princess Caroline™ ('Tift17') PP21464

Brilliant purple foliage is highly disease resistant. Sturdy habit makes for great garden presence. A must-have!

Height 4–5' Zones 8(7)–11

hyb. Regal Princess™ ('Tift 15') PP25517

Similar to 'Princess' with improved purple color and enhanced disease resistance.

Height 3–4' Zones 7–11

hyb. Royal Lady™ ('Tift 11') PP25514

Blades emerge green, then darken with heat and sun to maroon and finally royal purple with red midrib. Assertively upright, yet full and graceful.

Height 4–5' Zones 7–11

Pennisetum First Knight™

Pennisetum Majestic™

Pennisetum Noble™

Pennisetum p. 'Prince'

Pennisetum p. 'Princess'

Phalaris (Ribbon grass)

A classic garden beauty since Victorian times. Soft, relaxed vertical foliage is lovely and natural-looking. Moisture-loving; thrives streamside, pondside, and in containers.

arundinacea 'Dwarf Garters'

White-striped, variegated leaves turn pink in cool weather. Seedheads emerge white and turn brown in late summer. More upright and "well-mannered" than some.

Height 12–15" Zones 4–9

a. 'Picta'

Tallest of the species, 'Picta' is creamy-white and green. Its clean, bright look makes an eye-catching addition to a shady spot.

Height 2–3' Zones 4–9

a. 'Strawberries and Cream'

Pretty in pink! Foliage is nearly all white with narrow green stripes until cool weather, when the white blushes coyly.

Height 2–3' Zones 4–9

Pennisetum Princess Caroline™

Pennisetum Regal Princess™

Pennisetum Royal Lady™

Phalaris a. 'Picta'

Schizachyrium (Little bluestem)

scoparium

A clump-forming, fine-textured grass. Resilient and tolerant of varied soils, it's a natural for managed meadows. North American native.

Height 2–4' Zones 3–10

s. 'Blaze'

A multitalented, fine-bladed native selection: striking vertical effect when planted in masses, with stunning fall color of reds and oranges in garden or container.

Height 2–4' Zones 3–10

s. Blue Heaven™ ('MinnblueA') PP17310

Deep-blue blades tinged burgundy, taller and more erect than the species. Fall tones of red, pink, blue, purple and orange. A University of Minnesota selection.

Height 3–4' Zones 3–9

Phalaris a. 'Strawberries and Cream'

Schizachyrium s. 'Blaze'

Schizachyrium s. Blue Heaven™

Schizachyrium (continued)

<p>s. 'Carousel' PP20948</p> <p>A dwarf, semi-mounded form selected in Illinois. Leaves and flower stems turn copper, pink, tan, and orange-red in fall. A tough, drought-tolerant American native.</p>	○	Height 30"	Zones 3–9
<p>s. 'Jazz'</p> <p>A sport of 'The Blues', sporting blue and purple hues with wine-red licks, just as cool, hot, and tolerant, but shorter. Silver plumes turn tawny.</p>	○	Height 24–30"	Zones 3–9
<p>s. 'Prairie Blues'</p> <p>Pewter-blue ribbon-like foliage bears silver seedheads in late summer. Orange highlights in autumn.</p>	○	Height 3'	Zones 3–9

We love to say yes!

Not so long ago, a good catalog, a phone and a fax machine were enough to keep you, your orders and our inventory up-to-date. Throw in a few trade shows, and we had a total market presence.

But the 21st century moves at a faster clip, and information must keep up. So we're constantly exploring new ways to meet you where you are, with the product and the data you need to compete. We love to say Yes! to you.

www.ECGrowers.com

Our website anchors our internet presence. Visit www.ecgrowers.com to:

- Check current and future availability, updated daily
- View informative (yet watchable) videos on a range of growing topics
- Order starters and picture tags right from your keyboard, phone or mobile device
- Subscribe to our popular monthly e-newsletter, *Coastal Current*

Social Media

Personalize your ECG connection. See what's growing on at our production ranges, South and North. Find out why so many growers like us, link us and friend us.

Everything we do, every new channel we explore, every bit of bandwidth we stake out, is geared toward just one goal: To get closer to you, where we can help you make the most of every season.

Coastal Current

Our in-house, out-there, relevant / irreverent monthly e-newsletter by the guy Dr. Allan Armitage calls "the best writer in horticulture," our Marketing Manager John Friel.

Pennisetum xadvena 'Fireworks'

A picture says a thousand words.

Plant tags have tremendous power. A plant in its prime at the height of the season will sell itself, but tags help close the deal anytime. Our color picture tags make your ornamentals' potential tangible, showing your customers a beautiful, mature plant even when the real thing isn't at its peak. Finally, tags aren't just a pretty face: they provide the practical growing information your customers need to succeed.

Ask for picture tags with your next order.

Price .14 each

Clear, solid, rosy-pink flowers. Bred for dense branching, neat, dwarf rounded habit, and a lavish flourish of big, showy flowers 6-8" across. Thrives in heat, even in muggy southern summers.

Fleurs rose clair. Cultivé pour sa ramification dense, son joli port arrondi nain, et pour ses somptueuses grandes fleurs éclatantes, de 15-20 cm de diamètre. Se plait à la chaleur même durant les étés humides du sud.

Fax Toll Free: 866.822.5478

email: sales@ecgrowers.com

Online: www.ecgrowers.com

Phone: 850.944.0808

WHEN ORDERING, PLEASE INCLUDE:

- Business name
- Contact name
- Billing address
- Shipping address (Not a P.O. Box)
- Phone and fax numbers
- Email address
- Requested ship date
- Preferred shipping method
- Method of payment
- Include picture tags with order, Y/N

PAYMENT TERMS

For customers with credit already approved by ECG, terms are Net 30 days. A finance charge of 1.5% per month is added to past-due invoices.

If you do not have an account and wish to establish credit, please call our office.

We accept American Express, Discover, MasterCard, Visa and PayPal.

Due to the nature of our products, we cannot accept COD orders.

Prepayment by check or money order is welcome, but please, always check availability before mailing payment. All prices and products are F.O.B. Pensacola, FL, or F.O.B. Lancaster, PA.

MINIMUM ORDERS

Our minimum order is just one (1) tray.

PHYTOSANITARY CHARGES

All orders shipping to Canada or other countries require an additional fee of \$50 for Phytosanitary documents.

VOLUME DISCOUNTS

Volume discounts apply to the cost of plants, not to freight, packing, royalties, or any additional charges incurred. Discounts are per order.

25 + trays = 6% off list	150 + trays = 12% off list
50 + trays = 8% off list	200 + trays = 14% off list
100 + trays = 10% off list	

Or you can inquire about our seasonal discount option.

GUARANTEE

We guarantee our plants to be true-to-name and viable upon arrival. Our liability is limited to the purchase price of the plants.

CLAIMS

To serve you better, if there is a problem with your shipment, please contact us promptly. We want to identify and resolve any problems.

If boxes or plants are visibly damaged on arrival, note the damage with the delivery driver, then notify us.

The best way to communicate the problem is by email, with a description and picture(s) of the plant material in question. Cell phone pictures are fine. Email to your broker representative, and/or directly to Emerald Coast Growers at sales@ecgrowers.com.

In all but the most extreme cases, accept the delivery and keep a record of any losses. We will handle claims with the carrier as necessary, and arrange credit and/or replacements.

DORMANT PLANTS

In winter and early spring, you may open our boxes and find starters with brown leaves, or even no leaves. What's wrong? Probably nothing. Your plants are simply dormant.

Perennials rest in winter, storing precious energy in their roots, ready to push out new growth when warm weather returns. It's natural for foliage to turn brown or drop off. **Examine the roots.** They should be firm and fleshy, not soft and mushy.

Most perennials benefit from a cold period, and some absolutely require it to flower. Vernalized plants often out-perform those that have had it too soft. If you're unsure, just wait. Keep your trays evenly moist, NOT sopping wet, in a warm, bright house. When clear signs of life appear, pot up as usual.

Don't frown at the brown. Brown is beautiful. Like the rest of the world, your starters will be lush and green again before you know it.

CUSTOM GROWN ORDERS

Don't see what you want in a size that suits your needs? We will custom grow, year-round, many perennials and ornamental grasses in sizes other than our spec production. Quantity restrictions apply.

Please call or email your request. We will provide a price quote and earliest ready date for your order.

SHIPPING

BOXED SHIPMENTS

We pack every box at maximum safe capacity for the lowest possible landed price. Boxes may contain one, two, or three trays depending on product. Add \$3.00 per tray packing charge. Boxed shipments are delivered by FedEx and UPS, F.O.B. Pensacola, FL or F.O.B. Lancaster, PA.

ONE-WAY WOODEN RACKS

For larger orders we use wooden racks, delivered by common carrier. Add \$3.00 per tray packing charge. Call for a freight quote, F.O.B. Pensacola, FL or F.O.B. Lancaster, PA.

GROWER TRUCK

Our trucks are climate-controlled for the best possible plant quality delivered to your door. Local and long-distance delivery are both available. Minimum orders apply. Packing charges do not apply. Call our office for a freight quote.

CUSTOMER PICKUP

Orders may be picked up at our Pensacola, FL headquarters or at our Lancaster, PA growing location. Unless you need your order boxed, there is no charge for pickup orders. Boxing is available at \$3.00 per tray.

Since we assemble your orders from our multiple growing locations, **pickups must be scheduled in advance.** Our office will call to arrange a convenient time, so your order is ready when you arrive.

RESTOCKING FEE

Orders canceled within 3 days of requested ship week are subject to a restocking fee of \$250 or 20% of invoice, whichever is less. Transferred orders not picked up within 2 weeks of requested ship date will be canceled and subject to restocking fee.
